

TVO revisionism?

# Control of monetary policy was the impetus for American revolution

After watching six hours of TVO's recent airing of "Liberty" (an expensive American production purporting to explain the reasons and history of the American War of Independence), I am driven to ask if this TV fare was an indication of TVO's participation in the Revisionist Movement or simply a careless and uncritical acquisition?

Frankly, nobody gives a damn what nonsense the media promulgates in the US but for TVO (unwittingly or otherwise) to participate in this propaganda is, in the name of historical accuracy, shameful!

But, one might ask, what about all those History academics who lent their faces and names to the production? Courtesy demands that the obvious answer be set aside.

Canadian school children, or Canadians in general, were they to be asked to explain the origins of the War of Independence, (if they were listening to their teachers) would doubtlessly respond with, "It was a case of taxation without representation, brought to a head with the Boston Tea Party." Charming, of course, but essentially false, and should be filed along with that silly Cherry Tree incident.

To get to the nub of this historic event we must cite the first clue which can be found in the words of one Benjamin Franklin (1706-1790). Right, he was the guy

with the kite and the bolt of lightning; but he was also an American statesman, diplomat, author and inventor who helped draft the Declaration of Independence.

Around the time of the Treaty of Paris, 1763, Franklin, who was visiting England, was asked to explain why the colonies were so prosperous, to which he replied:

"That is simple. It is only because in the colonies we issue our own money. It is called 'Colonial Scrip' and we issue it in the proper proportion to the demands of trade and industry." (See Senate Document #23, Page 98, by Robert L. Owen, former Chairman, Committee on Banking and Currency, United States Senate.)

Owen writes: "It was not very long until this information was brought to the attention of the Rothchild's Bank, and they saw that here was a nation ready to be exploited; here was a nation setting up an example that they could issue their own money instead of the money coming through the Banks.

"The Rothchild's Bank caused a bill to be introduced in the English Parliament, therefore, which provided that no colony of England could issue its own money. They had to use English money. Consequently the colonies were compelled to discard their 'Scrip' and mortgage

themselves to the Bank of England (i.e., the Bullion Brokers!) to get money. For the first time in the history of the United States our money began to be based on debt.

"Benjamin Franklin stated in one year from that date the streets of the colonies were filled with the unemployed because when England exchanged with them, she gave them only half as many units in payment in borrowed money from the Rothchilds as they had in 'Scrip'. In other words, their circulating medium was reduced 50% and everyone became unemployed according to Benjamin Franklin's own statement."

Continuing the quote from Senate Document #23: "Mr. Franklin went further than that. He said that this was the original cause of the Revolutionary War. In his own language: The other matters had it not been that England took away from the colonies their money which created unemployment and dissatisfaction."

Finally, the six-episode document, along with a few intonations by the voice of American conservatism, George Will, ended with that seemingly irrepressible falsehood: "The Revolution (the creation of the U.S.A.) was caused by a tax dispute with the British."

Hail Tom! Many thanks for your letter of 31 OCT 08 & your inspiring poem, which I have forwarded to THOR INK for publication. As you can gather from my W.P. Hymn, we are both on the same wavelength. "Supremacist" implies the intention of dominating others. As far as I know, the only supremacists are Zionists (jew supremacists) whose Old Testament tells them to dominate others. When ZOG points a finger at someone, it points 3 fingers back at itself. Your little zoggies are prejudiced, & not informed, but that is part of their job-description. Nationalists are not imperialists who want to control alien peoples. Nationalists want to live with their own kind, under their own government. Supremacists are imperialists. We are White Nationalists.

The Founding Felons of this Rothschild Zionist empire alias USA used propaganda hatched out by their Committees (Soviets) of Correspondence. Propaganda was a term used by the Catholic Church to "propagate the faith." Commercial advertising is also propaganda, as are all facets of the jewsmedia of education, information & entertainment. Propaganda is designed to promote: to motivate the receivers in some direction, such as action or inaction. Pro: Propaganda allegedly favors some person or program. That is why 'pro' is part of the word.

Propaganda may be true, false or partly so. As jew propagandist Raul Hilberg said in a Canadian thoughtcrime trial which I attended: He surveyed all evidence he could find, & then he selected only such items as would serve to prove his Holocaust Thesis. The fact that no 6 million jews existed to be gassed by the Nazis was thus omitted, for that fact would have nullified his propaganda in favor of The Holohoax. According to Hilberg, jews could be "exterminated" by identifying them as jews; by refusal to identify them as jews; by moving them or by making them stay put; by concentrating them or by dispersing them. By Hilberg's own definition, he was "exterminated" at least 3 times! Hilberg also omitted the fact that such policies were not restricted to jews, but to everyone, especially in wartime Europe. U.S. civilians experienced similar restrictions in wartime USA, including 666 "internment camps" under Milton Eisenhower. Canada had 128 such camps, as I recall. Hilberg's thesis is based on the fact that people travelled by train in Europe: Therefore some of them were gassed in camps at the end of their ride. This is a non sequitur, such as: "If this is Tuesday, I must be Napoleon."

Samuel Adams & his fellow felons were Rothschild Bank of England agents. The Stamp Act & Tea Tax were not the problems for the American colonists. The imposition of Bank of England debt-money caused a major depression. The Sons of Liberty were the Red Brigades of the day, who were paid with jew gold from France to do their 'merry pranks.' The target of the American rowdies was the King of England, who was pretty much employee of The jew Bank of England, which returned after the Goyim had bled for their supposed "freedom," under Hamilton's U.S. Bank, as it did with the imposition of The Federal Reserve in 1913, which caused the 1929-1939 depression, according to jew economist Milton Friedman & others.

The flag used by The Sons of Liberty was red stripes on a white background. This symbolized the results of flogging on the white skin of a White slave. Apparently, most of the White colonists in America were slaves, including some of my own relatives, Thomsons who were brought to America in chains from Britain. The USA has never been a sovereign country, as long as the rich & the Rothschild banksters dictated policy with the aid of their Freemasonic stooges.

Nowadays, the only slaves we hear about, incessantly, are the Black ones, who were imported by jew slave traders & Yankee wannabe jews. Black slaves were expensive, compared to Whites, & Blacks formed a minority of the American slave population. George Washington's army also used White slave soldiers, as it had in The French & Indian Wars. After the so-called American Revolution, White slaves remained the property of their owners.

Thomas Paine was another American propagandist. As I've read, he had a falling out with Freemasonic Founding Felon George Washington. Paine was disgusted to learn that Washington was not a revolutionary at all in regard to liberty, so Paine wound up in England, after the phony American Revolution.

Orwell's "1984" describes the use of propaganda against the majority, which is very much as ZOG's propaganda today. Sure, it's effective, so our first job is to inform our people how they have been misled by ZOG-prop to feel guilty for being White & to dwell in ignorance. Truth exists, whether we like it or not, but Truth must be the focus of our propaganda.

All the best. ORION!
