Hail Solo! Thanks for your letter of recent vintage. So WAZOGDOC deems Norse symbols "security threat group" activity. It seems your zoggies are seeking some 'impossible dream' of religious correctness. Christian symbols disgust & infuriate Judaists & Islamists in this land of ZOG, which one correspondent refers to as "Zogonia." Others call it "Usreal," for we do indeed dwell in Judeo-America. As jew economist Werner Sombart exulted: "America is the distilled essence of Judaism." Maybe zoggies feel safe in persecuting Wotanists/Odinists since they are 'just Whites' whom ZOG earmarked for extermination long ago.

As an aside, I recently spoke with two zoggies who are being consumed by the ZOG they serve, along with their offspring. They currently work for FEDZOGUSA, & one is back from his latest tour in Iraq, with all limbs intact. Both appear to believe in the jew-book, so they are Judeo-Christians, a mixture of two opposing creeds. For their Christ-eating side, they both race-mix, as Christinsanity notoriously defies its 7th Commandment. They have no future as Whites because they are anti-White. They believe that "all men & women are rotten sinners in need of a Big Sky Jew, who will take them into his Holy Pawnshop in the Sky in the Sweet Bye & Bye, provided these people shape up by being born again." I informed them charitably that they were victims of a Pious Ponzi Racket; that they served their version of Satan in this life in hope that they'd enjoy an afterlife. I suggested that they could buy my quit-claim to The Brooklyn Bridge at a very "reasonable price." These zoggies were valuable reference material for me, since they exemplify duplicity of the sort needed by ZOG for its imperial wars of genocide against Our Race. The enemy becomes such by adopting the beliefs of our enslavers & destroyers: Self-duplicity + self-righteous folly.

Well, in your case & others whom we know, such persecution comes out of the Red Chinese book for segregating potential leaders from the herd of sheeple. The Chinese did this successfully during their Korean War incarceration of Allied P.O.W.s & determined that barely 1 out of 20 had leadership potential. Chinese guards were instructed to watch for: (1) The man to whom other men listened; (2) The man with courage, & (3) The man with a sense of humor. These men were confined in heavily-guarded camps. When I first learned this information in Air Force ROTC, I was told that no U.S. prisoners had escaped, since there were no escape teams, nor leaders for them. Without leaders, one third of these healthy young men died, for no one was around to tell them to get out of bed. Hence, 1/3 literally slept their lives away.

But two men did escape: One Black, the other White. They were not responding 'properly' to the Chinese brainwashing (reprogramming) instruction similar to that of WAZOGDOC, so they were being transferred by the Chinese version of 'diesel therapy,' i.e. being herded to another prison camp on foot with other 'slow-learners.' These two U.S. P.O.W.s dropped out of the herd one night, after deciding that they were to be killed by their captors. Both soldiers made it back to U.N. lines & returned to the USA. The Black soldier's fate is unknown, but the White soldier faced a battery of hostile tests & treatment from his U.S. 'comrades.' The gist of their hostility was that he had escaped. Obviously, FEDZOGUSA was relying on their covert commie allies' findings on U.S. guinea pigs (Goyim). The White soldier may have expected a hero's welcome, but got quite the opposite. His marriage broke up & he began to drink heavily, because he'd discovered that he'd come back to a foreign country & a reality quite different from his previous illusions. My thanks go to J.B. Campbell for this addition to the Korean War P.O.W. story.

As I see it, ZOG is learning from you & you are learning from ZOG. Firsthand experience is more efficient than reading tons of books on a subject. My ZOG taught me reality in 1969, thereby 'deprogramming' me from my indoctrination in public schools, in regard to a citizen's "rights" & "duties," which I'd taken seriously, since I had no reason to doubt my propaganda. You may have heard or read that "we have the right & the duty to inform ourselves & others on behalf of an enlightened electorate." Not so! Along the way I also discovered the Kosher Cold War Hoax, for USA-USSR were always one, until ZOG decided to terminate its "Soviet Experiment," to be followed in due course by its termination of the "U.S. Experiment," on behalf of a globalist (international capitalist) Jew World Ordure. By definition, globalism denies patriotism. Obama is a self-declared globalist. So, Goyim, go die for Judeo-America, just as Israel & China wish.

Yes, I heard Norman Thomas, the official Socialist Candidate, who blew the whistle on the Democommunist Party. Aren't Goyim stupid? Just change the labels & keep the contents. That's all we need, as long as we have a place at ZOG's hogtrough.

2)

Labels aside, it is the contents of any political program which are important, & those contents are prepared by the rulers. When we examine them, we must ask the old question: "Who benefits?" for they are our masters. It is logical & predictable that our rulers are our enemies, so everytime we satisfy them, things get worse for us. Let's hear the Goy Cheer, loud & clear: DUUH! Orwell described in his 'fictional' book, "1984," that the government pretends to be at war with other governments, but the government is really waging war on the governed of its own jurisdiction. Pretty clever, eh? In no war since 1812 was the USA ever threatened with foreign invasion, our prime excuse for entry in the world wars & the undeclared (unconstitutional) wars to follow, up to the present. By "our excuse," I mean our ZOG's excuse, that we adopted via 'our' jewsmedia propaganda. Obviously, we are being invaded by hostile aliens, but ZOG labels this invasion as "illegal immigration." A turd by any other name would stink as foully, but Goyim don't think, as a rule. Consumers lose their critical faculties from lack of use. Oink, slurp: Don't ask why the owner is fattening us!

The jew, Lenin alias Vladimir Illych Ulyanov, considered "objective conditions for revolution." His theory was derived from the Reds' failure to overthrow the Tsar in 1905. Theories are derived, allegedly, from perceived facts, for a theory is supposed to contain all known facts. When an agreed fact appears which is not in conformity with the theory, the theory is exploded. I refer to Kuhn's "Scientific Revolutions," in which the discovery of X-rays blew away Newtonian atomic physics. Kuhn states that "the more rigorously a theory is applied, the more certain it is that a new fact will explode it." Hence, Lenin theorized, correctly, it turned out, that "objective conditions for revolution" occur when sufficient Goyim are sufficiently hurting as the result or alleged result of a regime's policies, such as Russia's role in Rothschilds' First World War. Hence, the best revolutionary propaganda is made by the incumbent regime's policies which hurt the sheeple. To paraphrase John Paul Jones: "We Goyim have **JUST** begun to hurt!"

Of course, any ZOG regime worth its salt is aware of Lenin's theory, so it will use its jewsmedia to distract & divert the hurtin' Goyim. Most Goyim respond favorably to the Judeo-Christian propaganda that: (1) "It's all prophesied, so there's nothing we can do, & (2) "We can & should die for a Piece of Holy Pie, if we just believe." (3) "We must believe that our suffering in this life, & the suffering of our children, are merely 'tests' of our faith & our worthiness to live in some future place with Jesus ben Yahweh & Company." Did such propaganda save the Tsar's empire? It did not, & it will not save the USA's Judeo-American empire, according to our judeo-bankster masters' plan. As I say, the USA will go down The Talmudic Toilet of History, on behalf of the Jew World Ordure: Novus Ordo Seclorum, as stated on the Great Seal of the U.S.A., on the back of the \$1 bill, & I say /the USA is but an agent of ZOG's world government, as always. again,

Good luck on getting the word out to the Goyim, fewer & fewer of whom have attention spans long enough to digest two full soundbites, let alone an entire paragraph. Dr. Goebbels said of Goyim in his day that they were slow to learn & quick to forget, so propaganda must be repeated endlessly, & it must be strong & brief, best expressed in a slogan. That's why I proclaim ORION! & that's why I define our enemy as ZOG, for it includes jews & their Goy slaves & accomplices. The enemies of Our Race have told us what they are. Churchill declared in 1945: "I am a Zionist." Others declare themselves as "Christian Zionists." A Zionist is a jew-supremacist. That's why they call pro-White Whites "White Supremacists," even when we do not wish to rule non-Whites. Eventually, ZOG will call all Ostensible Whites "racists," as long as we exist as a race. What fools we are to use ZOG propaganda terms! As Orwell noted: "Who defines controls." If we use ZOG's definitions, we are controlled by ZOG.

Consider how 'our' jewsmedia have changed our language in a short time: "Gay" means anything but its original usage of 'happy.' New titles for women have been imposed, such as "Ms." pronounced "Mizz," as I'm told. "Prejudice" now means its opposite, if we dislike anything ZOG says we should like, even after we have experienced it. "P.C." (politically correct) has entered our language, as in the former Soviet Jewnion. Even identifying someone as a jew is deemed "anti-Semitic," which really means anti-Arab, since they are the only Semites. In "1984" the minds of the "proles" or Goyim were manipulated by the abuse of language & constant bombardment of regime propaganda + police surveillance. "1984" was much closer to reality than it is to fiction. Memory is the enemy of tyranny, & our electronic media save the burning of many books, & facilitate the rewriting of history on a "p.c." basis, just as Orwell described.

Stamped envelopes are also appreciated. Many thanks. Strength through Joy to you. ORION!
