

10 MAR 09

Hail Joseph: Thanks for yours of 30 MAR 09. I shall forward your poetry to THOR INK, for possible publication. Our religious pilgrimage into the light of knowledge has a common thread: First, our indoctrination into the immune deficiency disease known as Christinsanity &/or Christinanity. As a youth, I thought that Judaism was a ray of hope against this plague; that anyone claiming to be anti-Christ-eater was an ally in the struggle for mental emancipation. This turned out to be not so, for Judaism actively uses Christinsane propaganda to enslave Goyim (Gentiles). Satanism is Christinsanity turned upside down, but retains its race-mixing, genocidal aspects. Anton Lavey is too close to "Levy" in looks & doctrine. Because Christinsanity inveighs, rather than laveys against the sex instinct, those who've O.D.ed on Jesus-juice were the ones I noted in university who found their sexual salvation in Satanism. Saying New Testament mantras backwards is still suffocation under the filthy Christian cloak of oppression & obscurantism. Moreover, it puts the beauty of human sexuality into the narrow confines of defiance & reactionism. It is like singing a hymn of hate whenever one sits down to eat, so as to deny oneself & one's partner peaceful, invigorating fulfillment & the communion which contributes to a sound & satisfying relationship. Try getting acquainted with a din of rap-crap, for example, that would make communication impossible, beyond nudges & hand-gestures, as it brings about the onset of deafness.

Klassenism is no racial revival movement with its promotion of anti-White Romanism. White leader, Hermann, saved Our Race by defeating Varus' legions in the Teutobergerwald. Selling "courses" along with books under a copyright is crass commercialism, which allows infiltration by the jew money power. I've repeatedly asked Klassenites, who holds copyright on his books, but they don't answer. It would also be logical to sell indulgences to the suckers. Why promote Latin amongst Germanic Whites, who need to develop their English skills? The Klassenite role in harassing Matt Hale was an important factor in putting him into the ZOG-gulag. No, we do not suffer from a JOG. We suffer from non-jews who serve them. Zionism is jew supremacism, & Zionists are not mainly jews, as Freemasonry proves. So why teach misinformation? Since jew money is so important in Klassenism, we have reason to suspect its motives from Square One, as I did, when I met Klassen in 1976.

My understanding of "The R8hm Putsch (Attempt)" comes from alter Kämpfer, who I've had the privilege to meet, Allied sources & General Leon Degrelle's memoirs. It appeared that R8hm-Schleicher-Strasser et al. were plotting a coup on behalf of "Brown Bolshevism," with "foreign funding," as reported by Elmhurst alias Fleishhauer, who attended R8hm's lavish parties amid German austerity. The SA was not "out of control." Its sedition was promoted & directed by R8hm. Yes, R8hm et al. were caught sleeping at their spa, which was to be the H.Q. of the Putsch against Hitler. After all, putschists need their sleep, after all that champagne! Hitler moved just in the nick of time, & 'surgically' removed the leaders of the plot, according to Degrelle, as recorded in The Barnes Review. Of course, there were more traitors to damage German interests, who were discovered too late.

Sorry, I've never heard of A. Kreis, although I did read a tiny item which stated that "Aryan Nations" (sic) had moved. I chided Butler of A.N. with his use of the plural, as in "Injun Nations," but Butler was a twin of our Sioux neighbor, Bill Irontail, so his word-usage might have had genetic origins. Christ-eater true-jews believe that bread & wine may be turned into "flesh & blood," so why not believe that non-Whites may be made into Whites? The Mormons do.

The first I ever learned about NSM leader Schoep was in a smear by Bill White of the ANSWP. I understand that White alias Weiss (?) is still in jail for provocative stunts & statements. My idea of promoting NS was to retain the content, while putting it into its relevant time & place. My concept of party uniforms in America would be bluejeans, white hardhats & cowboy or workboots, with the party emblem. The jews absolutely demand that ostensible White activists wear costumes of 1860s KKK or 1930s Germany. This makes effective propaganda AGAINST the proponents of White Nationalism, in my experience, for it triggers the jew propaganda implants in the minds of the Goyim, so as to preclude thought.

As I say, politics is the art of the possible, & it is a matter of timing. When Browns & Blacks wage turf wars in Zionist America, is it good for Whites to appear in quaint costumes, in tiny numbers to agitate non-Whites? I think not. Such tactics tend to alienate Whites, from what I hear. Why can't we appeal to Whites, rather than anger non-Whites, as ZOG would like us to do? I proposed a demo on behalf of racism which would display big, 6-pointed jew deathstars with slogans such as "Racism is kosher." "Anti-Racism is anti-Semitic!" Humor can be more effective than rants.

2) Our enemies make for us the best propaganda, if we have the intelligence to use it. In Toronto, we noted that the jews & their Zionist stooges were about to make a Big Thing of their Holohoax. I said that the "gas-libel" against Germans would be used against all White people, especially those who promoted White Nationalism & White Survival. We Goyim (cattle) do behave in much the way jews describe us: An inert, cud-chewing mass of self-centered consumption-excretion units. The jews put all their media & money behind Holohoax-promotion, beginning with their movie, "Holocaust." We climbed on their backs & said, "...is a hoax." Without the jews, the masses of Goyim would not have stirred, nor raised their snouts from their feed troughs. Thanks to the jews, we used the Holohoax on behalf of White interests, & the Anti-Zionist Alliance. The Struggle continues, but we needed the jews to make it possible. They use jew-jitsu against us, so we must use Goy-jitsu against them, by making jew strength our strength, & using their strength against them. Dr. Goebbels urged us to "leap over our own shadows," or, as currently stated: "To think out of the box." Politics is people-power, & it demands creativity on all fronts, with all means available.

How do I tell who is a jew? I go by looks, names, attitudes & behavior. If a real White man or woman displays jew values, I treat him or her as I do jews: With extreme caution. I know Ostensible Whites who want to be niggers in thought, word & deed, so I treat them accordingly. Anti-Zionist non-Whites are allies, but they remain non-White. I've known non-White Butlerites such as Injun John Ross Taylor & "Nazi" jew Braunhut, who fooled Butler, but not me. Butler's attitude was: "He bought me a jeep, so he must be Aryan." Taylor would say: "How can he be a jew? He bought me lunch!" Others say, "She must be White, 'cause she is a good lay." Time for the Goy cheer, loud & clear: DUUH! Henry Ford said that the jews aren't taking over U.S. business so much as the Gentile businessmen are becoming jewish. Economist Werner Sombart said that "The USA is the distilled essence of Judaism." I understand that he was a jew, so he should know!

The USA was never a nation, nor a democracy, but a Judeo-Capitalist empire, under Zionist occupation since 1776, via Rothschild Freemasonry & corrupt Christ-eaters, who are either fools or frauds, according to the fraud, Thomas Jefferson, a Founding Felon.

The Jewnited States will collapse in due course, as its masters intended, on behalf of Novus Ordo Seclorum (New World Order) that is jew world ordure. Why waste energy pushing against an open door, by hastening the fall of this Judeo-Roman Empire? It is wise to remember the Rule of Politics: Don't get mad. Get even.

I'm obliged to Tina for getting us into correspondence.

In my experience & my readings of history, Babel states, i.e. multi-racial empires don't coalesce, they disintegrate under stress. The USA is becoming increasingly Balkanized. One writer sees it as the jews' desire to dominate via diversity versus diversity's penchant for disintegration, along ethnic & economic lines. Zoggies themselves have noted that the USA is not a genocidal melting pot. It is a fetid "salad bowl" which grows more putrid as things heat up. Before he left this Land of ZOG, a Croatian author described "homo Americanus" as Sombart did: "homo economicus," unified by consumerism, to the extent that the consumers are consumed. Those who serve ZOG are consumed by ZOG, which seems both logical & fair to me. The Chinese character for "crisis" = the characters for "danger" + "opportunity," I'm told. For the first time in history, we have an opportunity to realize White Nationhood, which is necessary for White Survival. This is the goal toward which we must struggle, or perish. I've also noted Klassen's inclusion of non-Whites as "Creators," whom I've met.

Religions & political movements require 2 factors, the Singer & the Song: The Leader & his Doctrine. Klassenism flopped on both counts, so why reinforce failure?

My studies & experience in International Relations tend to support the theses that successful revolutions are conservative & that politics is defensive. People are known to fight to restore lost rights, & they also fight to defend what they have. Hence their participation in politics. The 2nd thesis explains why the rich are so active in politics, not only to defend what they have, but to increase it. What does a rich man want? MORE. Thus did the Khazar Commies promise the Russian people, "Bread, Land & Peace;" the things they had before the first world war & the consequent Bolshevik revolution & civil war. History shows that the Russians fought to regain those things, & that the jew Bolsheviks lied. The jew, "Marx," claimed that "tragedy repeated becomes comedy." Will we ever learn that the joke's on us? I hope Mencken will be refuted when he said that no one ever lost a dime by underestimating the intelligence of the U.S. people, but I see no signs that he was wrong. The jews make huge fortunes off our stupidity, as the current tax-funding of criminals demonstrates. ORION!

*Eric*
