Jewish charities linked to money laundering

NEWARK, N.J.—An investigation into the sale of black-market kidneys and fake Gucci handbags evolved into a probe of New Jersey political corruption that produced mass arrests yesterday, including three mayors, two state legislators and several rabbis.

Even for a state with a rich history of graft, the scale of alleged wrongdoing was breathtaking. An FBI official said corruption "is destroying the core values of this state."

Federal prosecutors said the investigation initially focused on a money-laundering network tied to Brooklyn, N.Y., Deal, N.J., and Israel that allegedly processed tens of millions of dollars through Jewish charities controlled by local rabbis.

Prosecutors used an informant in that investigation — a real estate developer trying to mitigate earlier bank fraud charges — to pose as a crooked businessman and pay bribes to public officials to get ap-

provals for New Jersey building projects.

Among the 44 arrests were the mayors of Hoboken, Ridgefield and Secaucus, Jersey City's deputy mayor, and two state assemblymen. A member of the governor's cabinet resigned after agents searched his home. All but one of the officeholders are Democrats.

Also, five rabbis from New York and New Jersey were accused of laundering millions of dollars, some of it from the sale of counterfeit goods and bankruptcy fraud.

Yesterday morning FBI and IRS agents raided a synagogue in Deal, a wealthy oceanfront city of Mediterranean-style mansions, with a large population of Syrian Jews.

Those arrested included Levy Izhak Rosenbaum of Brooklyn, who was charged with conspiring to arrange the sale of an Israeli citizen's kidney for \$160,000 for a transplant for the informant's fictitious uncle. Rosenbaum was quoted as saying he had been arranging the sale of kidneys for 10 years.

More than 130 public officials in New Jersey have been convicted of corruption since 2001.

Hail David! Many thanks for your letter of 20 'Jewlie' 09 & the informative enclosures. With so many U.S. citizens unemployed, it seems perverse that foreigners would be given tax-funded jobs in U.S. prisons. I guess this is to prepare inmates for the diversity they will encounter in this land of ZOG. I don't know who wrote the material on Evola et al. for I received it from a prisoner with a different name. Williams does not ring a bell.

I enclose the only quotes I have in regard to Hitler. So far I've received no copy of RAGE.

Yes, we have many dual citizens in our Zionist Occupation Government, here in Judeo-America. After many years on the Talmudic Treadmill to Oblivion in this country, I agree with economist Werner Sombart who wrote that "America is the distilled essence of Judaism," in his reference to Judeo-Capitalism & its Gospel of Wealth. Goyim who think like Jews pave the way for Jew invasion & conquest, as has occurred.

Sorry, the NW USA is not very White, blighting wishful-thinking to the contrary. We start with the native Asians alias Indians, of whom there are many. Then we have Eurasians alias mestizos, who are the majority. ZOG calls them "White" on its census forms & wanted posters, but the darker mestizos qualify for privileges denied Whites. With the massive Mexican influx also comes the massive Asian invasion. Blacks are running scared, unless they can grab White women, whom the Mexicans also take as trophies & anchor-baby-makers. On daily observations I see White males & females with non-Whites most often, usually with non-White offspring. Another studiously overlooked fact is the huge number of Chinese in SW Canada alias China-duh. The only thing separating us from them is an invisible ZOGline on the map. If & when The North American Union occurs, those Chinese will be with us in every respect. Mexican refugee swarms are coming in from bankrupt "Mexifornia," to swell the invasion surge of non-Whites. "The Great White Hopeland" is wishful-thinking. Voting materials & ballots in Yakima County are in English & Spanish. In other counties also, with still other counties' materials in English & Mandarin, based on census figures. I could do all my business here in Spanish, if I wished. In Brownest Yakima, a White is rare. Mexican drug gangs battle for turf, & the bodycount is respectable, as in Wild West Tombstone, Bodie or Dodge City, but this Wild West speaks Spanish.

The real estate approach has failed for lack of National Consciousness. I try to explain to wishful-thinkers that the Pilgrims were Pilgrims before they came, with their White slaves to America; the Amish were Amish before they migrated into PA. The Mormons were Mormons before they arrived in Utah. They did not become so after they occupied the land. When land is occupied by unconscious nations, as in Europe, America, Australia & Britain, those nations lose their living space to alien invaders, as the Irish are doing. For lack of National Consciousness, the land is lost. Without Nation & Racial Community, land is merely a commodity. Nations TAKE their homelands, as the Khazar Jews took Arab Palestine, so they must be Nations first & always to keep their land. As I say, "No change of place can save Our Race. Only change of mind can save Our Kind."

Blighting bumlbers confuse the USA with ZOG. In fact, the USA is an agent of ZOG's Jew World Ordure, as declared on The Great Seal: "Novus Ordo Seclorum." The USA will be sacrificed, along with its Goyim (Gentiles) on behalf of the NWO. As you say, the tax-payers own the bankrupt fictions of dysfunctional companies, but the Chinese own the debts of the USA, whose collateral is U.S. land & resources. Chinese occupation is proceeding quietly & massively. I recall riding in a Toronto subway train with another White. At the front of the car was a jabbering, jiving nigger who had everyone's attention. As I looked around, I saw that he was the only Black in the car, which was crowded, & my companion & I were the only Whites. All the rest were quiet Chinese. That's why downtown Toronto features street signs in English & Mandarin, & one sees White rickshaw pullers with Chinese passengers.

Tax-funded healthcare is always broke because it provides medical care to non-tax-paying aliens & welfarites. Aliens come to Canada, for instance, for free medical care, then go back to their sources of income overseas. Most aliens invade Canada & live off the tax-payers' welfare & healthcare. Such a deal! This is Marxism in practice: "From each, according to his ability, to each, according to his need." U.S. traitors hire a "cheap alien," & the tax-payers fund his 15 dependents. That's why California alias Mexifornia is broke, & other states will follow in due course. Back in the sixties, Whites were urged to limit their reproduction on behalf of the environment. Now, lack of Whites is the excuse for the massive alien invasion. ZOG lied to us, as always, but sheeple are too dumb to care, as you say.

All the best. ORION!
