

NORTHWEST PIONEER ASSOCIATION

AGENT PROVOCATEUR AD

July 10th, 2006

Greetings, Racial Comrades:

I am enclosing Part Six of the Book Four excerpts, from the my unwritten Northwest novel tentatively entitled *The Brigade*. I hope you like the way it's shaping up.

Remember, these excerpts are underground *samisdat* literature designed to convey subversive ideas which cannot otherwise be expressed except in the guise of fiction, what Lenin called "Aesopian language." They need to be photocopied and distributed within the Racially Conscious Community, so that the knowledge and ideas contained therein can reach people who may someday be able to make use of them. For this reason, you have received these excerpts in loose-leaf, unstapled format, in order to facilitate their being fed into a photocopier. If the pages arrive in your mailbox in a creased, folded, or bent condition, please use several heavy books on a table to flatten them out again so that they will reproduce.

These excerpts are heavy to mail, and require extra postage as well as specially purchased manila envelopes. Your assistance is solicited, especially in the form of postage stamps.

Guys, these pieces may be the most important things I ever write. I'm not joking when I say that as paranoid as the United States government is today, these may get me arrested and sent to a cell next to Matt Hale*. **Make sure you read them and understand their message.**

11 SEP 09. Hail Jan!

Many thanks for your letter of 4 SEP 09 & enclosures. From what/say, White Flight may be starting up in Sweden: As Blacks move in, Whites move out. Sweden's advantage is that it is still a nation of Swedes, rather than a multi-national empire like the USA. But, like here & elsewhere Sweden's government is anti-White in general & anti-Swede in particular, because of Zionist bankster influence.

All governments over Whites are enemy (Zionist) Occupation Governments (ZOGs). Since it is true that "government exists in the minds of the governed," we must first recognize the illegitimacy of our rulers who aim at our extinction via politics, economics & demographics.

I've known of Covington for decades, & he behaves consistently as an agent provocateur, as he did when he announced in a public letter that he advocated doing what he writes about. This advocacy is illegal, like writing about a bank robbery & then revealing that the writer plans or wants to do what he wrote about. That makes the reader an accomplice or a "co-conspirator."

I'm glad that Occidental Quarterly puts Covingtonomania into perspective as a romantic re-creation of the Confederate States of America, of which he is so fond. I have attempted to point out the following simple & correct facts to him:

(1) No change of place can save Our Race. Only change of mind can save Our Kind. Whites have never been a Nation in Judeo-America.

(2) Sharing a place does not create community nor nationhood, which must begin in the mind before it occurs on a map. Pilgrims were such before they brought their White slaves to America; Mormons were Mormons before they settled in Utah. Amish were Amish before they formed their communities in Pennsylvania. White Flight does not produce White Nationhood.

(3) Many so-called White Nationalists are not. They are promoters of various brands of Judaism. Majority Christians will open their living space to 'needy' non-Whites & majority capitalists will hire non-Whites in preference to "more expensive" Whites, as they do now. As long as majority Christians do this, there is a contradiction between Christ-eaters & White Nationalists.

(4) Many who call themselves "Whites" are mestizos (mongrels). This is why American "Whites" suffer notably Asiatic diseases like obesity, heart problems & diabetes, unlike Whites in Britain. Scratch many Ostensible Whites in America & they will brag about their Indian blood. Hence, they don't really see themselves as Whites, but as inheritors of a romanticized Indian past. They also show a vindictive hatred of real Whites, as they did in World War II.

As the author says in his article on secession as a bad idea for Whites, we attract our parasites. Only White Nationalism will give us the wisdom & courage to exclude the parasites from our midst, as well as those who wish to destroy Our Nation by race-mixing. Obviously, a "homeland" or nationstate must have sufficient territory & resources to support its population. Our own living space must provide us with all the things we need for living. Otherwise we are dependent on aliens for essential supplies & we are influenced, if not ruled by those aliens. The Spartans knew this: That political independence requires economic independence.

Wishful-thinking Covingtonians believe that the USA is ZOG. It is a minion of ZOG which uses it on behalf of its Jew World Ordure, as one uses toilet paper before flushing it down The Talmudic Toilet of History. That's why "Novus Ordo Seclorum" is declared on The Great Seal of the USA, which appears on the back of the \$1 bill.

Covington infiltrates, by gaining one's confidence. Then he backstabs & betrays, as he has done for decades. He is sly & mischievous, in my experience, as when he converted his fiction into illegal advocacy, which endangers the freedom of all those in contact with him. That is why I refuse to have any contact with him, & I advise others to do likewise.

Indications are that the jew rulers of North America have prepared this continent for takeover by the jews' new hosts, the Chinese. Obviously, we shall see, whether we like it or not.
