

14 OCT 08

Hail Brian! Many thanks for your letter of 9 OCT 08 + the interesting jew article on Pres. Johnson, who has been accused of being a jew, himself, along with his beaky "Lady Bird." The Bushes have also been identified as jews by blood, if not by practice, since they have a kosher kitchen in the White House, according to a picture I received in correspondence. I just received the October 08 issue of the Smithsonian magazine in which an article appears on the discovery that many Spanish Catholics were 'converted' jews, according to their family DNA which has a jew gene for breast cancer. Such a deal! The article also shows a New Mexico Catholic priest loyally blowing his shofar in church. Or, as Cardinal Lustiger declared: "I'm a Christian, but I remain a jew." Jews can choose any name to suit their purposes & claim any faith to go with it. The Rockefellers are jews by blood, but they seem to have "Christian" flags of convenience. John D. Rockefeller alias "Wreckafeller's" father was a rabbi.

Yockey seems to have been duped into thinking that Djughashvili (Jewson) of Khazaria alias Stalin was not a jew, & that he'd purged the USSR of jews. That he did not. He just replaced some jews with other jews. When a jew kills a jew, he remains a jew. That's something Goyim don't understand.

Thanks for your excellent questions on the roles of Lindbergh & Oliver, whom I knew personally. Why did they remain & serve the ZOG? After looking up C.A. Lindbergh (Jr.) in my Webster's Collegiate Dictionary, I see his wife listed first: Anne Spencer Morrow. Spencer is often a name used by jews, as with Winston Spencer Churchill, which made him ½ American & ½ jewish, as I understand. Lindbergh Sr. was a U.S. senator who protested the Federal Reserve Act, to no avail. His son, the aviator, campaigned against the 2nd World War as an America Firster, thus incurring more jewish hatred of his family. Was his wife jewish? If so, she was strategically placed to influence him. Certainly, The Great War Criminal, as Dr. Oliver dubbed FDR, treated Lindbergh with disdain, even though he fought as an aviator against the Japanese, but not against the Germans. Was Lindbergh's kidnapped son alive, & being held hostage? No proper DNA test was ever done on the alleged body of the infant, to my knowledge. When I researched the Bruno Hauptmann Case, an attorney in San Francisco said he was handling 2 cases: One of Hauptmann's widow to prove his innocence; the other case of a man claiming to be the Lindbergh baby. Suddenly, our correspondence was cut short. I have no idea what happened, except for the death of the widow. I understand that the Lindbergh heirs are not interested in a DNA test of the baby's alleged remains. They live under the sheenie stigma that Lindbergh Jr. was awarded a medal by Hermann Goring, which he did not return. Moreover, Lindbergh Jr. was a racist. That's why he fought the Japanese.

Why would he not fly off to Germany, on behalf of the White Race? Well, he had hostages in the USA: Persons & property, & a reputation as a hero in a majority White country, for which he'd almost been able to run for president, had Henry Ford not betrayed him, for jew money. I suppose Lindbergh thought he'd be able to do some good for Our Race, rather than leave & be called a 'traitor.' Few Whites think racially, which is why we are in this present mess. They think first of their families & their property. Had Lindbergh left for Germany, the jews would probably have found out & killed him, as they did T.E. Lawrence, who was leaving Britain to visit Hitler. I would rather be in my shoes than in Lindbergh's.

Dr. Oliver was married & I met his wife who seemed very nice & witty, as she must have been, to please him. I don't know if they had children. When I visited him in Urbana, Illinois, in 1976, he & Mrs. Oliver were living in a cottage near the university campus. He told me that, once the USA was in the war, "the job was to win it." "For whom?" I wondered. How much did Dr. Oliver know about the ZOG, which has been around ever since the Rothschild Revolution of 1776? This was where he was born & grew up, to my knowledge, & the USA was where he had his career. How would he have been received if he'd gone to Germany in 1941? He knew about FDR's plan to wage war against Japan, but how much else did he know, in regard to FDR's love for the USSR & his hatred of Germans in particular & Whites in general? Appearances were deceiving, for the Americans were clean-cut Whites, & so were the Germans. They looked & behaved alike, but who was right? I saw the mask come off in 1946, with the advent of Judeo-Afro 'music' on the radio. During the war, AM radio carried the same music that Hitler would enjoy: Liszt, Wagner, Richard Strauss, Grieg & other classical composers whom I also enjoyed as a tot, which I still do. Popular music in the USA was similar to that played in NS Germany, along with military marches. My wartime memories included "Begin the Beguin," whatever that was; "Smoke gets in your Eyes," "Sweet & Lovely:" White man's music with melody & coherent lyrics. Oy veh!

2)

All I knew about Dr. Oliver was in terms of his work in the last decades of his life. It took me 37 years to begin to know the truth about Pearl Harbor, which I learned from Dr. Oliver. Until then, I believed the kosher version of history. How long did it take him to learn of the danger the USA posed for the White Race? In Dr. Oliver's youth, there was no lack of White people with whom he could associate, including White traitors & White sheeple. Even now, with the great admixture of non-Whites to our population, most Whites seem not to realize how anti-White the regime of ZOG is, nor that there is a ZOG, to begin with. White youth still flock, like sheep to a kosher slaughterhouse, to the ZOG's wars on behalf of Israel & jew banksterdom. Whose interests do they think they serve? Is a U.S. patriot one who leaves his country to kill foreigners, to make space for foreign invaders of the USA? As I tell Whites: If you love America, don't leave it. I wrote in my little essay, "Victory?" that we send Whites to die overseas, so we can import the foreigners we fought. Now, ZOG is bringing wogs & nig-nogs from Moslem countries into this Land of ZOG, so the bloody displacement of Whites continues. Since this never was "my country," I can look on in detachment, since place is not important to me. Race is. I can feel at home in most places, even in this part of Northern Mexico alias Brownest Yakima, where I'm called El Gringo Viejo, The Old Gringo, or "El Nuero," The White Man. Are we a minority? Very much so.

Your ex-Sinn Fein/Tom Nee fellow seems to be a covert agent of degeneracy & White genocide, similar to the Freemasonic front groups who wasted the White Man's time in Rhodesia & who do the same here, with their phony "Grassroots" group who protest the advent of The North American Union, via illegal immigration. The group is composed mainly of Anglo-mestizos & Freemasons, who don't mind the Hispano-mestizos, as long as they are "legal" invaders. They do not want the USA to be a White country, & they say so. I've told them that the economic & demographic progress of The NAU is in plain view, so only the political declaration of the NAU's existence remains. The present economic crisis could signal the end of the USA & its jew dollar, & the advent of The NAU & its "amero," which will also be kosher. Hence, Grassroots is much ado about nothing, just as are your "holy-joes."

Congratulations on your free internet publicity. I doubt the blightwing makes any mention of your efforts, if they can avoid doing so, for you might threaten their egos & their donations. Oy veh! The Poles seem more aware of the jews & racial issues than do the equally priest-ridden Irish. So go where the strength is.

Indeed, cyberspace is certainly a theater of psywar, & Whites should exploit it as such, except for those who are keen on polishing their own egos. It is possible that the Mossad/ZOG will shutdown the 'net for unkosher dissenters via hackers, rather than censorship. I hear that middlemen in web services may up their fees to 'certain' sites. As they say, there's more than one way to bleed a Goy.

As I consider Christinsanity, I see that its inclusion of the Old Testament with the New makes the Christian a jew-slave, & the jew the master. Compare the two texts: The O.T. has a supreme tribal deity, Yahweh, whose jews are his "chosen people," who "never forgive & never forget." The N.T. preaches that Christians are sinners & sheep in need of a shepherd, not men, like the jews. The Christians believe that they will hasten the "return" of Jesus by serving the jews & Israel, while Israel Shamir points out that The Anti-Christ is first on the schedule of appearances. Hence, by serving the jews, the Christian Zionists serve The Anti-Christ, & they will go where the Anti-Christ will go. In other words, according to biblical prophecy, those who support Israel & the jews will not be around for Jesus' touted return. Such a deal! Since jews invented Christianity for Goyim, it is not surprising that Jesus would be depicted as Scapegoat #1, who takes on "the sins of the world" by forgiving those who did him injury. In jewish cabalism, the victim who forgives the victimizer thereby becomes 'guilty' for the injury done him. That's why jews chant, "Never forgive! Never forget!" As I point out, the Christian inclusion of the Old Testament is a form of cognitive dissonance, as with the inclusion of Marxism with Leninism. Cognitive dissonance is a fancy way of saying "absurdity." Absurd beliefs paralyze reason, as we can readily see amongst its Goy victims. The correct term for Christinsanity is Judeo-Christianity; tribal-universalism; master-slavery; intolerant-tolerance; worldly-other worldliness, & any more oxymorons you can imagine.

Strength through Joy to you. ORION!
