

# INTERNATIONAL FELLOWSHIP OF CHRISTIANS AND JEWS

JEWS NEVER STOP, FOR WE NEVER LEARN.

\*\*\*\*\*  
 \* For as little as **\$2.40**, you can make a \*  
 \* lifesaving difference for a suffering, \*  
 \* lonely elderly Jew like Leah . . . \*  
 \*\*\*\*\*

Dear Friend,

Leah has suffered a lifetime of grief in ways you and I can not even imagine. And now, this dear 86-year-old Jewish woman in Ukraine **doesn't even know if she will have enough food to eat**—or if she will be able to keep from freezing during bitterly cold nights.

*Toda Rabah! (Hebrew for "Thank you very much!")*

Leah is all alone because her husband died in World War II, and the Nazis who invaded Ukraine during the war killed her children. Stalin's communist regime murdered all her brothers and sister. Leah is very ill and unable to walk without aid, yet she has no wheelchair.

I wanted you to know about this tragic situation because I believe that, as a Christian, you care deeply about your fellow human beings. Leah is typical of older Jews in the former Soviet Union struggling to survive on meager government pensions of roughly \$25 a month, and even less in many cases. This makes it impossible for her to buy enough food and heating fuel.

But I have good news today. **There is a way that compassionate friends like you can help provide elderly Jewish men and women with hot, nutritious meals for just \$2.40 a day!**

And I am writing to ask for your help in saving the lives of these destitute, elderly Jews in the former Soviet Union . . . the "remnants of Israel" who, without our help, could literally starve—or die of cold—due to the ongoing economic crisis there.

My name is Rabbi Yechiel Eckstein, and I founded and serve as president of the *International Fellowship of Christians and Jews*. For over a decade, *The Fellowship* has partnered with tens of thousands of caring Christians like you to help needy Jews escape growing oppression and suffering in the former Soviet Union by fleeing to freedom and safety in Israel.

We have already been successful in helping rescue over 300,000 Jewish lives through our ministry that helps suffering Jews and fulfills biblical prophecy by bringing Jews to their homeland, Israel.

## What Christian leaders are saying about the work of the International Fellowship of Christians and Jews:

**Pat Robertson**

"Through ministries like . . . Isaiah 58, Russian Jews are being rescued from the former Soviet Union and relief efforts are assisting the Jewish elderly who are unable to immigrate. I commend Rabbi Eckstein for encouraging Christians to involve themselves in supporting Israel and the Jewish people."

**Pat Boone**

"Yechiel Eckstein is a dear friend. I consider it a privilege to work with him in bringing understanding between Christians and Jews, and in helping save thousands of lives through the Fellowship's programs. I urge you to get involved with this organization. It is making a difference."

29 APR 09

Dear Tom: Thanks for your great letter of 22 APR 09. As you & Savitri Devi have said, Hitler was "too much sun & not enough lightning." Hitler said, "I'm not the one, but I must make do until he comes along." Savitri thought he was referring to Kalki, The Bringer of Justice, who defeats the Dark Age Forces & restores The Golden Age, to begin another time cycle on The Wheel of Time. In his time, Hitler was called "The Drummer," as one who heralds the arrival of another.

Since politics (people-power) is "the art of the possible," how much can a man be against his times or Zeitgeist & achieve any success on behalf of his goals? If Hitler had been more lightning, more like Himmler, for example, could he have achieved the power he did, albeit on imperfect foundations? I doubt it, for he had to live in time, above time & against time, as Savitri Devi noted. Men "in time" are opportunists who seek only for personal gratification. Men "above time" are concerned with spiritual matters, to the exclusion of worldly concerns, like Buddha. Men "against time" pursue their goals against the Zeitgeist or spirit of the age, be it Golden or Dark, since such men represent the forces of darkness or of light.

In this context, Hitler knew his limitations in his lifetime, with its noxious burden of Christinsanity, within the unified Dark Age Forces at the nadir of their Dark Age Cycle. Savitri wrote that the Dark Forces recognized Hitler as an incarnation of their nemesis, which explains their unified, ongoing frenzy in World War II & in the anti-White campaign thereafter, in which Hitler is deemed to be their arch-demon & Basic Bogeyman. Whomsoever the Dark Forces dislike is compared with Hitler, as being "like Hitler" to some degree. In this way do the jews & their minions strive to stop The Wheel of Time & delay the return of The Bringer of Justice, but their struggle is futile, & deep down in their black hearts they know it. This knowledge increases their frenzy to destroy & defile every aspect they perceive as The Golden Age of Justice, & I suspect that their actions will only hasten the inevitable, if this theory of history is correct.

I've known L<sub>1</sub>dendorffers who categorized as "traitors" all capitalists, communists, Christians, Jesuits, Freemasons & other such judeophiles, including Hitler, who had to work with them. I replied that Hitler performed miracles, despite having only "traitors" to rely upon. I wondered what Ludendorff could have done with such a "nation of traitors." I suspect that he'd be very lonely as a political party of one, in his lifetime.

Yes, Our Race embraced Death in the form of jewry, rather than embrace Life in the form of Hitler. The onrush of events will soon reveal how much we prefer Death to Life, & how much we prefer Justice to Degeneracy. As the young soldier said in "All Quiet on the Western Front:" "It only matters if you are alive or dead, & if you're dead, you can't fool people for very long."

The attached jewish appeals to Goy Christ-eating slaves refer: Darkness Unified.  
All the best. DOWZ! ORION! *Ed*

1 MAY 09

Hail Dave! Thanks for yours of 4 MAY 09. It's great to receive word from the future. That tells me that our existence is secure, at least, for another 3 days. I'm glad to learn that you are improved healthwise. My situation couldn't be better in terms of health, livelihood & 'hate' output.

An Ostensible White asked me if I knew the difference between Obama & Santa Claus. I assumed it was race. He said: "The difference is that some people still believe in Santa Claus!" Yup. The jewsmedia have not lost hope, nor hype in his case; the better to gull the Goyim.

I spoke at a local "Tea Party," to condemn the Federal Reserve Racket. The Freemasonic organizers left the microphone connected, so people in the crowd heard my statements & complimented me thereon. But the Gestalt of the assembly was Babel in regard to awareness of the problems in terms of politics, demography & economics. I got mild applause from those who listened, most likely because my speech was brief, rather than for its content, which was beyond the scope of Goy so-called citizens, & quite incomprehensible to alien attendants, even if they spoke English. "Federal Reserve, wha' dat?" ZOG has no worry from such sheeple, it must be comforting to know.

I see no reason to be discouraged nor cynical. I've been through it in former Rhodesia, where White Apathy defeated us. The jew, Lenin alias Ulyanov, said that "objective conditions are necessary for revolution." This means that Goyim must all be a-hurtin' for the same reasons, at the same time, for them to lift their snouts from the trough & move their fat asses. The Chinese character for "crisis," I understand to be made up of the characters for "danger" & "opportunity." Thus, it is impossible for us to obtain our opportunity for a White Awakening without this kosher crisis & its intensification. No doubt our kosher capitalist commissars have taken this factor into account, but it is up to us to make the most of it, to the best of our abilities. When Whites are hungry, will they listen? Stay tuned.

In "The Poseidon Adventure," the ocean liner capsizes. Some follow the wrong leader to their deaths. Others follow the right leader to the surface & survival. This is Darwinism at work: The survival of the fittest, i.e. the smartest. We shall see in due course.

The jews are preaching against the Internet, & now, there's Twitter, which Goyim can use for their news by personal networking, as never before. Will ZOG shut it down? More likely, jew agents will inject disinformation. They have already worked to discredit the Internet, as a 'non-kosher' news source, all of which falls under the kosher category of "conspiracy theories." That's a Pavlovian switch to shut off Goy minds, & it appears to work. To speak of The Federal Reserve is deemed "conspiracy theory." Maybe the U.S. government is also a conspiracy theory. In Rothschild Freemasonic parlance, we are "not to discuss religion or politics!" I respond to that by saying, "Right. Only U.S. citizens can discuss such things." This retort leaves the Goy Pavlov-victim in a daze, in which the eyes counter-rotate & a faint whisp of steam jets from at least one ear, accompanied by an electronic voice which says, "Does not compute. Does not compute. Erk."

Yes, the sale of firearms is up, as is military recruiting. Mestizo drug gangs' sales are up & their acquisition of weapons, likewise.

As I see it, Whites still have too much to lose, even if it be delusional, in the status quo, which will not last much longer, in any respect, save change of dire nature. As Pendell wrote in "Sex versus Civilization," man improves in adversity, for adversity kills off the Problem-Makers, who should be killed off, anyway. That's why ZOG wants them around, for ZOG & its minions are The Problem. As Janis Joplin sang: "Freedom's just another word for nothing left to lose." My question is, if we won't fight on full bellies, will we fight on empty ones?

As you say, that which is evil should not be preserved, nor conserved. The USA was a critter of the Rothschild banksters from Day One, & no part of this republic of the rich should be preserved, if Whites are to survive the intended Jew World Ordure. As Hitler said, "Those who do not struggle in this life of struggle, do not deserve to live."

I'm sorry for ZOG gulagniks who are about to get out, for times are hard to make a bare living, especially for Whites in this regime of 'affirmative action.' I suspect this crisis will extend into the prisons, as the 1917 Revolution did in the prisons of Russia, so be prepared for sudden change.

We must become White Nationalists in order to form a White Government, so as to acquire White Livingspace. It cannot be done vice versa, for "White Homelands" without White National Consciousness will not be defended against alien invaders nor jew infiltrators & their agents. Only a change of mind can save Our Kind. Strength through Joy to you. ORION!
