

DEMOGRAPHIC DEMENTIA: A MAJOR MYTH-LIST by E. Thomson

Myth #1: Whites have been the imperialists of history. Fact: Imperialism, that is, the invasion and conquest of land occupied by other peoples, is not unique to Whites, as alleged by non-White racists. Genghis Khan set out to conquer the world, and all peoples who would not submit to his rule were deemed "rebels". Chaka, the founder of The Zulu Nation, was embarked on a policy of national expansion by killing and despoiling other Black Africans. In the Americas, the Aztec and Inca Empires ruled over unwilling subject peoples who were glad to ally themselves with "The White Gods", as they called the Spanish invaders. Europeans and Asians suffered from the great invasions of Islamic peoples under the Arabs and the Turks.

Myth #2: Pre-Columbian inhabitants of The Americas lived in conflict-free harmony with their fellow denizens. Fact: Many names for "Indian" tribes mean "the people", such as Hopi. Non-Hopis were not deemed "people". Similarly, Navajos don't think Hopis are "people", either. Tribal, national and imperial conflicts caused bloodshed amongst the peoples of this hemisphere, long before the arrival of Columbus. Multi-tribal nations such as the Iroquois, fought their opponents, the Hurons, on a ferocious, 'take no prisoner' basis. The rivalry and hatred between these Indian nations was so great that they allied themselves with the invading Whites who were also at war against their fellow Whites: English versus French. As we know, the Hurons and their French allies were defeated by the Iroquois and their English allies.

Myth #3: Racism is the reason for imperialism. Fact: Imperialist wars have always existed between peoples of the same race. All races have been at war from prehistoric times to the present, and their foremost enemies were their fellow Whites, Blacks or Yellows. The causes of imperialism are hunger, greed and opportunity. In some cases, these underlying motives have been cloaked in racial and/or religious pretexts, but the results belie these pretexts, nearly every time. The Mongols were proud of who they were, but they were not too proud to race-mix with conquered peoples, nor to adopt their religions. The fierce Norsemen were no different, for they also interbred with people they conquered, spoke their languages and adopted their religions. Religious wars resulted in the same bottom line: the adulteration of races and religion, as we have seen with all the varieties of Christianity and Islam. If the European conquest of the Western Hemisphere had been truly "racist", there would not be any "Indians", nor Blacks, and certainly no mongrel mixtures of either.

Myth #4: Whites committed genocide against the peoples of the Western Hemisphere. Fact: Race-mixing is genocide for all races who engage in it. Mongrel victims of genocide should not reproduce, and thereby repeat the original sin (adultery) and the original crime (genocide). Whites were not racists, for racists of any race want their race to survive. If the Whites had been real racists, they would have obeyed their Old Testament god who commanded them to slay every member of a conquered people, including their pets and livestock. The rule is simple and obvious: Kill your enemy and he is destroyed. Breed with your enemy and both of you are destroyed. Nature is the Ultimate Nazi.

A KOSHER QUOTE OF NOTE:

Zion-nazi Golda Meir(son) declared that Palestine was "A land without a people for a people without a land." Hence, Palestinian Semites were "not people," but non-Semitic Ashkenazim were. Genocide begins by defining a people out of existence, even when they are obviously present. Of course, one can redefine a people as "snakes," according to a notorious rabbi, which provides a Zion-nazi with 'justification' for killing them.

Whites choose to ignore jews' declarations that "race is a social convention" (as in life or death), & that "Whites are not a race," but "they must be destroyed." Apparently, Whites believe that jews are not serious about us. If we were Palestinians, would we say that jews are "not serious" about Palestinians?

Our racial enemies use our stupidity & our strength against us, White Man, so snap out of your jew-daze & defend your interests, for once! ORION!

Hail Jeremy! Thanks for your letter of 25 MAR 2010. One thing which Judaism & Christianity have in common is their penchant to "lie for their lord." Yahweh commands the Israelites to "wage war by deception," which is one thing Christ-eaters & their ilk do consistently, as with the bogus "Donation of Constantine." Hence, Christian & Christian Identity tracts are cranked out like Holocaust Fiction, so as to disinform the Goyim (Gentiles). Save your zog-bucks for better material. You've got their scam figured out.

Odinism was indeed a tribal religion for Nordic Aryans. I don't know to what degree it preached racial purity, for the Viking traders fought & fucked their way up & down the rivers & coasts in their travels. The legend of the fellow who sowed dragons' teeth comes to mind, for each tooth planted caused a fierce enemy warrior to spring up from the soil. Thus did the Vikings' seeds add to the strength & fierceness of the Khazars of the Black Sea region, who are the foremost enemies of the White Race. Odinism, like National Socialism, is a particularist creed, meant for one Folk, not all folk. Judaism was such a particularist religion, at least in words, for The 7th Commandment against adultery (race-mixing) was violated by jews, most of whom resemble their host peoples. According to "The Genetics of the Jews" by A.E. Mourant et al., jews, including the blondest ones, have Afro-Asian genes to accompany any White genes they may have. This book first appeared in "The Lancet" of the British Medical Society, & was published by Oxford University Press in 1978. I witnessed the jewish deception in Africa, where jews called themselves "White." After their decision to dump the Whites, in favor of Black Marxist Misrule, my jewish acquaintances began referring to us as "You Whites: Your days are numbered." In former Rhodesia, now Zimbabwe, they were numbered, along with the days of the Black majority, many of whom had to flee to find jobs in South Africa. The jews' Chinese hosts are colonizing Africa via commerce, & Mugabe of Zimbabwe appears to be clearing the land for mining the immense riches beneath the surface minus the costly & useless Black population. The jews have mostly gone for greener pastures in Europe & Asia, like a swarm of fattened locusts. In Africa, Christinsanity was the Whites' undoing, for the more we fed, the more they bred.

Jesus allegedly said: "So as you do unto the least of these, you do also unto me." Marx wrote: "From each, according to his ability, to each, according to his need." The first Christians were Communists, since they shared their wealth. Thus, Christianity = Communism + a Sky Jew; Communism = Christianity - a Sky Jew. Both kosher creeds ignore the importance of race.

Authors Cox, Pendell & Freyre warn that physical proximity leads to miscegenation, even where race-mixing was deemed beneath one's caste or social class. Nowhere were races more intimately associated than in countries where there were Black slaves or servants, such as the U.S. South, Brazil & White-ruled Africa. In Rhodesia, where I lived almost a decade in the 1970s, Whites had their Black cooks, gardeners, maids & nannies. A White housewife was merely the supervisor of the Black household staff, who even changed the diapers & fed any White babies she may have had. Consequently, the divorce rate amongst Whites in Rhodesia was high, as was their alcoholism. Yes, Rhodesian Whites were very much Christians, who believed that every Black was a potential soul to be grabbed for Jesus. As jew Simon Weishaupt, founder of The Illuminati, said: "Oh wondrous mind of man; what may you not be made to believe?"

As a former British colonial civil servant, I saw the Whites' role in Africa as that of feeding, funding & fostering an infinitely-growing Black population; not my idea of White survival! This has been the White Christian role in North America, to which all non-Whites have been added.

Christian National Socialists believed that Hitler was doing the work of Jesus who drove the money-changers out of the temple, but Christians are universalists who believe Jesus is for "all mankind," whereas National Socialists are for one's own kind. Thus, we have another absurdity. It is said, however, that jews use universalism on behalf of tribalism, as when they speak of "human beings," they mean only jews, since Gentiles are not human beings by jew definition. Gentiles just think they are included. National Socialism was indeed a racial Folk religion, so I deem N.S. to be the modern incarnation of Odinism. I note here that the first self-declared National Socialist was the jew Zionist, Theodor Herzl, founder of Israel. Jewish National Socialism is a failure, for jews bring in Gentiles to do useful work in their mini-state, whereas Germans believed in the honor of work, & did their own useful work, until war created the need for foreign labor, which was paid going wages in those days. Jew propagandists claim that all German workers were "slave labor." Thus our own soldiers were "slave soldiers," based on their low pay scales!

Warning: Spengler uses an analogy to support his "Decline of the West," minus suggestions for curing the symptoms of decline he describes. Yes, all individuals die, but their species goes on. ORION!
