

13 NOV 08

Hail Ryan! Many thanks for your thoughtful letter of recent Obama vintage. How can this be a damning election? Since 1776 & before that our rulers have been Zionist, that is, jew-supremacist, & therefore anti-White. Since its inception, the U.S. regime has mainly killed &/or enslaved Whites. We have been ruled as a branch of Britain's kosher Bank of England from our overt colonial times. Hence, we were never a nation in the true, biological sense, but always a branch of a Zionist-bankster empire, directed by the Rothschilds & their fellow tribesmen, & staffed by Zionist Freemasons, all of whom have been Shabez Goyim or Gentile frontmen. Most Whites came to America as slaves, before the so-called American Revolution. Blacks were imported as luxury items, for they were more expensive than Whites.

Local jews have told me that Obama will probably be assassinated before or after he enters office as president. Perhaps our rulers have decided upon another civil war, prior to their handover of this continent to the Chinese, as seems pretty obvious. In any event, they have decided, long ago, that we are to be eliminated, & White sheeple run into the kosher slaughterhouse with determination, if not enthusiasm.

As you observe, Goyim are largely uninformed &/or misinformed, so their ideas & decisions are apt to be defective & dysfunctional. As it states in The Protocols of the Learned Elders of Zion, Goyim (Gentiles) are governed by emotions, rather than reason, so we fall prey to lies made to sound pretty. In World War I we flocked to the battlefields to "make the world safe for democracy," & "to fight the war to end wars." As a veteran, myself, I pointed out that President Wilson was either a liar, or we have fought no wars since 1918. The Goyim react appropriately, in terms of their kosher brainwashing: Their eyes counter-rotate; steam jets from one or both ears & a metallic voice repeats: "Does not compute... Does not compute," or similar responses.

Despite his pale face, would McCain be any less disastrous than Obama? Bush policies on behalf of Israel have so upset the Goyim that they'd vote for anybody who claimed to be in opposition. War is our business, & few want to see business done as usual, with a continuation of Bush policies. I can't blame the Goyim for that, which is just what our Zionist rulers want.

Obama's primary jew supporter & 'advisor' is the jew capitalist, George Soros. Capitalism was always the power behind Communism. It's an old scam: Create the problem, & then offer the 'solution,' which then becomes a new problem, & so on. Communism was touted in 1848 as being the 'solution' to the abuses of Judeo-Capitalism. The jew Marx alias Levy alias Mordecai, who wrote The Communist Manifesto also wrote an essay which identified capitalism with Judaism. "Marx" urged the jews to cease being jews in order to "emancipate" themselves from the curse of capitalism. Shortly thereafter, "Marx" found his financial support from the capitalist Friedrich Engels. Such a deal! In his book on Capitalism & Judaism, how the jews relate to capitalism, Werner Sombart identified jewish 'interests' with those of capitalists & their Calvinist Protestant supporters who preached "The Gospel of Wealth." Sombart wrote that "America is the distilled essence of Judaism." He also noted that "Wars are the jews' harvests." President Eisenhower warned about the power of "the military-industrial complex," which is one of many maleficent manifestations of capitalism, as it was under kosher communism. Under our Zionist Occupation Government (ZOG) words are used to confuse, rather than to communicate.

How do we distinguish "communism" from "capitalism" or "socialism" from "libertarianism" if the same tribe directs them for their own purpose: Universalism on behalf of tribalism? One man's "democracy" is another's plutocracy, & one man's "freedom" is another's tyranny. Our thoughts are rife with absurdities, which are implanted by ZOG & its jewsmedia to confuse us & to paralyze our thinking. Orwell parodied this trick in his novel, "1984," in which the Stalin-like dictatorship used slogans such as "War is Peace," "Freedom is Slavery" & "Ignorance is Strength." I shiver when I hear our ZOG say, "Freedom is not free." The USA was never a "nation," nor a "democracy," so how can we use such words in reference to ourselves & this Zionist state? Such labels also scramble thought. As Orwell wrote: "Who defines controls." Now, every White who does not toe the kosher partyline is deemed to be a "White Supremacist." Soon, all ostensible Whites will be labelled as "Nazis," especially White parents of White children. ZOG promotes genocide in nearly every aspect of its propaganda in 'our' media of information, entertainment & 'edjewcation.'

Obama's kosher connection with Soros may indicate his future policies: Soros is involved in the control of oil transport routes, specifically pipeline routes, such as that through Afghanistan. Is that why Obama says we should get out of Iraq & get more into Afghanistan? Stay tuned! All the best. ORION!
