

18 OCT 08

Dear Tom: Thanks for your letter of 12 OCT 08 & the Message from the Past of 24 OCT 05. I guess that's like finding a letter in a bottle which drifts ashore, & is found by a beach-comber or vacationing oil sheik, as the case may be. Now we can definitely say that 2005 was "The Good Old Days."

First, there's no need to study ancient ZOG history, for it repeats its operations like an ole cotton gin: The cotton bolls & all go into the hopper; the wheels turn & cotton fiber is separated, which comes out one side & the seeds, &c. out the other. This is how jews use their bankster system: The Goyim go in to the jews' hopper of exploitation; the wheels turn & the Goyim are separated from their earnings, as Goy corpses come out the other end. The biblical Egyptians suffered such treatment, according to Old Testament mythology; so did the Greeks; then the Romans; then the Western Europeans, & now, us. We should not forget that we suffered the same jew bankster scams of fleecing & slaughter from 1776 to the present, so we are not exempt.

Unfortunately, your letter of 2005 is as valid today as it was when you wrote it. I hate to be right in my assessments of political/demographic/economic situations, for they are bad news for the Goyim when I am correct. As you said in that letter, there are reports that the jews seek safe havens in southern Argentina by establishing a presence there, as "tourists." Funny thing is, that many of them never leave. Indeed, the USA may become a toilet for the muds of the Turd World, prior to its dissolution into mongrel mayhem.

I witnessed White paralysis in Rhodesia, as I do in "Usreal." There were those who did not like the possibility of Black M₁srule; those who said it was inevitable; those who believed it would end the blockade by the U.N. & bring peace & prosperity; those who believed Ian Smith who promised "No majority (Black) rule in my lifetime." Then there were those who believed that Jesus ben Yahweh would take care of it all, so ^{they} saw no reason to do anything. Meanwhile, good Whites were sacrificing their lives in Smith's soldout civil war to preserve Rhodesia & the survival of White Rhodesians. Freemasonic phoney groups wasted the White Man's time, such as The Southern African Solidarity Conference, which purported to "go over the heads of government" so as to achieve support from South Africa, then under White rule. The years spent organizing the SASCON trip to South Africa were nullified when the SASCON delegation was stopped after crossing the border by South African military authorities & sent back to Rhodesia's then capital, Salisbury via a S.A. military air transport plane. The phoney Freemasonic "Grassroots" group which protests The North American Union of Canada, USA & Mexico has the same earmarks, since they do not want a White America.

Gore Vidal, who lives in Rome, as I gathered from his TV presentation, compared the decline & fall of The Roman Empire with the similar demise of the USA. His pessimism seemed more like realism to me, from the bits of the program I managed to hear.

Whites, like Moslems, have their internal 'jihads' to wage against their own sloth, ignorance & cowardice. Unfortunately, Whites deem those qualities as virtues, for they make good consumers, albeit lousy citizens. But ZOG wants consumers, i.e. sheeple, for fleecing & slaughtering. Merely to be White is deemed "confrontation" by ZOG, so Whites seek safety in the mongrel mob, to produce more mongrels & become extinct. I see Ostensible Whites who dress like Blacks & play the loudest, most discordant 'music' on their ^{car} boomboxes, so they are reducing their racial differences to skin color, after all. I see young White males in intimacy with non-White females & vice versa, so genocide will afflict the next generations, according to ZOG's desires. The Whites I know who object to their own genocide I can count on the fingers of one hand. As for their children, I can count none at all.

Thanks for the info on the death of the jew who played "Ashley" in "Gone with the Wind." So he & fellow actor Jimmy Stewart were World War II aviators. "Ashley" was one of the few jews who got killed fighting in a jew war. Most of the war dead were, of course, Goyim, according to plan.

I heard a mumble on NPR jewsradio this morning, that China still sides with Pakistan in regard to Nukes, while the USA has taken over from the former USSR in regard to Nukes for India. Our ZOG has been violating Pakistani territory in its war against the Taliban, so if a nuclear war takes place in that part of the world, there will be sufficient fallout to go around. No wonder the jews are considering southern Argentina as a refuge: Drive the surplus Goyim north, then nuke 'em. Such a deal. Indeed, we are herded & slaughtered like the cattle the jews say we are. Strength through Joy to you. DOWZ! ORION!
