

30 SEP 08

Hail Tom! Many thanks for your letter of 24 SEP 08. As you say, the weak & stupid are as much enemies of our race as are the aliens. This is why White Nationalism aims at racial improvement. I've lived under "White Supremacy" in Rhodesia, in which inferior Whites had unjust privileges over superior Blacks, & all of us were slaves to the jew banksters. Under such a regime, the worst qualities of both races ruled, not the best. This pernicious system was also paramount in the American South, before & after the genocidal Civil War, on behalf of the jew banksters.

I've read the Morgenthau Plan in his book, "Germany is Our Problem," which accompanies two other jew genocide books: "What to do with Germany," by Louis Nizer & "Germany Must Perish!" by Theodore Kaufmann. Each called for the de-industrialization of Germany & the extermination of all Germans. Morgenthau figured that the de-industrialization of Germany would cause the deaths of two thirds of the German population. The Morgenthau Genocide Plan was begun with enforced starvation, after the German surrender on 8 MAY 1945. General Patton objected to this program of mass-murder, so he was killed before he could publicize it.

FDR was not only a Soviet stooge, but salted his regime with Soviet agents like Harry Dexter White. When White alias Weiss was exposed as such, he was 'suicided'. The Red network remained, however, including Felix Frankfurter who sponsored such Red infiltrators as Martin & Mitchell of the National Security Agency. These two fled to the USSR around the time of their Brit-fag counterparts of MI-6, Burgess & Maclean, who also fled to Red Russia.

German food rations were kept just around starvation level, provided the Germans were approved to receive them by their Zionist (jew supremacist) occupiers. Our bankster rulers softened up the Germans so they understood that they either became abject jew slaves or died of enforced starvation, as the jews did to the Ukrainians under the jew Stalin. Stalin alias Djugashvili was a Khazar, the nation which converted to Judaism in 700 A.D. under King Bulan. Hence, jew & Khazar became synonymous, regardless of purported conversions to Christianity, since nation is biological & religion is theological. As Cardinal Lustiger declared publicly: "I am a Christian, but I remain a jew," which is similar to saying: "I'm a Buddhist, but I remain an Englishman."

As soon as World War II was officially, but not actually, ended, the banksters began their Orwellian "Cold War." George Orwell described such a war in his book, "1984," in which the regime of Big Brother is allegedly at war with similar regimes, but the actual war is conducted against Big Brother's subjects, in the form of tyranny & privation, in which the phony foreign wars served as the pretext. This is what went on during the period of The Kosher Cold War Hoax. In the USA, the military-industrial complex of the banksters grew fat on the backs of the tax-payers. In the USSR, the same tribe tyrannized their Goy slaves, as East ZOG & West ZOG pointed fingers at each other as being threats to the survival of their subjects. I've been through the whole show, & I saw the actual collaboration between the USA & USSR which went on over the heads of the toiling Goyim. For that, I was kicked out of this Land of ZOG in 1969 & deprived of my academic career in International Relations. In this way, I learned more about International Relations than I would have if I'd remained in school, thanks be to ZOG. After the demise of the USSR, the policy of "Perpetual War for Perpetual Peace" became one against "terrorism." This enables ZOG to wage war on anyone for any reason, since "terrorism" is conveniently undefined. It can take the form of words or deeds, without the necessity of violent acts, & war need not be declared for acts of war to take place, at home or abroad. Such a deal! Our present "economic crisis" is the sort of war waged by government against the governed, just as Orwell depicted in his book. In Rome, this policy was also used: Terror on behalf of tyranny. It worked then & it works now, because Goyim are stupid & cowardly.

The Morgenthau Plan remains in effect for Germans in particular & Whites in general, by means of genocide by race-mixing & White Guilt propaganda. You may have noted that Germans were forced to sign "War Guilt" clauses in their documents of defeat in both World Wars. FDR, like Teddy Roosevelt, was a conscious agent of the jew banksters, unlike Woodrow Wilson, who was a fool & a puppet of jewish interests. The enclosures refer. Strength through Joy to you. ORION!
