Hail Braxton! Thanks for yours of recent vintage. No date on your letter & no date of mailing puts your correspondence into a twilight zone, so we have no way of knowing if you sent me something which ZOG stole. That's why White men use dates on letters. In African movies made by Hebrewwood, Black^s supposedly use drums, so the White characters can say, "The natives are restless." You could try writing without a return address. That way, I wouldn't know who wrote me, nor where they live. Ha!

I see no reason to be downhearted. Politics is people-power. In politics & comedy, timing is everything, as some say, wisely. Politics is also described as "the art of the possible." Words are means of communication. So are deeds. The speaker, writer & doer must consider his audience. I think Dr. Goebbels said that propaganda is not necessarily what we like. Propaganda is what works. When the audience is hostile or asleep, words & deeds don't mean much, as they do when most people pay attention.

History teachers of mine said that the so-called American Revolution was supported by almost one third of the people in the British colonies of America. Approximately one third objected to it. They were called Loyalists (loyal to king & Bank of England). Almost one third didn't care one way or another. An even smaller proportion of the Independence supporters were actual Rebels, something like 10% of the population, or less. These included the terrorists known as Sons of Liberty, who were paid Rothschild gold from France. The Rothschilds used the French in the so-called Revolutionary War, which bankrupted France, & thus prepared it for the jews' so-called French Revolution.

Jew control of our media of education, information & entertainment allows them to put all events into a kosher context, or merely to trash them. As much coverage is given to sports, if not moreso, than is given to major news events, such as an Italian earthquake. Thus, Goyim consider that an earthquake is no more important than a game of niggerball. With suitable background music, the dumb sheeple, the majority, are led to believe that everything's under control &/or of no particular consequence nor importance, except for the niggerball scores! How do I know that the majority are sheeple? From studies made by the Chinese during the Korean War on U.S. P.O.W.s: Fewer than one out of 20 showed ANY leadership potential, which includes initiative & communications skills. According to U.S. military sources, something like one third of the P.O.W.s actually slept their lives away, for there was no one to tell them to get out of bed & munch some boiled fish-heads with rice. For them, it was either a Big Mac or death! I had to listen to those Pentagon tapes when I was in U.S. Air Force ROTC in college.

Of course, the time of "The American Revolution" was far different in terms of demographics, economics & politics than that of today, ZOG knows. In Rhodesia, I've seen what Whites don't do, no matter how important it is for them to do things to resist the forces massing against them, including their own government. They just gave in. It was not a matter of "Fight or Flight," but of "Pee & Flee." I was kicked out by the traitor, Ian Smith, who was handing over Rhodesia to Black Marxist Misrule, according to his jew masters, including Henry Kissinger. As leader of The Rhodesian White People's Party, I tried to warn Whites what was in store for them & who was behind it, but we had insufficient supporters. The Whites, for the most part, just didn't want to hear about it. I see similarities amongst Whites here & now, but people can change their minds, & "it ain't over 'til it's over."

White Rhodesians would tell me: "Oh, I'll probably be dead before the handover to Black Misrule." To that I'd say, "What about your kids?" These sheeple would reply, "The future's their lookout." Most of the White geezers did not die before the advent of "The Thing That Must Not Happen in My Lifetime," but what I can see in the Jewnited States is that The Future is Now. Will Whitey wake up for it? Stay tuned. The jew, Ulyanov alias Lenin observed that revolutions do not occur without "objective conditions." The forces which caused the "American Revolution" are now in play, albeit to a different audience of victims, so all that remains for objective conditions to occur is to increase the pressure & privations on "the body politic." This progressive oppression is reflected in an increased crime rate, according to the jewsmedia, who don't make the connection, necessarily, between crime & poverty, which they do on occasion, usually to 'justify' Communist terrorism, which is 'kosher.'

Most sheeple live in the present. Intelligent people can prepare for the future, at least by thinking about it. Intelligent people are very few, of course, since the population is increasingly dumbed down by the jewsmedia & downbred by ZOG policies & human folly. The fit are taxed to feed the unfit, so the unfit multiply & the fit decrease. The more we feed, the more they breed.

2)
Am I discouraged? No. All problems solve themselves if nobody is able or willing to do so. If we over-populate, the problem is to feed it. If we can't do that, the population perishes. Either way, no problem! Of course, this process may be unpleasant, but, hey, that's our own fault. If we die, too, then we have nothing to complain about, since the dead don't complain. They're real good sports.

As far as I know, Tina Higgins supplies prisoners with reading material. She may be affiliated with Tom Metzger, since she carries his propaganda, along with that of others. I know that postal costs can put such people out of business, so that's why they want correspondents to supply postage. I can still afford my own postage, "ZOG willing & the price don't rise." Jew inflation may put me out of business, in more ways than one.

As I said, in politics, timing is everything. "Objective conditions" may not occur when we want them. Until then, we must make do with the possible. Individuals can make history, but they depend on history for their historic value. Without the French (Jew) Revolution, Napoleon would likely have remained a minor officer in the royal artillery. Without World War I, Hitler would likely have worked as a part-time artist & laborer in Vienna. Bismarck advised that the job of a politician is to grasp History's skirts as she rushes by, & hang on as long as possible. I've known people who let go, & betrayed themselves, as well as their touted cause. The Rothschild banksters have shown us, repeatedly, that objective conditions for revolution can be brought about by funding wars alias "the Jews' harvests" on behalf of their power & profit. With that sort of power, they needn't wait on History, but they are indeed aware of trends, which they exploit to the fullest. Let's see how they exploit their current economic crisis, which they planned, as they did the Depression of 1929-1939 & the war which followed. You must choose the right deed at the right time, to succeed.

What can you do now? Stock up on the knowledge you will need as 'ammo.' In quiet seas, sailors mend their sails, to prepare them for the storms which will surely follow.

As you note, many Ostensible Whites are race-traitors. I've also heard 'blightwingers' say, "He can't be a Jew. He bought me lunch." DUUH! It's just as 'logical' to say, "She must be White, 'cause she's a good lay."

It is equally true that, where there's life, there's hope, provided brains are included. It is also true that you only lose if you, yourself, give up. That's what my Luftwaffe comrade, Col. Rudel, used to say. He never gave up, nor do I, nor should you. Before Hitler, it was said that, "In Germany, the situation is serious, but not hopeless; in Austria, the situation is hopeless, but not serious." As long as we are around, & others like us, the White Race's situation will be serious, but not hopeless.

As people said in 1776, "Keep your powder dry." Take care. ORION! 

PAULA HITLER

As sister of the man who sacrificed himself for Germany, this I wrote in the beginning of the postwar period:

You gentlemen, do not forget one thing! Your names will eventually join your remains, forgotten and decayed, while the name of Adolf Hitler will always shine and glow! You can not destroy him with your manure buckets, nor can you strangle him with your filthy, ink-spattered fingers. His name shall not be extinguished in one hundred thousand souls. Of that, you yourselves know much, but still too little!

His love was for Germany. His struggle was for Germany. His concern was for Germany. What he enjoyed was also for Germany. And if he fought for honor and respect, it was German honor and German respect, and since he is no longer alive on earth, he gave his life for Germany. What have you given? Who amongst you would give his life for Germany? Always, you have only had power, wealth, pleasure, gluttony and over-indulgence, a luxurious life without responsibility, with no thought for Germany!

Resign yourselves to it, gentlemen: The Leader's pure selflessness in thought and deed suffice to make him immortal! Although Adolf Hitler's determined struggle on behalf of German greatness did not succeed, as did that of Cromwell in Britain, this may have to do with mentality, since the British tend toward conceit, envy, jealousy and ruthlessness, but they never forget they are British, and their loyalty to their Crown runs in their blood. The Germans, however, immerse themselves in their desire for self-importance, but not as Germans.

You tiny souls, together, have achieved nothing, except for the ruin of this entire nation. Your principle will never be: public welfare before personal welfare, but always the reverse. With your principles, would you even wish to hinder a great man's immortality?

What I wrote in the early postwar period is still true in 1957, and it confirms the rightness of my convictions.
