

WHY DON'T WE HEAR ALTERNATE VIEWS?

In 1990, Viktor Suvorov revealed Stalin's plans in his book "Icebreaker" but he was considered a maverick. Using post-Glasnost archival material and research, Magenheimer confirmed that Suvorov was indeed right.

We don't hear that Stalin intended to displace Nazis hegemony with his own because "Uncle Joe" was our ally, and Communism was a dialectical model for the New World Order.

History is a form of brainwashing. The programming calls for Hitler to be a homicidal maniac intent on eradicating all Jews and taking over the world. Thus Hitler's stigma can be transferred to anyone who opposes Zionist power and control: nationalists, racialists, and religious, Palestinians Taliban etc. all become identified with "Islamofascists." Thus we are primed for the next new world order war.

A view that showed the Judeo-Masonic Money Power (that controlled England, the US and USSR) conspiring to destroy Germany; and Germany possibly using Jewish genocide in revenge, interferes with this programming.

When International Jewry "declared war" (<http://www.wintersonnenwende.com/scriptorium/english/archives/articles/jdecwar.html%20>)

on Nazi Germany in 1933, it didn't consider half a million German Jews who would immediately become prisoners of war. Eventually most European Jews became hostages and pawns in a game played by a few.

PRISONERS OF MIND

Alexander Solzhenitsyn's book about the Jewish role in the Bolshevik Revolution and after, "Two Hundred Years Together" (2003) also interferes with holocaust mind control. It documents the disproportionate role ethnic Jews played in the Russian Revolution and subsequent genocide of 66 million Russians under Lenin and Stalin.

A measure of our mind control: This work by a Nobel Prize winning author, a best seller in Russia has not been translated into English. Thus we must learn from Wolfgang Strauss (<http://www.tentmaker.org/wp/?p=57>), a reviewer of the German edition that Solzhenitsyn explained Russian anti-Semitism by citing the newspapers of the day. The 'Jew Bolsheviks' had captured and occupied the Soviet State; they were in the top ranks of the Red Army. Soviet power had been converted into Jewish power, and the Jews pursued Jewish, not Russian goals. (p. 201)

"Solzhenitsyn states that Lenin had three reasons for elevating young secular, revolutionary-minded Jews to the State's elite, in effect replacing the Tsarist bureaucracy. First, because of the deadly hate the young Jews had for Russian traditions, religious rites, historical models, hate for everything Russian and Russia itself. Second, their willingness to cross the last taboo borders in morality. And third, their readiness to physically liquidate the enemy."

26 APR 09. Hail Clinton! Thanks for your letter of 22 APR 09. Congratulations on your great awakening! In the movie, "They Live," the hero puts on some special sunglasses which identify jewlike aliens & their messages which are concealed by the aliens' dazzle-ray. Without the glasses, the world looks normal, with people, stores, advertisements & TV shows. But by using the glasses, he can see the skeletal faces of the aliens & read their commands which accompany their publications, movies, posters & TV shows: "Sleep. Obey. Consume." On the \$1 bill, without the glasses, the hero reads "In God We Trust," but with the glasses he reads: "This Is Your God." How very true. So how did jews achieve such power in the world?

Meyer Amschel, founder of The House of Rothschild, said: "Give me the power to issue money & I care not who makes the laws." The jew, Rockefeller, said: "Every man has his price." In Mexico, one is asked, "What'll it be, silver or lead?" Most people take the bribe, to avoid the bullet. In a society which uses money as its means of exchange, those who control the money supply control the society.

Jew power rests on their money & their money-lending. Wars are the jews' harvests, for they lend money to all sides. Whoever wins becomes the jews' debt-slaves. The losers are made to slave for the victors, who also slave for the jew banksters. Imagine that you had 2 enemies, who you could get to fight one another by writing a 'magic' number on a piece of paper. Control of money, by extension, leads to control of force & fraud. The military are bought, as well as the media of information, entertainment & 'edjewcation.' Jew money has been the backing for such slave-religions as Christinsanity, which was introduced into White Europe by Saul of Tarsus alias Saint Paul, who brought to us "Goyim" (two-legged cattle in jewspeak) Jesus' message of sin & sheephood, to make us jew-slaves.

Judeo-America alias USA was founded by Rothschild gold, using the so-called Freemasons as their "shabez Goy" frontmen & servants. Prior to that, the land of Judeo-Britain was colonized by wannabe jew Protestants alias Pilgrims. When one wants to be a jew, the real jews follow, so it's no surprise that jew-loving Britain & jew-loving America would be ruled by the jews. What's surprising is how few Goyim (Gentiles) know it. Those who know about jew-misrule are either bribed or scared into jew servitude. The vast majority of jew-slaves do not know what they are, as they send their sons & daughters off to die in jew wars based on fraud, like Iraqi "weapons of mass-destruction" & "democracy." In the jewbook alias Bible, jews are commanded to wage war by deception. Their war against us deceives us into fighting for phony objectives. Why should we fight to impose "democracy" when the USA is not & never was a democracy? The Freemasonic Rothschild agents alias Founding Felons wrote that "democracy" is "mob-rule." They wanted plutocracy: Rule by the rich, & that's what we've got; the best government money can buy.

I enjoyed your joke about the 2 bucks. Prostitutes are said to do things they don't like for money. To that extent, most of us are prostitutes, for I know few people who like their jobs, which they do for money. The question for us is: How much of ourselves are we willing to sell out for money? Would I kill someone in order to eat? Most sheeple would, especially if their jew masters told them they were "heroes" who were "doing their patriotic duty." So much for conscience, which can be soothed with smooth words, & especially by a tray of food. "3 hots & a flop" are the real goals of the soldier, without which the prattle of "patriotism" evaporates like the morning dew. Most Goyim are motivated by The Pleasure Principle: If it feels good (even temporarily) do it. Jews are clever purveyors of vices & distractions, which propel the Goyim into fantasy worlds, warm-fuzzy cocoons of illusions which serve to distract us from cold, hard, sharp reality, without protecting us in the least. Lots of Goyim are discovering portions of reality in this current jew business cycle. Ouch!

I, too, was surprised at how readily the Swiss kow-towed to jew extortion. The Swiss Red Cross knew all about the Holohoax, since they inspected all German internment & labor camps alias "death camps" during World War II. People died in camps, usually toward the end of the war, because of food shortages & lack of Zyklon B delousing agent, due to effective Allied bombings of supply routes. Most deaths by far occurred in German cities: Dresden, 300,000, for example. The Red Cross reported a total of 271,504 deaths for ALL camps under German Administration. Obviously, the Holocaust was due to Allied air raids in German cities, not camps, & the victims were Germans, not jews.

Spain, under the jew Franco, was neutral in WW II, like Portugal. The focal point of jew/Nazi trade under the "Transfer Agreement" (by jew author Black) was the Tangier International Zone, now part of Morocco, just across the Strait of Gibraltar, which I visited in 1965.

Our chief weapon must be Truth, to wake up our fellow Goyim. Otherwise, they will be our foremost enemies in our struggle for Freedom. For Wotan & ORION!
