

Cartoons by Minerva -- a White female dissident.

THE Stranger within my gate,
He may be true or kind,
But he does not talk my talk—
I cannot feel his mind.
I see the face and the eyes and the mouth,
But not the soul behind.

The men of my own stock,
They may do ill or well,
But they tell the lies I am wonted to,
They are used to the lies I tell;
And we do not need interpreters
When we go to buy and sell.

The Stranger within my gates,
He may be evil or good,
But I cannot tell what powers control—
What reasons sway his mood;
Nor when the Gods of his far-off land
Shall repossess his blood.

The men of my own stock,
Bitter bad they may be,
But, at least, they hear the things I hear,
And see the things I see;
And whatever I think of them and their likes
They think of the likes of me.

This was my father's belief
And this is also mine:
Let the corn be all one sheaf—
And the grapes be all one vine,
Ere our children's teeth are set on edge
By bitter bread and wine.

Rudyard Kipling

A KOSHER CONUNDRUM: Hitler's enemies say he was jewish & that he ruled the German people by sheer terror. Hitler's friends say he was not jewish & that the German people willingly supported him. If Hitler's enemies are correct, then how can the German people be held responsible for the "Holocaust"? Or, are you a friend of Adolf Hitler? What say you, Mr. Spielberg?

In World War II we killed people who looked like us, behaved like us & thought like us, so we could give away our countries to people who don't look like us, don't behave like us & hate us! On the road to White racial salvation, there can be no detour around our crucifixion of the German people.

11-11-09

Dear Tom: Thanks for your letters of 31 OCT, 22, 26 SEP, & 3, 4, 5 NOV 09. The Enigma Machine enigma was Judeo-British hokum, according to Enigma Machine operator Willi Krämer. According to him, Enigma was entirely landline, so the Brits could not intercept aerial transmissions at their radio spy H.Q. in Bletchley, England, as they claim. As for an Enigma machine on a U-Boat, he thought that would require a very long extension cord, which would tangle in the propellers! So how was Enigma compromised? He said that highly-placed Soviet moles of The Red Chorus (Die Rotekapelle) knew that Enigma's landline could not be tapped, for an unauthorized draw on the current would cause the coding disks to rotate, thus indicating a wiretap. Thus, the Reds laid a duplicate landline from Enigma H.Q. into Switzerland, which was only discovered by the Germans after the attempted assassination of Hitler in 1944. So how did the Germans fool the Allies with their Ardennes Offensive alias The Battle of the Bulge? Krämer replied that the battle fronts were so close, the Germans issued orders via motorcycle messenger. It appears that the Brits still wage war by deception, as the jews have done so long. The war is officially over, but the lies which led to the war never cease. As I understand, the World War II Allies have yet to sign a peace treaty with a German government.

At a former job as head of casino security, I passed through the bar area, where there was a TV playing. I stopped to watch a scene of the alleged U.S. sailors' capture of a German U-boat, with an Enigma machine on board. That movie seems to have offended the Brits, who claim that story for themselves. My first reaction was to ask a customer, "What are Americans doing on a German U-Boat in German uniforms?" I asked. "How do you know they're Americans?" said the customer? "Because they're all jews & they're all hysterical," I said.

The story of how the Brits broke the German naval code was more credible: They captured a U-Boat & grabbed the codebooks before they could be thrown overboard, to sink with their lead weighted covers. German naval & air force codes were wirelessly transmitted, so they could be intercepted for decoding at Bletchley. Apparently, that was how the Brits located the damaged Bismarck, which was steaming in circles due to a damaged rudder, en route to Brest.

ZOG to the contrary, Mexicans (Eurasians) are not White. "Hispanic" is not a race, but a language group, so if a mestizo speaks no Spanish, how can he be "Hispanic?" Am I an "Anglo" if I speak no English? More jew-jitsu with words. And jews claim that the White Race does not exist, so if mestizos (Eurasians) are "White," then they do not exist, either!

As you say, the more "edjewcated" a person is, the more indoctrinated he is, meaning he is taught to be dumb.

Yes, suburbia provided little privacy & even less community for Judeo-Americans, but it sure sold lots of cars & lots of gasoline, & it robbed Goyim of time in their insane commutes from home to job to shopping. Suburbia also contaminates the soil & groundwater with fertilizers & pesticides, while occupying good farmland &/or parkland. "Such a deal!" as jews say.

As for braindead Whites, if "somebody's gotta live somewhere," & aliens want his place, then somebody's gotta die somewhere, too. To be or not to be, Whitey, & this means you. Chinese military strategist Sun Tzu described war as the displacement of one people by another, & military strategist Clausewitz described war as a fight between A & B on behalf of C; C being the jew banksters, of course.

Judeo-America is an empire under ZOG, on behalf of the Jew World Ordure, so Moslems & Americans fight one another for China & Israel's benefit, while Mexico invades our soil, & American Jewish World 'Service' imports more Black Moslems, with help from the stupid Lutherans of Minnesota et al. The jews' plan for us is death by diversity.

The recent killings at Fort Hood, TX, reminded me of Rudyard Kipling's timely poem, "The Stranger," in regard to "What reasons sway his mood; Nor when the Gods of his far-off land shall repossess his blood..." America is a Judeo-Babel state. "Alienation" used to be another term for insanity. Sun Tzu would describe us as behaving like "mad bandits, whose future will be black & brief," so onward Christinsane soldiers...

It is one thing to learn history, but it is quite another to learn FROM history. As I leaf through my 1912 copy of Kipling's ballads on "Kabul town's by Kabul river" et al. I feel a chill that we are stupidly repeating history in Afghanistan, "the graveyard of empires," at our cost, to the evil jews' benefit. How stupid & cowardly can we be? Ignorance is not bliss. It is death. If the past were so glorious, how did it lead us into the traps of the present?

Goyim thought Rome would never fall. When it fell, they wondered how it had lasted so long. I lived when "the sun never set over the British Empire." Perhaps I shall outlive the Judeo-American empire. History seems to be accelerating, as the world darkens demographically.

Strength through Joy to you. DOWZ! ORION!

Enid
