Hail Joe! Many thanks for your outstanding letter of 23 APR 09 + the great essay, & the important enclosures. You have noted, in your essay, a factor which has long existed: That Whites' indifference & even 'love' for Blacks is directly proportional to the distance they are from Blacks. For centuries, White suckers have supported missionary activities & relief shipments to Black Africa, just as we are forced to support them here with our welfare taxes. Of course, ZOG denies us more distant education about Blacks. Instead, our jewsmedia go all out to glorify them, so more of us can become Black crime victims & spawn mulatto vermin. Blacks are deemed 'better' than Whites, because they are "closer to Nature." With that logic, Chimpanzees are 'nobler savages' even than Blacks, whom they closely resemble behaviorally. Thus Blacks are known as "hairless apes," for good reason. White boys are thrown to Black felons for their obvious pleasure in ZOG's gulags. In fact, cops I've encountered even tell a White that he will develop major rectal problems after he goes inside. Such zogie statements convey 2 meanings to this White man: Don't be so careless as to qualify for prison, & don't be so nice to those who intend to put you there.

My observation is that skinheads are 'prison-preppies.' Their chosen lifestyle & appearance make them unlikely to be hired, & it's hard enough to get jobs if one is merely White, in my experience. I heard a jewsradio feature on a thermal window factory in a midwestern state which has reopened after its workers were in a sitdown protest. In the background, I heard "Si, se puede!" chanted, which means "Yes we can!" in Spanish. All the workers were hispano-mestizos, not Whites, nor Blacks. How fast things can change! (As we sleep).

Yes, I support RNPA. I've been in contact with Karl Hand for decades, & he seems true to ORION & also courageous. As you say, "pan-Aryanism" & "racial socialism" may be used as substitutes for White Nationalism, but they are not the same. Nationalism means the creation of a White Racial State, to be followed by a White Racial Territory, under White Government. A few writers think, erroneously, that a White Racial Territory or Homeland should come first. I point out that we tried that many times, without success, for without White Nationalism, the land we live on becomes Greater Mudville, as we see in Judeo-America.

In^Proper English usage, redundancies should be avoided, as in "White Aryan." White=Aryan = Caucasian. If we can speak of "White Aryans," this conveys the meaning that there must also be "Black Aryans." Tom Metzger liked the acronym, "W.A.R.," but I informed him what the combination of "White Aryan" means to English speakers. Incorrect English tends to deter educated supporters, & it also causes critics to doubt the writer's otherwise valid points. Jew propagandists will hop on any trivia in order to discredit the whole thesis. Yes, for a time Hitler was accused of being a Jew. I reply to those who seek to resurrect that myth: Hitler had a brother & sisters. If a DNA test reveals any negroid or asiatic genes, then he was a Jew. But if that were true, would you like to have another 'Jew' like Hitler? The Jew phonecallers would shriek & hang up. Jew "Nazis" do pop up, particularly in the USA & Israel, since German Nazis did collaborate with Zionists (Jew Nazis) before & during World War II. Read "The Transfer Agreement" by Black, alias The Ha'arev Agreement. The Holohoax was invented to hush up that Zion-Nazi collaboration, in which German Jews were able to take their money out of Germany in the form of German goods, & Adolf Eichmann worked with Joel Brandt to smuggle Jews into British Occupied Palestine. Indeed, "Politics makes strange bedfellows," especially since the advantage is seen as mutual. Lincoln wanted to free the Blacks & repatriate them to Liberia, but the Jews wanted the Blacks to stay, to plague the White survivors of their deadly Civil War, which was planned by Jew bankers & their Goy stooges. In 1933, the World Jewish Congress declared a boycott of German goods, which the Jews helped break, much toward their power & profit. This is what they did in Rhodesia, during the U.N. blockade. "Anti-Communist Rhodesia's" main trading partners were the USSR (chromium) & Red China (tobacco), with Israel, Taiwan, South Africa & Zambia running distant 2nd place. The Jewnited States needed our chromium, but they had to subsidize the USSR to get it via the Soviet Union. China could easily consume our entire tobacco production. Such a deal!

Rhodesia was dominated by the Jew bankers, capitalists & White Freemason stooges, so we had very little chance to prevent the Black Marxist Misrule they wanted. I doubt we have much better chances here, but we must take that chance or perish without a struggle. Hitler said, rightly, that "Those who don't struggle to live in this life of struggle, don't deserve to live."

The Anti-Zionist Alliance is a network which is based on mutual interests amongst Whites & Non-Whites, all of whom oppose the Jew World Order & Zionist Occupation Governments. Time to get with it, Whitey! All the best. ORION! *Eric*
