NEW WORLD ORDER PLEGGED TO JEWS

RIGHTING OF WRONGS SEEN

English Rabbi Delivers to Dr.
S. S. Wise New Statement
on Question After War

In the first public declaration on the Jewish question since the outbreak of the war, Arthur Greenwood, member without portfolio in the British War Cabinet, assured the Jews of the United States that when victory was achieved an effort would be made to found a new world order based on the ideals of "justice and peace."

Mr. Greenwood, who is Deputy Leader of the British Labor party, declared that in the new world the "conscience of civilized humanity would demand that the wrongs suffered by the Jewish people in so many countries should be righted." He added that after the war an opportunity would be given to Jews everywhere to make a "distinctive and constructive contribution" in the rebuilding of the world.

The message was delivered last week to Dr. Stephen S. Wise, chairman of the executive committee of the World Jewish Congress, by Rabbi Maurice L. Perlzweig, chairman of the British section of the congress. Rabbi Perlzweig arrived from England Monday evening.

Intention to Right Wrongs

Comparing the statement with the Balfour Declaration of 1917, Dr. Wise declared that in a sense it had "wider and farther reaching implications," as it dealt with the status of Jews throughout the world. He said that Mr. Greenwood's message could be interpreted as a statement of England's firm intention to help right the wrongs

which Jews have suffered and continue to suffer today because of Hitler's "disorder and lawlessness."

Mr. Greenwood, sending the Jews of America a message of "encouragement and warm good wishes," wrote:

"The tragic fate of the Jewish victims of Nazi tyranny has, as you know, filled us with a deep emotion. The speeches of responsible statesmen in Parliament and at the League of Nations during the last seven years have reflected the horror with which the people of this country have viewed the Nazi relapse into barbarism."

"The British Government sought again to secure some amelioration of the lot of persecuted Jewry both in Germany itself and in the countries which were infected by the Nazi doctrine of racial hatred. Today the same sinister power which has trampled on its own defenseless minorities, and by fraud and force has temporarily robbed many small peoples of their independence, has challenged the last stronghold of liberty in Europe."

New World Order Forecast

"When we have achieved victory, as we assuredly shall, the nations will have the opportunity of establishing a new world order based on the ideals of justice and peace. In such a world it is our confident hope that the conscience of civilized humanity would demand that the wrongs suffered by the Jewish people in so many countries should be righted."

"In the rebuilding of civilized society after the war, there should and will be a real opportunity for Jews everywhere to make a distinctive and constructive contribution; and all men of good-will must assuredly hope that in new Europe the Jewish people, in whatever country they may live, will have freedom and full equality before the law with every other citizen."

In an interview at the Hotel Astor, Rabbi Perlzweig declared he was certain Mr. Greenwood "speaks for England." There is a clear realization, he added, that freedom and emancipation for the Jewish people are tied up with emancipation and freedom for people everywhere. The message, Rabbi Perlzweig remarked, was the subject of earnest consideration by the British Government.

"This is a declaration in behalf of the whole world," he observed. "Here the British Government expresses clearly what it hopes will take place after the war is won."

Dear Tom: Thanks for your informed insights. One page of your thoughts & observations is more food for thought than entire reams of jewsmedia propaganda, from which one must extract the odd bit of useful information, much like scavengers at a garbage dump. The Internet is likewise a bedlam of Babel, with jew hackers to censor items with computer viruses, according to their institutional hatred of Goyim. A local Internet contact discovered that we could read several sites, but we could not download the text, so he will write the text on paper & I'll type it for photocopying. Low-tech versus high-tech. He had no trouble downloading kosher websites, so his printer was not at fault. The few Goyim who think use the Internet for publishing their information, so the jews use technology to sabotage their transmissions, rather than impose Canadian-style thoughtcrime laws like those of Britain, Australia, & Zionist Occupied Europe.

The jews certainly intruded to retard Whites' evolution from man to superman in the Nietzschean sense, & in all other senses, on behalf of our ultimate extinction, with our own help, of course, as one would steal candy from the proverbial baby. We obviously lack mature, sane & racially loyal leaders, as well as ears to heed them, so our fate is just: Live like sheep; die like sheep. Our shepherds are pied pipers whose wiles entice us to our doom, while fleecing us on the way. Whites rarely learn anything from their parents, since White parents have little to teach in regard to survival skills. My own parents taught me by example, so I knew that if I did what they did, I'd fare as badly as they did. I guess we could call that 'negative teaching.' Fortunately, I paid attention & profitted from their folly. As debt-slaves they lived & as debt-slaves they died. Their idea, apparently, was that I should "fit in" as a fellow sheep in the woollyminded flock, but that was not my idea. I wanted to find out what was going on in the world, & I also found out who was directing events therein, as a bonus. My parents also taught me that their life of stress & toil was not satisfying to me, & that I could choose a different life, more to my liking, than suburban consumption/excretion existence. For my change of mind I had to look through & beyond the illusions & realities of Judeo-American life. This I did most efficiently by leaving Judeo-America for Hispano-mestizo America, with its different environment & society. By passing through different cultures I discovered my own. By not aping others mindlessly I discovered myself. My explorations led to self-discovery, but I still wonder if I could have achieved that more efficiently had I lived among my own people, instead of pale-skinned, jew-dazed bipeds. My desire is that we finally become Our People by becoming White Nationalists. Dr. Goebbels said that "We must be able to leap over our own shadows," which seems easier to do mentally than it would be physically. I believe that we can do this, assisted by proper information, as well as a desire to better ourselves & our lives in a White community. We do not survive as lone individuals, for we depend on others who we may never see. We live in a Judeo-imperial community within which we must create a non-toxic White Community, free of jew poisons & predations.

We Judeo-Americans sought land & "cheap labor." The land was a fact, but "cheap labor" was a costly myth indeed, as Whites extended their empires over non-Whites &/or brought non-Whites into our midst, according to jewish wishes & those of Ostensible Whites, who thought nothing of destroying Our Race. This process continues as we export our jobs, send Whites to die in the jews' harvests alias wars & import muds to inundate our former livingospace.

One local female said that she loved this country. I said, "So does everybody else. That's why they come here to displace us." The Zionist Occupation Government invites them in, so the White minority will soon learn the power of numbers in politics, if they can't learn any other way. As you say, drawing lines on maps is no defense against alien invasion, least of all under a traitor government pledged to "defend our borders." Only a racially-conscious nation can defend its livingospace. As I told the local female: "We can all die, but the country will still exist." That didn't seem to cheer her up, since she expressed her love for "the country" & not for the White people living therein.

The Roman, Tacitus, described Rome as ever in need of expansion because its rich rulers were ever in need of more slaves & more riches. The Founding Felons of the USA based this republic of the rich on the Roman model, which perished from lack of Romans by incorporating ever more aliens, just as we are doing. Of course, our history is dictated by jew banksters who never saw the USA as a goal, but as a means to their end: The Jew World Ordure alias Novus Ordo Seclorum.

As you say, only a miracle can save us from extinction, but do we deserve such a miracle? One may save a fool from his folly, but not if his folly continues. DOWZ! ORION!
