Hail Eugene! Thanks for yours of 2 SEP 09. Your stamped envelope is always appreciated. Whatever I send to you is for you. Copies of letters & other items are included so I don't have to repeat myself. That way I can save time, for I have lots of correspondents in & out of the Jewnited States. If I had any more, I'd need a secretary. I don't complain, because correspondence keeps me out of "gang-related activities," including drive-by shootings & graffiti-daubing. Ha! Actually, I'm lazy, so I let the mestizo bandidos do those things for me. After all, they do jobs that "we don't want to do."

Mail "from the future" is better than no mail at all. I just rely on dates so I know that you received something from me & I received something from you. Otherwise, I'd have to repeat the content of my letters every time I write to you & vice versa. With ZOG handling our mail, we need to know what goes missing, whenever. Many letters have no dates of cancellation, like your most recent one, so if you don't have a date on your letter, I won't know when you wrote it, & I'll need to repeat the content if you want to know if I got it. One place where I worked had serial numbers on letters, so we could keep track of who received which letter, & the correspondent could do likewise. I considered that an unnecessary step, but we had a general correspondence file, rather than personal files. My system uses a personal file for each correspondent. That's why visitors say my place looks like an office. Well, it is. Form follows function.

My shortstories entitled "The Awakening" & "Return to Spring Island" are Odinist tales. The first is about a jew who infiltrates an Odinist group which preaches on behalf of The White Awakening. The second one describes a loner who finds his own Folk. Both took no trouble to write since they were dreams which I merely wrote down after I awoke. Dreams are the basis for all my shortstories, but very few dreams have a plot, so I only record the few which do.

As in "The Awakening" jews infiltrate & pervert all groups & ideologies, for their job includes culture-distortion as well as exploitation of "Goyim" alias Gentiles. I've also heard of non-kin "kindred" with non-White members & homosexuals. That's the mark of the kike, so we must take care as to our associates & affiliations. My letter to Leif refers. Don't be fooled. "Is this good for Whites?" must be our eternal question, before we do anything.

All my info comes from my own research & experience, as well as my correspondents. Jews infiltrate our stores of knowledge such as archives & libraries, from which <sup>they</sup> steal, alter & destroy, like the Morlocks in "The Time Machine." George Orwell wrote in "1984" of the systematic rewriting of history in Big Brother's Ministry of Truth alias Propaganda. Orwell worked in the British equivalent thereof, so he knew what he was writing about. "Big Brother" was modelled after the jew "Stalin" alias Djughashvili or Jewson in the Georgian dialect.

There are still sources of good information which Zionist (jew-supremacist) authorities strive to suppress &/or discredit. Most Goy sheeple suffer attention deficiency, so they can not assimilate more than one brief thought at a time, which they quickly forget. Jews control the mass media of information, 'edjewcation' & entertainment, so they indoctrinate us with "stop-think" commands, like the aliens depicted in "They Live." The current stop-thought is "conspiracy theory." If a Goy sheep thinks something is not "politically correct," he recites "Conspiracy theory." I try to point out that conspiracy = causation + secrecy. Two champs of conspiracy are Franklin D. Roosevelt & Abraham Lincoln. FDR declared that "things are MADE to happen as they do," & Lincoln, when asked by reporters if the Civil War were the result of a conspiracy replied: "If you gentlemen can believe that a 3-storey house can construct itself from a random assemblage of building materials, then you might believe that the Civil War was NOT the result of a conspiracy." It sure was the result of a jew-bankster conspiracy, like both World Wars & those which followed. "There are no big secrets," as one of my college professors said, for they are right in plain sight. The Kosher Cold War Hoax was so big & so close that I pretty much bumped into it during my research on Peru. It made no sense, if the Soviet Jewnion were our mortal enemy, that we should continue to fund it, foster it & feed it, as we were doing, until the USA dumped it in Afghanistan, in favor of Red China. In international relations it made no sense to see the degree & frequency of USA-USSR COLLABORATION, either. The "Cold War" was an Orwellian hoax, as described in "1984." Anything by Orwell is worth reading, even though he was an International Socialist & I'm a National Socialist. He didn't understand race, & as jew Prime Minister Disraeli declared: "Those who don't understand race cannot understand history." As they say, "If it comes from a jew it 'must' be true!" Orwell described official propaganda as "prole-feed," i.e. crap for the masses of asses. Thus, all jewsmedia 'news' is "Goy-feed," i.e. kosher crap intended for consumption by "human cattle without souls," as jews define "Goyim," us! Keep well & take care. ORION!
