

21 Jewlie 08

Dear Phil! Many thanks for your letter of 17 Jewlie 08 & the great International Fore-casters. Chapman sounds more like a preacher-populist in his economic analyses of the evil doings of our bankster-gangsters alias Illuminati. His predictions are dire indeed, perhaps so much so that the Goyim refuse to believe him. I have no trouble believing him, for history shows equally bad economic conditions, & worse. Jewradio has also discussed another stimulus package. Stay tuned!

I understand that the polygraph is a primitive instrument. It's effectiveness relies on 'psyching out' the subject. I can see how it is possible to train people to lie & pass the test. I was lucky that our local ZOG accepts such a test, otherwise the lying Christian would have had his accusation hanging over my head until the present. My emotion was one of anger at him for unjustly accusing me of theft. Oh, how righteous he was in demanding that I return his coin collection which I did not have. When I told him I did not take it, he said that I'd go to hell. I told him that he'd beat me there, because he bore false witness. How fanatically he believed his lie. At least, he inspired me to write a critique of those who proclaim themselves Christians. That is like a rattlesnake shaking its tail, so the listener should depart in haste, before he gets bitten.

A local contact revealed why I have not received my "Stimulus Package" from King George Bush II, ZOG's minion: The AARP 'volunteer' who put my application on line totally omitted my Social Security income. That's what my hard copy revealed, so I must apply directly to the IRS. Will wonders never cease? It took ZOG 4 years for them to process my U.S. Army benefits. I asked them how they'd like it if I'd taken 4 years to appear after receiving my draft notice. No reply. YOU hurry up & wait, not US.

This all goes to reveal our slave-status under ZOG. It is said that gold is where you find it. I found a big nugget of truth in a book written by an old friend, Conrad Grieb. It succinctly explains & describes the relationship between the jews & the British rulers from Cromwell to the present, which led to the creation of British Israel alias Israel Identity alias Christian Identity in the 19th century. The first inkling I had of this cancer in the White body politic was from reading promotional propaganda from His Majesty's Printing Office when I was in Africa. This cult was spread, of course, by the jew bankster Freemasons, & was incorporated into the race-mixing cult of Mormonism, & later, into various jew wannabe cults like that of Herbert W. Armstrong & Arch Edwards, who believes that Britain's jewish queen & son are Yahweh's representatives, to whom we should kowtow. Sick bastard. The truth is that Whites are not the "true jews," but the true jew-slaves. Such a deal! This was the kosher crap promoted by Carto of The Barnes Review, Emmerich, Stucki, Rudy Blaum & others of the blightwing, including Covington. Now we can see Darkness visible. Such knowledge is breath-taking. I knew that Christian Identity was a scam, but I had little evidence of its truly kosher roots. Truly, money is the root of all evil, & I've long suspected Carto of corruption in this regard. He promotes anything that sells & brings him shekels: If it pays, then it must be patriotic. Maybe he wants to inherit The Founding Felons' Legacy, the ill-gotten gains of White & Black slavery. The ultimate effrontery, or chutzpah in their language, is in their pretense of being "White Nationalists."

The Home Invasion/Assault/Robbery Trial has been re-re-postponed until **August**, so I can't be sure I'll have any week day off. Hence, a visit would be best on a week end, so I'll check my calendar, over which I have very little control.

As I review my childhood & young adult years, I see that my parents were ZOG-slaves, & they mindlessly strove to incorporate me into their way of existence on The Talmudic Treadmill to Oblivion. For them, Might was Right, but not for me. A crook with a gun is still a crook, & a crook with a bible is likewise. It reminds me of the Portuguese cat I saw, which grew up with chickens, judging from its behavior in a flock. The cat would peck & scratch the ground, like its mates, & it would look around, as if to see what the chickens were getting out of their activities, for the cat got nothing. I was like the cat who grew up with the chickens, for I was a Goy raised among Goyim who were jew-slaves. The Germans have a wise saying: "Better it is to eat from a clay pot, as a free man, than it is to dine off golden dishes, as a slave." As I eat from my plastic bowl, I realize that I have achieved a great deal of freedom, for a Goy, & I note that freedom is inversely proportional to one's material possessions, as Veblen & Thoreau discovered.

Strength through Joy. DOWN! ORION! P.S.: The Pope, who looks like Freddie Kruger of Elm St., commands his sheep *Eric* to eschew materialism, while he wallows in costly kitsch, like a heavy-handed parody.
