LOOK, KID, HOW NATURE IS VARIED, WITH ALL THE MANY TYPES OF PLANTS, FLOWERS AND TREES...

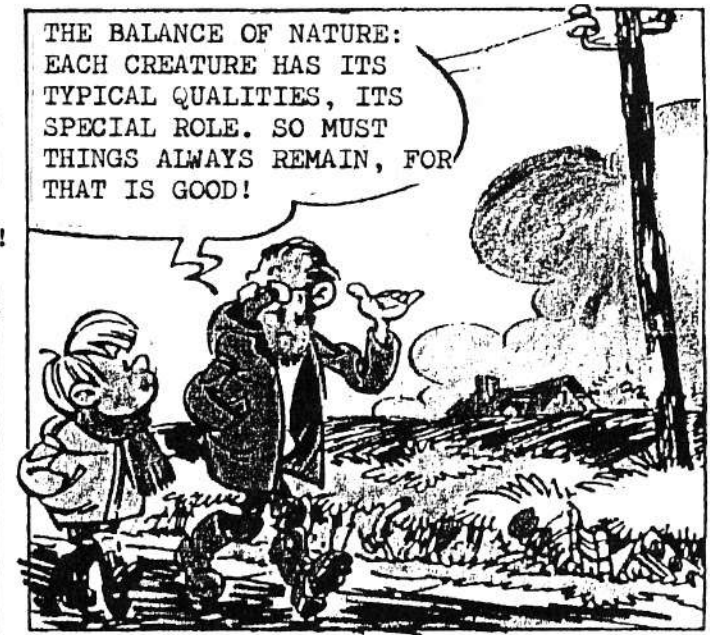

...AND THE MANY TYPES OF INSECTS: THAT FLY, CRAWL AND JUMP. EACH HAS ITS OWN TERRITORY IN THE STRUGGLE FOR LIFE...

...AND ALL THE DIFFERENT TYPES OF BIRDS AND MAMMALS! ALL THIS VARIETY SUSTAINS....

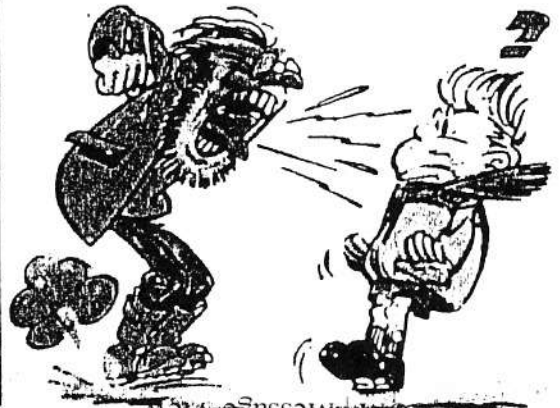

THE BALANCE OF NATURE: EACH CREATURE HAS ITS TYPICAL QUALITIES, ITS SPECIAL ROLE. SO MUST THINGS ALWAYS REMAIN, FOR THAT IS GOOD!

THAT'S CLEAR, PAPA, NOW I UNDERSTAND WHY THERE ARE SO MANY DIFFERENT PEOPLES AND RACES.

THERE ARE NO RACES, RACIST!

Dear Tom: Thanks for your cogent thoughts of 4 Jewlie 08! The Satanic Seed Line of Israel Idolaters would seem as consistent as that of the jews who claim to be the only "humans," thereby lumping the rest of former humanity into the category of Goyim (soulless, two-legged beasts). The problem is that Idiot Identity freaks include Jesus with their neo-Judaism, & Jesus was, in his own words, a race-mixer, as well as his jew promoter, Paul alias Saul. Jews teach that all Goyim are out to get them, so they must slay Goyim first, by paying Goyim to kill other Goyim. Such a deal!

Yes, if all men are created equal, why shouldn't they all be treated the same? The drunken hypocrite, Jefferson, put that in the preamble of his Declaration of Independence. When he sobered up, he stated: "The equal treatment of unequals is the worst of inequality!" Jeff should have stuck to his drinking & avoided his mischievous scribbling. Apparently, he believed that the Blacks should be freed, to live amongst themselves, but not before Jeffy got what he wanted from them, including a Black mistress.

It would be great if Whites could blame non-Whites/Satan for all our misfortunes, but non-Whites would not be at our throats, were it not for White assistants, such as Jefferson et al. In other words, no race has a monopoly on evil, nor good, from what I gather, throughout history. The outcome of folly is evil, so where do we draw the line between folly & malice? The ancient Aryans identified the source of "all evil" as "the loss of understanding." When Whites don't understand, they are capable of inflicting evil upon themselves & upon others, including their own environment, as we see presently in America.

I view the Blacks as one would view logs strewn in one's path. We can curse the logs, for they impede our progress & cause injuries when we bump into them. But who put them in our way? WE DID! Who now put the mestizo bandidos into our society? White rascals who employ them. A White Nationalist government would bring such traitors to justice, as befits traitors.

As you say, there is a fundamental inertia in Black culture, as if they were waiting for 'Massah' to provide them with goodies & entertainment. My experience in traditional Black tribal society taught me that Blacks are very authoritarian. To ask "Why?" is deemed impudence. The reason why does not exist for Blacks, only the order to do so & so. I saw this lack daily during my rifle inspections, for my Black troops did not understand why their rifles should be clean, so as to fire properly. The only way I could make them clean their weapons was by ordering those with dirty weapons to double-time around the perimeter of the fort with full field packs & their rifles at high-port. Hence, dirty rifle = exertion in hot sun. No comprehension that dirty rifle could blow face off when fired. One White householder told me that his garden boy asked to borrow his umbrella, for it was raining. The 'boss' wondered why he needed to go out into the rain, so he looked outside. The garden boy was watering the lawn with a hose, as the rain pelted down. The White boss asked, "Why are you watering the garden in the rain?" The Black replied, "Thursdays you said to water the lawn, boss." I shake my head & rest my case.

In Latin America, the Jesuits wanted to create an "American (mestizo) race" which would be loyal to the Jesuits, rather than to Spain or Portugal. In North America, Jefferson wanted to create an "American (mestizo) race" which would be loyal to the Founding Felons, rather than to king or tribe. This may account for the unbridled savagery with which "American troops" waged war against their European relatives, & for their reptilian attitude toward White culture & aspirations in North America. It also explains the large percentage of "White" Americans who suffer Asiatic diseases such as obesity, heart disease & diabetes, as compared to White Britishers whose diets & lifestyles are similarly toxic. One NPR-ess opined that the Brits "walk more than do Americans." Well, if that's the reason, our Anglo-mestizos got lots o' walkin' to do, although one Yakama Injun said tribal dancing could do the trick. Time for the soundtrack: "Thud, thud, thud; woo, woo, woo, &c. If one cannot relate to such stuff, he may be White, after all, for race is expressed in culture as well as biology.

I believe that all human problems stem from man himself, so they are comprehensible & therefore solvable. Of course, specimens who don't ask why cannot begin to understand anything. For them, it is sufficient to know how to get food & sex. Let Whitey worry about the rest, 'cause dat's why he be here. As one White man noted: "Liberalism kills." I view Blacks as predators, so I treat them accordingly. I think they see me as a predator, also, & that's how we get along, best at a distance. As you observe, ZOG wants Babel, but will the jews enjoy the results? Stay tuned. Same bat time; same bat station. DOWZ! ORION!
