

9 Jewlie 08

Dear Phil: Many thanks for your letter of 6 Jewlie 08 & the great enclosures!

As I see it, Colombia is part of ZOG's empire, which is fully integrated into its dope trade, ever since the 1970s. The existing bandit/rebel groups have been incorporated into the drug trade, so they may be evolving from narco-terrorists into narco-traffickers. In Mexico, the reverse is true: Their narco-traffickers have become narco-terrorists, & are engaged in civil war with the Mexican narco-regime. Basically, it is a gang turf-war, as occurs in Brownest Yakima. The USA wants to use Colombians as ground forces in a possible war against Venezuela's Chavez regime. Stay tuned.

There can be no independence for countries whose population birthrates are out of control, as in Latin America; nor can there be independence when their rulers are part of the kosher capitalist nexus of exploitation, as mentioned by Noam Chomsky in his book, "The Washington Connection & Third World Fascism," which partially revealed aspects of my own research in Latin America during the kosher "Cold War."

The jewsmedia prate of "collapse" in Zimbabwe, as they studiously omit the Chinese influence & presence so well known to South African newsmedia. I doubt that Mugabe will fall, unless the Chinese have a new Black frontman to replace him. Africa is up for grabs, & the Chinese have long intended to grab it for themselves, at least since the 1960s, when they pulled the Indian "peace-keepers" out of the Belgian Congo via a 'demonstration' on the India-Chinese border. Zimbabwe has already collapsed into anarchy, famine & bloodshed. Those factors drove out the surplus Black population, for the benefit of Chinese interests. I doubt that China will be swayed by any amount of jewsmedia crocodile tears. Unlike Judeo-American mongrels, the Chinese know who they are, & they know what is in their interests, at least for the next 1000 years. Compared to them, we are indeed "the monkey people," a bunch of jibbering fly-by-nighters, whose attention spans are restricted to their quarterly balance sheets. Does ZOG want war with China? I think not.

The collapsing U.S. economy is indeed "the dog which didn't bark in the night." The jewsmedia are treating the subject as they did with AIDS: The plague has not gone away, but the jewsmedia's attention has. As I see it, the kosher caper is to sound dire warnings & lamentations before the situation becomes sufficiently bad that even Goyim can comprehend it. By that time, the attention spans of the Goyim have become fatigued, so when the dire news becomes fact, the cattle are apathetic, just as ZOG wants them to be. It's the old ploy of crying "wolf."

The interesting religious download on The Jesus Scam shows how any cult can serve a ruler. Saul alias Paul wished to use Christinsanity to destroy Rome, with its end-times pacifist message. Constantine used it to goad his army into battle, & to worship temporal rulers like himself. Indeed, religion can be all things to all men, at any given time. Research has revealed that Jesus' alleged words were stolen from Buddhist texts. Such a deal! If we examine recent history, we see how rapidly Christinsanity morphed from its exclusive claim to salvation into its present universal tolerance, in effect, adopting a new god. So much for this cult of Judaism for Goyim.

Brownest Yakima is catering to the "upscale crowd," so its hotel accommodations have improved accordingly, if prices are any indication of improvement. Of course, all prices have risen because of inflation, so quality is hard to judge. One can pay more for bedbugs, thanks be to ZOG.

My current problem as to scheduling any free time relates to the pending home-invasion trial, at which I'm subpoenaed to testify as witness. Now that I'm retired, my time is subject to interruption at very short notice. A Christinsane neighbor, whom I helped to move in, & who has since left, accused me of stealing his coin collection during his move. That required me to take & pass a lie detector test at the local copshop. Of course, the Christ-eater lied, but you can see how anything can take up my time. Christians are liars & scum, in my experience. If I ever meet a decent one, I'll let you know. Meanwhile, all plans must be on 'hold,' until further notice.

This area has been fortunate in its weather, unlike most parts of Zoglandia. As one Yakimoron said, "It is credibly caliente," referring to our 100°+ recent temperatures. Yakima gained the title of "All-American City" because English is not the predominant language. There is, of course, "Spanglish," as above, but I get by with plain Spanish. We are officially bilingual in all government offices. As you can imagine, the poor Anglo-mestizos are awash in a whirlwind of change, which is beyond their ken. It is said that optimists learn Spanish & pessimists learn Mandarin. DOWZ! ORION!
