

23 NOV 08

Dear Phil! Many thanks for your letter of 19 NOV 08 & the outstanding enclosures. Let me first address the Lincoln letter to Mrs. Bixby, who sacrificed her 5 sons on the bogus "altar of freedom," on behalf of the "republic" of the rich. Such a deal! Lincoln may as well have included The Tooth Fairy & The Great Pumpkin. The reality was that they died to free the Blacks & to enslave the South. My great grandfather of the Civil War period was a surgeon in the Union Army, whereas Great Grandfather Thomson was a captain of a British merchant ship at the same time. We used to have their tintypes, but both my parents had an apparent attack of Alzheimers dementia which caused them to throw out what few family mementoes we had. I only heard from some local contacts, since they both died when I was in exile. I ceased attempting to correspond with them because the FBI would harass my mother whenever I did. What 'thoughtful' zoggies they are. Like typical Goyim, they left no assets, only debts.

I noted the jew-propaganda in the item on Black high blood pressure, which is attributed to "poverty & cultural habits," rather than race (genetics). I wonder what such environmental factors have to do with blood types, &c. Maybe I 'learned' to acquire my present DNA, & the medical factors which come with it. The jew source of the 'health study' wants Whites & Blacks to match their incidence of high or low blood pressure. If Blacks listen to Mozart & Whites listen to rap-crap, will Blacks' blood pressure fall, & Whites' rise, until they meet in the middle? The important thing is: Can jew-quacks profit from this study, on behalf of Felonious Pharmaceutical Pirates? Public health has nothing to do with selling patented poisons for profit. It's the Judeo-American Way, folks.

You describe the plight of the White so very well: That we live pretty much in isolation, amid a growing Babel of racial aliens, under a Zionist (jew-supremacist) dictatorship, which we serve obediently, without question. How can we achieve our freedom from Zionist Bankster Slavery? I see that we must first achieve our Identity, our realization that we are Whites. When we can think of Our Race, we can also think of what is best or worst for ourselves as individuals. Would we choose to live in a Black neighborhood? If not, why must we let Blacks change our neighborhoods? Why must we let our school instruction be Africanized? Consider what Black Rule has done to formerly prosperous Africa? Zimbabwe (former Rhodesia) had clean drinking water under White Rule, but now it has a cholera epidemic owing to nigger-neglect of the water & sewage treatment systems. Black-ruled South Africans now have maggots flowing from their water taps. Maggots are protein, so we could call it Black Instant Soup; just heat & eat.

With Identity as Whites, we may achieve Unity: Putting White interests first. With Unity comes Community, & with Community comes Continuity: White Survival, racially & culturally. Whites are burdened by ignorance, by divisions of religion & location, by economic & social classes, just as jews intend us to be. As long as we behave as global capitalist consumption-excretion units; Zionist cannon fodder, & as selfish hedonists, we will continue our sheep-like progress, up the ramp into the kosher slaughterhouse, as so much 'good Goyim.' I love Our Race, not for what we are, but for what I know we can become: If we want to!

It is interesting that property taxes quickly fall out of step with housing values, usually in favor of the ZOG. When I worked in The Central Deeds Registry in Rhodesia, land transfer duties were assessed on property evaluations. These were usually based on the price of the previous sale, plus improvements made thereon. Inflation was negligible under White Rule, so in most cases, the property would increase in value. In only one case did I encounter a property which had been over-valued, based on improvements in the form of tobacco barns, which the new owner wanted to tear down, because they were disused & unsightly. You have seen what global capitalism has done to property values in towns where the main industry has departed, leaving the residents stuck with high property taxes & no incomes. Jew-media report that many states, counties & cities are virtually bankrupt from bad investments & growing losses of taxable incomes. Free trade means a race to the bottom of the wage scale via the erasure of geopolitical borders on behalf of International Kosher Capitalism. Our bankster ZOG rewards the parasites & punishes the productive members of society.

White Nationalism's time has come, now as never before.

All the best. DOWZ! ORION!

*Eric* P.S.: Obama's 'selection' of minions of The Money Mafia clearly shows who's in charge, on behalf of Rockefeller-Rothschild interests. Goyim beware!
