

20 JUN 08

Hail Gregory! Thanks for your thoughtful & thought-provoking letter of 12 JUN 08. I receive few such letters from correspondents inside our ZOG-gulags, not to mention outside thereof. Much of my stimulus for thinking & writing comes from correspondents such as you, as well as the jewsmedia, if only to know what ZOG says, whether it be true, false or somewhat in between. It is not surprising that the majority of Zoglandia's denizens whose sole source of stimulus derives from the jewsmedia would have any cogent thoughts, any more than a car can run on sewage pumped directly into its gas tank. Thinkers are rare indeed.

I had the opportunity to attend a local "Grassroots" meeting here on 18 JUN 08. This group claims to resist ZOG's imposition of its North American Union of Canada, USA & Mexico. This group is made up largely of Freemason-Goy-herders & Anglo-mestizos, whose guest-speakers tout ZOG's line of commerce first, community never. All denounce (White) racism, but non-White racism is 'kosher' amongst Mexicans (La Raza Unida) & so-called Indian Nations, so the 'fix' is in, since the founding of the group. All support the continuity of our Founding Felons' multi-racial republic of the rich, as long as they perceive any personal benefits therefrom. What they don't like to hear from me is that the NAU is the logical outcome of Zionist bankster rule, which was attempted by the slave-owning states in The Civil War, & touted by Woodrow Wilson's jew mishandler, "Col." Edward Mandel House, prior to World War I, as revealed in House's book, "Philip Dru, Administrator." The dilemma for Grassrooters is that they 'love' the USA, but hate its illegal immigration/amalgamation policies, while endorsing its system of government. This strikes me as a vending machine customer who loves the machine & its mechanism, but who hates the items it sells. Go figure.

So much for trivia. On to your great letter: Sad to say, The Protocols of Zion are more pertinent today, as the Zionists (jew-supremacists) have achieved their objectives in war after war, which we have fought against ourselves, on behalf of jewish profits & power. That is why economist Werner Sombart said, "Wars are the jews' harvests."

Mailer's observation of the existence of "a network of informants" harks back to the jews' Freemasonic "All-Seeing Eye," as depicted on The Great Seal of the USA, the eye above the pyramid, seen on the back of the \$1 bill, or zogbuck, which was drawn originally by my relative, Charles Thomson, who was obviously a member of the Judeo-Satanic-Freemasonic 'craft.' Freemasons' lodges were a means of guiding & supervising Goyim by means of other Goyim, with Rothschild-bankster backing. Now that Goyim are being impoverished & have no spare time, the number of Freemasonic Whites has diminished, so a typical White Freemason is aging & dying off. That's why ZOG is using electronic surveillance to make up for the lack of actual eyes on the Goyim, in particular White Goyim (Gentiles). King George (Bush II) spoke today on the radio, urging CONgress to pass his desired electronic surveillance legislation, so as to legalize what was formerly illegal: an ex post facto law, which is specifically forbidden by Section (9) Paragraph 3 of the U.S. CONstitution. Usually, an ex post facto law would declare someone to be guilty of doing something which was legal when he did it, such as holding gold money before FDR demonetized U.S. gold coins in 1933. An ex post facto law would allow retroactive punishment for anyone possessing gold legal tender BEFORE the date it was made illegal! Now Bush wants to make it retroactively legal to do what was illegal before the passage of the surveillance law Bush wants now.

Incidentally, the kosher food tax violates Paragraph 5 which prohibits taxation of exports from any state, as well as violating the First Amendment prohibition of establishing a religion. The power to tax goods in interstate commerce is the right of jews only.

I'm beginning to suspect that the author, Mailer, is not Norman Mailer, who may be dead, if I heard the news correctly. That Mailer is the only writer of that name I've ever heard of. My major criticism of him is that he should know the USA was not & is not a "democracy." In other words, we are attempting to impose, with force, something on other peoples which we are not & never were. To seek to impose "democracy" on others means that we are either fools or frauds, without wisdom or moral rectitude. Such a population should be locked up as idiots & as criminals, as dangers to themselves & to others.

Little by little I learn from prisoners & former prisoners that they are debt-slaves, inside & outside the ZOG-gulags, just like the Goyim who were never in the gulags, but who willingly put on their chains of debt like the fools they are. My parents were debt-slaves, in constant pursuit of the almighty dollar. They led miserable lives of quiet desperation, behaving as if something horrible were pursuing them, & was gaining on them. When I was 10 I asked my Mom, "Why don't we own anything? What are we afraid of?" I told her that I pro-

posed to turn around & face this bogeyman, for Hebrew movies taught me that the visible bogeyman was less frightening than the invisible one. Around that time, my parents referred to me as "the old man," for in some respects, I was more mature than they were. I've never regretted being myself, instead of aping some mythical "Joneses," as my Mom tried to do. Dad & Mom both accused me of "being born 50 years old." Well, I never enjoyed being a little kid, for I always wanted to do things big people could do. As an adult I did everything I wanted to do when I was a kid, & then some. I always managed to live beneath my means, so I had a bum's economy, but a reasonable standard of living to achieve those goals which I wanted, rather than the "Joneses."

As you noted, jews have adopted many alien religious practices, & Christianity likewise, so as to obtain more & more converts. Ironically, Christianity has also been converted to various "pagan" practices, as with the imposition of jewish labels on the Aryan solstice celebrations of Yule & Easter. This Christian practice of incorporating non-Christian doctrines & deities is most blatant in variants of Voodoo-Christianity in Latin America, such as Santeria (Saintery) which incorporates Voodoo loas or gods as saints, along with human & animal sacrifices, as well as curses. I suppose "Wiccans" do similar adulterations via incorporating jewish demons like Astarte & Lilith, which I'm told were taken from Babylonian cults. Scholars note <sup>of</sup> many Jesus' alleged statements were pirated from Buddha.

As you also observe, one man's "terrorism" is another's "patriotism." What is war, but a legal form of crime: Murder, theft & destruction of others' property? What is immigration, but a form of invasion? As a former soldier, I view anti-social behavior as acts of war, & criminals as enemy combatants, worthy of the same punishment as enemy combatants in war. As you can understand, most criminals/combatants are not inmates of the ZOG's gulags, but are making policy in The District of Corruption & Corporate Racketeering, including The Federal Reserve. We certainly need lots of justice!

As far as I know, The Barnes Review address is still valid, for I still receive that publication.

ORION! = Our Race Is Our Nation! DOWZ! = Down With ZOG!

I enclose the full text of my letter to a Jehovah's Witness missionary in Saudi Arabia. Thanks for your interest. My religion is something felt, in harmony with my being, since I am a creature of The Universe, a part thereof, with no illusion that I am an adversary thereof, like some Semitic demonic deity. All parts of The Universe serve the interests thereof, whatever they may think of themselves. As I wrote in my short essay on The Aryan Overview of Evil: Evil = Error. If we always seek Truth, then we can correct our errors. For Aryans, the origin of sin is ignorance. As the jew, Kafka, wrote: "Innocence in a child is touching, but innocence in an adult is evil." The Ancien Aryans wrote in The Bhagavad Gita: "From the corruption of women proceeds the confusion of races; from the confusion of races, the loss of memory; from the loss of memory, the loss of understanding, & from this, all evil." An anti-Zionist jew declared: "God is Truth!" I agree with that statement. As I said to the J.W. cultist, I did not get my religion from any book, nor any spoken word, but from experience. When I do right, I get support from many quarters, unasked. I therefore trust my feelings in regard to my actions, based on my experience. If I did anything else, I'd be an ignorant fool. Prayer for oneself is blasphemy, for it seeks to impose one's folly on the Wisdom of the Universe. As some sage advised: "Be careful what you wish for. You may get it." I ask not what The Universe can do for me, but what I can do for The Universe, of which we are all creatures, down to the smallest grain of sand & atom.

When I visited Jew Yawk Shitty, as some pronounce it, I met James Madole, a practitioner of "occultism." He enthused about his discovery of the Kabbalah or Cabala, as appears in The Babylonian Talmud, according to which The Universe is a great being: Adam Cadmon. By using cabalistic formulae, men can manipulate The Universe for their own immediate gain, he said. I thanked him for finally defining True Evil. I told him that he just described wee, finite beings behaving like cancer cells in a human body. Cabalism = the cancer of The Universe. Madole proclaimed: "As above, so below." Three months later, he died of cancer. Knowledge, like gold, is where you find it.

Strength through Joy to you. ORION!
