

DE NIGHT AFO CRIZZMUS

Wus da night afo' Crizzmus, and all thru da hood,
everybody be sleepin' and da sleepin' be good.
We hunged up our stockins, an hoped like all heck,
dat Obama gunna brang us our checks.
All of da family, was layin' on da flo',
my sister wif her gurlfriend, my brother wif some snow ho.
Ashtrays was all full, empty beer cans and all
when I heared such a fuss, I thunk...."Sh'eet, must be da law".
I pulled the sheet off da window and what I'ze could see,
I was spectin' the sherrif, wif a warrent fo' me.
But what did I see, made me say, "Lawd look 'a dat!"
Dere was a huge watermelon, pulled by eight big-ass rats.
Now ovah da years, Santy Claws he be white,
but it looks like us brotha's, got a black un' tonight.
Faster than a poe'lice car, my homeboy he came,
and whupped up on dem rats, as he called dem by name.
On Biden, On Jessie, On Pelosi and Hillary Who,
On Fannie, On Freddie, On Ayers, and Slick Willy too.
Obama landed dat melon, right there in da street,
I knowed it fo' sho', - can you believe that Sheet?
Dat Santy didn't need no chimley, he picked da lock on my do',
an I sez to myself, "Son o' bitch..he don did dis befo!"
He had a big bag, full of presents - at first I suspek?
Wif "Air Jordans" and fake gold, to wear roun' my neck.
But he left me no presents, just started stealin my shit.
He got my guns and my crack, and my new burglars kit.
Den, wif my shit in his bag, out da windo' he flew,
I sho' woulda shanked him, but he snagged my blade tool!
He jumped back on dat melon, wif out even a hitch,
and waz gone in two seconds, da democrat sonofabitch.
So nex year I be hopin', a white Santy we git,
'cause a black Santy Claws, just ain't worf a shit!

Dear Tom: Thanks for the outstanding Afro Christmas poem & your letter of 24 DEC 09! Yes, I guess we can wave Old Gory as we stand in breadlines awaiting economic recovery, which is "just around the corner." One dumpster-diver anxiously inquired: "Which corner?" We are getting the same kosher crap as we got in the Great (for whom?) Depression of 1929-39. I shudder when I hear such hokum repeated, albeit with current eCONomic jargon, for our situation is a whole lot worse now than it was in the 1930s. Then, all we needed was money in our economy, for our industrial & agricultural infrastructure were still in place, similar to having a car with an empty gastank. But now, our manufacturing sector is almost gone, so there are no factory jobs to return to, similar to having a car with no engine.

Many thanks for the 1980s statistics on percentages of products made in USA, compared to other countries, including merchant vessels. I understand that U.S.-owned ships were mainly under "foreign registry," such as Liberia & Panama, so as to skirt U.S. labor requirements & safety regulations. I note that China appears nowhere in those stats. Surprise! As to be expected, Canada's manufacturing sector is also shrinking, as more jobs go to China. A friend who was a highly-trained mechanical engineer lost his job at John Deere after he trained his Chinese replacement, who took the factory with him when he returned to China. Now the young, intelligent, educated White man must drive trucks to eke out a bare living, when he's lucky. ZOG says that Whites have had it too good for too long. It seems ironic that a fellow who has all the 'cutting edge' technological savvy would be hung out like a wornout sock "online," long before his time of technological obsolescence.

My own job-loss was much less costly, as I was old enough to collect "Social Security" when my last coolie job left for India. As one wog said: "Any job which can be done on a computer can be done anywhere on earth." Right he was.

As you & Eric Margolis note, our "service economy" is mainly B.S.: The electronic shuffling of I.O.U.s, rather than productive work. Perhaps our jew masters will provide us with a Soviet style economy in which $\frac{1}{2}$ will guard the other $\frac{1}{2}$, or as jew-stooge J.P. Morgan touted: "I'll hire $\frac{1}{2}$ to shoot the other $\frac{1}{2}$," referring to the poor. Alkie-hippess Janis Joplin sang that "Freedom's just another word for 'nothing left to lose,'" so this is our fast-approaching "freedom:" Freedom to freeze & starve. Boy, have I ever had an easy life of plenty & comfort! As Harry S. Truman proclaimed: "You've never had it so good!" Sixty years later, his words came true in my own case. As we were taught in school: If it comes from a jew, it must be true!

There is an old saying: "His bread I eat, his song I sing." That appears true for such jew-stooges as Billy Graham & J. Edgar Hoover, who denied the existence of the Mafia or Cosa Nostra right up to his last paycheck from Meyer Lansky. One blightwinger told me that the Mafia was "anti-Communist." I replied that the Communists are also jew mafiosi in practice, albeit with a different song of lies.

I agree that Hitler left too much of the jew infrastructure in place. As Savitri Devi said, "He was too much sun & not enough lightning." But we should consider that "politics is the art of the possible," so could Hitler have achieved what he did in enemy-occupied Germany, had he tried to eradicate the jew-stooge Christians, Freemasons et al.? I don't think so. At least he had a largely German population on his side. Perhaps he'd have eradicated the traitors who were sprinkled throughout his society, in time, but the jews gave him no time & very few resources. At least, the anti-German elements had to keep quiet when Hitler was in charge. I knew some Ludendorffers who said that Hitler "had to fail." I replied that we agree that all Christians, jews, Protestants, Catholics, Freemasons & Communists were at least potential traitors to German National Socialism, but we should really marvel that Hitler could have achieved what he did with a "nation of traitors!" What could Hitler do with the denizens of Judeo-Babel-America, an atomized conglomeration of Ostensible White sheeple who are thoroughly imbued with jew-lies, who mistakenly identify themselves with their parasites? Would Hitler have any relevance to such a population? I very much doubt it, for he'd be appealing to values which most Goyim have never heard of. As I told one Christ-eater: "You identify with the jews of the Old Testament, when you are their victim, like the biblical Egyptians." He grimaced, as if he'd just swallowed bitter medicine. I guess truth is bitter to jew-dazed sheeple. Perhaps Amerigoyim would understand me if I addressed them as "My fellow Egyptians."

I feel as if I'm reliving the sellout of White Rhodesia: The same jews & traitors with the same goal of "gut Whitey." But Goyim just don't want to know. Those who know are largely Zionist enemies of Our Race. Pardon me while I retire to my cabin, here on the USS TITANIC. Will there be any lifeboats available at the proper time? Will any Whites survive the sinking? What, me worry? We are surrounded by idiots, so we can only marvel at what happens next. DOWZ! ORION!
