

21 Jewlie 09

Dear Claude: Many thanks for your letter of 7-7-09 & the great enclosures! Your selection of information is most timely & relevant in terms of seeing events in the context of The Big Picture.

The Swine Flu, AIDS et al. may well be products of Fort Detrick-type biowarfare labs in regard to your findings on Rockefeller/Rothschild measures for population-control. As usual, my question is, Who benefits? As you say, criminal drug racketeers stand to profit from flu panics, & their puppet governments may even enforce public vaccination programs on the Gentile Cattle, thereby inoculating new diseases. Such a deal!

We must beware of Zionist disinformation. The jew, Makow, apparently maintains his view of Holocaust Veracity. Previously, another kosher club, perhaps the LaRouchies, alleged that there'd be a 'war' between the Rothschilds & Rockefellers. Now, it seems that Makow, Fulford et al. are promoting the allegation of a split between western & eastern drug & money mafias in regard to the "inoculation of diseases" mentioned as jew policy in The Protocols. Thus, epidemics must begin in the west, rather than the east, or the Eastern Mafia will take out the capos of the Western Mafia, including the Rothschilds & Rockefellers.

This strikes me as another ploy in a phony war typical of the jews who always pretend to be on one side or another, but who are really on their own side, for jew profit & power plus the death & deprivation of their Goy slaves, dupes & victims. It's an old jewish racket, & it's old because it works!

The Assassins, Freemasons, jews & mafias (jewish criminal organizations) are structured so that those on the bottom don't know the objectives of those at the top. They are duped into believing that they serve policies & people quite different from those they do serve, as Disraeli wrote in "Coningsby," if I recall correctly: It's not the king in front of the curtain who rules, but the jew behind the curtain.

Jews are the people of The Silk Route or The Empire of the City (of London). Jews are mongrels of all races, in varying degrees of Afro-Eurasian admixtures, so they have no loyalty to any race. Lord Palmerston said it best: "We have no eternal friends nor eternal enemies, just eternal interests." The Hymie-come-latelies, i.e. the Khazars or Ashkenazim can often pass for White, but their primary goal has been to kill Whites. Chinese, Indian & African jews have told me that they consider the Ashkenazim to be "racists," who look down on dark-skinned jews. Zionist founder, Theodor Herzl, was Sephardic, as I understand, so there is a possibility that the top-kick kikes may sacrifice their "lesser brethren," the Ashkenazis, on behalf of a dark Jew World Ordure, so as to avoid spoiling the jews' world racket. The jews of China were jews long before the conversion of the Khazars, & their bankster power brokers & drug-dealers featured the Soongs of China, Sassoons of India & Rothschilds of Europe, to name very few. It seems unlikely to me that jews, i.e. racketeers, would have a falling out sufficient to spoil their racket for all of them. Methinks that the Khazars are the beneficiaries of White power & prosperity, so their power will wane as the power of the Chinese waxes, thereby making the Chinese jews top dogs on the dungheap. I therefore see a financial collapse of the West as being part of the jews' plan for their New World Order, based in the East, with a predominantly Chinese population & power base, much as Hitler predicted. As Benjamin Franklin said, "The jews are Asiatics." Whether they know it or not, they act as the agents of Asian imperialism, & the extinction of the White Race.

Yes, If I hated the USA, I'd want to help them send more dupes to Afghanistan, the better to bleed them. The article about David E. Sanger's dire forebodings for the Obama regime are reflections of Israeli interests, which is not surprising, since Sanger is a jew name.

Since "man has his stomach to remind him that he is not a god," we should pay attention to bee fatalities caused by infectious diseases & jew Monsanto's genetic manipulations of crops. A local beekeeper is alarmed at bee die-offs in this fruit-growing area, so the danger is not confined to South Africa.

Thanks for the copy of your letter to Dietrich Schuler, author of "Die Stunde des Krea-tismus," which I have just begun to translate into English. Unfortunately, I have very little time for this because I correspond with real people, including young White prisoners of ZOG, whose interests are more pressing & immediate. I could conceivably render a good translation of a work of universal interest which has no interest for those now feeling the pangs of ZOG. Would His Majesty, de Nugent, have time for such an exercise?

I sent Wayne a copy of the brief on The 7<sup>th</sup> Commandment against Adultery (race-mixing) with the message that religion did not prevent it. Wayne took that to mean that it did. Wayne

has retreated from his prior position of White Racial Preservation under the religious cloak of "Cosmotheism," or whatever he now calls it. He wrote that "we must think outside the narrow confines of race." I guess he now wants to become a Star Trekkie of multi-racial characters, so long as they can go to Outer Space in some high-tech environment. He wrote that our correspondence was finished, & wrote yet again, with more anti-White nonsense, so I just refuse his subsequent mailings. His letters indicated that he had not read my letters, nor my substantiating items, nor did he recall the content of items he'd sent me. At last, we were no longer corresponding, since he was not addressing my statements in regard to the random material he was sending me, with its anti-White content.

I contacted Wayne because of his book, "The Importance of Race in Civilization," or some similar title. In view of his present statements, he should rewrite it as "The UNIMPORTANCE of Race in Civilization." The fact he does not see the contradiction indicates his mental decline. He seemed to have a childish need to get in the "last word." I trumped him by refusing his last letter, which communicates my views, & saves me time as well, on behalf of my racial concerns. Wayne seems desirous to please Canada's anti-White Zionist Occupation Government, as I warned him that he would, as soon as anyone identified "Cosmotheism" as pro-White.

In this regard, I had hopes in Klassenism which viewed God as the White Race, just as jews deem God to be the jewish people. Unfortunately, Klassen was the promoter whose definition of Whites included jews, Gypsies & Amerasians. He was also a corrupt shekel-grubber who wanted to make a profit from his role as prophet. His copyrights & registered organization are now being used against members by ZOG. Imagine if the Mafia were incorporated & also claimed tax deductions! In my experience, groups who use White or Aryan in their names attract non-Whites as magnets do iron filings. Klassen's group was no different, along with its "me-me-me," "gimme-gimme-gimme" message.

The Chinese say that "The wrong man with the right idea leads to disaster." "Frank Joseph" is the little "Nazi child-molestor" of Chicago, Frankie Collin-Cohn. We can only wonder as to any validity in his "Lemurian research." Frankie's version of "National Socialism" was an Ernst R hm version thereof. I'd suspect the same of his Lemuria depictions. Certainly, Frankie has no lack of jewish "chutzpah." Goyim: Hang onto your shekels!

Thanks for your observation that Christinsanity began as a bolshevik creed against rulers, but became a slave religion on behalf of rulers. As you say, Christinsanity remained female in orientation, just as its jew founders intended, for Judaism & Islam are male religions, which subordinate the slaves & the females. Thorstein Veblen characterized our barbaric society as rewarding the parasitic, predator class, while demeaning the productive class, who fulfilled roles traditional to women. It is interesting how truth reappears, despite its repeated trampling by powers that be: "Men are warriors; women are workers." Traditional Black African society exemplified this credo, as did traditional Japanese society et al.

So, will a racial religion produce White Nationalism, or will White Nationalism produce a racial religion? My approach is toward White Nationalism, which addresses most immediate issues of White survival & wellbeing, beyond individual, selfish concerns. Our racial enemies work for us in teaching Whites to be aware of their interests as Whites. We provide the carrot of White Nationalism & the Zionists provide the stick of White annihilation. Such a deal! Politics (people-power) is akin to judo: We must use our enemies' strengths against them, as they use our strengths & our ignorance against us. "Life is Struggle," as Hitler noted.

As with all things, Form must follow Function, as in the case of Community, Religion & Nationalism. Goyim must first perceive the need for such things, rather as the wheel was invented. Perhaps hunger will sharpen Goy perceptions & awareness of what we need, in time for us to do something about it. As they say, "In politics & in comedy, timing is everything." Those who PREPARE tend to survive, unlike those who POST-PARE. Notice to Goyim on The Titanic: Maybe you should don your life-preservers, after all these years, unless you've grown accustomed to the dark, cold dampness. In that case, as jews say, "Enjoy!"

Thanks for the bemusing article by jew racist Jacobs, the pot who calls the kettle black, as she promotes genocide, i.e. multi-racialism. Imagine being paid to write about her own schizophrenia in regard to race, while urging Goyim to violate the 7<sup>th</sup> Commandment. The retort of The Jewish Dissident was spot on.

Congratulations on your target-selection. Keep up the great work on behalf of Truth, Freedom & Justice. ORION! 88!
