Hispanic Boycott Of White Businesses In TX Town

From Curtis Maynard

11-8-9

Victoria, Texas is a town about 80 miles west of Houston. Local Hispanic leaders there, in opposition to pending Immigration Legislation, boycotted all Caucasian owned businesses last month as a demonstration of their economic impact on the community. The boycott was declared a success by the Hispanic community, noting revenue in Caucasian owned businesses was down by 19 percent. Business owners declared the boycott a success as well, pointing out that shoplifting was reduced by 77 percent, money orders sent out of the country were down by 97 percent, and the cost of daily clean-up and trash collection was down by 84 percent. Shoppers reported they could actually hear English being spoken throughout the community for the first time in recent memory, and customers paid for purchases with real money, not government debit cards or food stamps!

I don't live far from Victoria Texas; there is a real possibility that the above actually appeared in the local paper. Victoria was once a great place to live and raise children, but has been listed in the top ten worst US cities over the last decade because of the influx of illegal aliens.

27 MAR 10

Hail Dave! Thanks for your informative & entertaining letter of 23 MAR 2010, with the kosher news on the jews' Nazi Regalia market. I understand that Israel has the authentic dies & stamps for manufacturing new (fake) medals, badges, insignia & other Nazi artifacts, including weapons & uniforms. I first learned of this trade from Simon Wiesenthal's victim, Frank Walus, whom Wiesenthal tried to recruit as his U.S. representative for selling such Israeli junk. Walus, being Polish, refused. Hence, Wiesenthal got him stripped of his U.S. citizenship & tried for being a "6' tall SS colonel who stomped on the bellies of pregnant jewesses in the streets of Kielce, Poland, in 1944." Eleven lying jew witnesses testified at his war crimes trial, but then, a 'miracle' happened: German chancellor Schroeder proved that Walus was a farm worker in the Black Forest by means of his German health insurance records. Far from being a "17 year old SS colonel," Walus is barely 5' tall & never served in any military unit, except for special MPs inducted by the U.S. occupation forces. He was never in Kielce, Poland, nor were the jew 'eyewitnesses' who'd merely learned some street names by rote. After being acquitted, Walus was broke. The jew Office of Special Investigations (I guess) had his U.S. citizenship restored, for he was allowed to live in the USA, where he'd worked in a car manufacturing plant. But Walus was angry. Being fluent in German, English & Polish, he investigated "Nazi-hunter" Wiesenthal, & discovered that he had worked for the Gestapo when he claimed to be an inmate of a concentration camp, 2 years before the camp was built! Jew Chancellor of Austria, Bruno Kreisky, said in an interview published in Profil magazine that Wiesenthal's relation to the Gestapo was "180° opposite" from Kreisky's, & that Kreisky had been a concentration camp inmate because he was a socialist. A friend of mine who was a former Gestapo officer said that, yes, they did have a jewish branch called Der Stachel (The Barb) whose agents were tasked with discovering jewish black market operations, for which the jew Gestapo agents received bonuses based on the value of the merchandise seized. Otto Frank, the father of Anne Frank, was such a jew black marketeer in Holland.

Walus prepared a 32 point questionnaire for Wiesenthal to answer, a copy of which I sent to my friend, Leon Degrelle, whom Wiesenthal wanted to debate, when Degrelle lived in Spain. Obviously, the jews in Soviet Canuckistan alias China-duh alias Canada must have read my letter & advised Wiesenthal about the 32 questions. That resulted in Wiesenthal's non-appearance at the radio debate, so I guess the program was cancelled. Degrelle led an SS division in the anti-Soviet struggle & was a good friend of Hitler. Fortunately, his autobiographical material has been published by The Barnes Review.

Over the decades, I've been told that such & such English translation of "Mein Kampf" was authentic. I've read this book several times, although I don't remember which translation it was, possibly the Mannheim version. I read with a background knowledge of historical facts, so if I were to read an alleged statement by Hitler that he was "gassing jews," I'd know it was phony. I spotted the "Hitler Diary" forgery immediately, when I saw it displayed on the cover of Der Spiegel magazine, with "FH" on its cover. I wondered why Hitler would use an F instead of an A for his initials. Was he using a pen name of "Fritz Hitler?" Not likely.

As I tried to tell Deville, "Nation" = "People," not place. Nick Griffin's inclusion of a mud in his BNP, which is allegedly funded by a jew, defeats its purpose. Imagine Britzog requiring that every synagogue have at least one Moslem present! Wishful-thinking tries to substitute fantasy for fact. The Devilles like to imagine that ZOG will self-destruct with the break up of the USA. On the contrary, ZOG will gobble the bits & pieces on behalf of its New World Order alias Jew World Ordure, as prophesied by our Freemasonic Founding Felons, as was attempted by the jew banksters during the Civil War. Only as a Race can we defend Our Nation, & we must become a Nation before we can obtain & defend our living space. That's why we are losing ground in all former White countries.

My evaluation of Wayne MacLeod is that he loves his "Star Trek Cult" more than he loves Our Race, so he will certainly compromise on that point when CANZOG brings pressure to bear. In his latest delusion, he sought to ridicule race as being of no importance. I learned in Africa that it is, just as I learn in Judeo-America.

As far as Hasidic Harold Covington is concerned, he has several twins in looks & in attire in the Lubavitcher Hasidim of Brooklyn, complete with their fedoras so favored by HAC. Is he a "useful idiot" or a paid agent, that is, a conscious zoggie? I can only go by his record: So far, he has been 100% favorable to the ZOG. I'm glad you were able to comprehend the meaning of his declaration in which he advocates the violent programs he describes in his fiction, which is punishable by ZOG. If I advocate illegal actions in my writings, all recipients thereof may be grabbed by ZOG on grounds of "terrorism" & "co-conspiracy." It's that simple & that deadly. DOWZ! (Down With ZOG!) ORION!
