

26 DEC 08

Hail Leif! Thanks for your letter of 21 DEC 08 & the informative enclosures.

I enclose photocopies of your handwritten originals, which I retain against kleptozoggies' sticky fingers & lying mouths. The Jewish Talmud states that "a lie kills 3 persons: The one who tells the lie, the one who is lied about & the one who believes the lie!" Why the Jews do not heed their own advice, I don't know, but their lies have made Hitler into an iconic figure, a bogus reputation much larger than life, & in many ways, much smaller, like the lies told about him. The Jews are amazingly superstitious, for they often ignore physical facts, in favor of embellishing their horrendous lies, which insult what intelligence Goyim may have, & which Goy cowards are too scared to refute. As a reasonable Goy-boy, I was prepared to accept lies about Hitler & the Nazis, but the Jews, in their frenzy to defame Hitler & the Nazis, over-did it. Their lies are contradictory, which means that Hitler was either a "crazy fanatic" OR a "cynical calculator;" "a woman-hater" OR "a lusty skirt-chaser;" "ruthlessly brave" OR "a cringing coward;" "a Jew" OR "a Jew-hater;" when, in fact, he was none of the above.

The Hebrew Holohoax regularly exceeded natural possibilities, with the Jews' oriental penchant for exaggeration. The numbers of Jews transported to internment, prison & labor camps under German jurisdiction (approximately 50, as I gather) grew from dozens, to hundreds, thousands, & now "millions," reminiscent of the fantastic numbers of Jew dead from the Romans' siege of Bar Koziba: "4 BILLION," as recorded in The Babylonian Talmud! According to the TIME/LIFE Homefront series, as I recall, Canada had 128 civilian internment camps & the USA had 666, under Milton Eisenhower, as compared with Germany's 50. Of course, in Allied parlance, we had "internment camps," while the Germans had "concentration camps," & later, "death camps." Of course, our liars avoided any mention of the Soviet camps or gulags (short for government lagers), since the Soviet Jewry were "our gallant Soviet allies," who had done no wrong, before, during & after World War II, including the Ukrainian Forced Famine of the 1930s & the murder of 15,000 Polish officers whose bodies were buried under young pine trees at Katyn by the Reds. As FDR buddy, Rabbi Stephen S. Wise, declared: "I do not call it Communism. I call it Judaism!"

While European railroads could have 50-car trains, Jews were routinely carried in "100-car trains." While the French could pack 40 infantry or 8 horses into their 2-axle boxcars, the Nazis could pack "250 Jews & their steamer trunks & pianos" into the same standard European boxcars! Jews were highly flammable, according to Jew tales: If Jew bodies were put in heaps, it was only necessary to set one Jew on fire, & the whole stack would burn to ashes from the "highly-flammable fat content" of the other Jew bodies! Jews are obsessed with "deep burning pits," in which the lack of oxygen would make combustion impossible. At swampy Auschwitz, those 'magical' Nazis were alleged to have burned "millions of Jews" in such pits, which would have filled with groundwater, so Jews can even be burned under water! As a former soldier, railroad employee & government bureaucrat, I know several things which make Holohoax claims impossible: "No written orders" for the movement of millions; "no train orders" for the great number of "secret trains" on railroads already choked with wartime train traffic, & "no budget," for all of the above. Allied aerial photos reveal none of the huge heaps of coal required for the cremation of the alleged "millions" of "Holocaust victims." To my knowledge, the only possible records, orders & budget for the construction of a lethal gas chamber in all of German territory & occupied territory was for Jew film director George Stevens' fake gas chamber at Dachau, after the war. I saw the official Allied atrocity film which features his 'gas chamber,' which is now labelled: "...never used as a gas chamber."

Your letter reveals the lie that we "have a government of laws, not of men." Zoggie 'logic' is, I understand, to equate as "hateful" anything the zoggie hates. If he hates to stub his toe on a curb, he may deem the curbstone as "hateful," so he may use a sledgehammer to demolish it. He might even accuse the curbstone of a "hatecrime." If one can deem inanimate objects as "hateful," your zoggie must live in a whole world of "hate," so he needs a whole lot of help, in the proper mental institution. Poor zoggie.

Sorry, but I am not competent to evaluate SS daggers as to authenticity. I understand that Israel is the foremost producer of fake Nazi regalia, since the Jews stole the original dies & even rubberstamps for making counterfeits of all kinds. Such a deal!

As I recall, the title of the book featuring Hitler's artwork is: "Adolf Hitler, Painter & Sketch Artist." I agree that it is unfair to name a child in such a way that he is burdened by it. Good Yule! ORION!
