

A BRIEF GLIMPSE BEHIND THE JEWSMEDIA CURTAIN by E. Thomson

We recall the scene in "The Wizard of Oz" in which the bankster-wizard is exposed when the little dog pulls the curtain aside, exposing the wizard's fakery for all to see. Well, we sometimes wonder how the jewsmedia connect with the ZOG. The connection is simple: the jewsmedia serve to **baffle** & to distract honest people, just as the curtain concealed the scam perpetrated by the fake wizard. The jewsmedia are liars-for-hire on behalf of the criminal parasites who rule us: the ZOG. It is a cozy criminal connection in which bankster-jews control the money supply, which they create out of nothing, for which they charge us principal & interest. The money controls the ZOG, who are the banksters' hitmen & it also controls the jewsmedia, on behalf of the ZOG. What's really clever, is that we pay for all this evil by dint of our honesty & hard work! Such a deal! We are really paying crooks to buy the rope with which we are to be hanged, as the jewsmedia jesters dance around the gallows, to make us think this is other than an execution. The jewsmedia tell us that it's really a water-slide for our enjoyment, & that the rope is for our safety. Maybe we'd catch on if they offered us the Brooklyn Bridge, too, on 'reasonable terms', or some Florida real estate. But there are so many who never catch on, mainly because they don't want to.

The jewsmedia comprise 'our' media of education, entertainment & information. Naturally, there is overlap, as with "docu-dramas" & "info-mercials". A feature may be entertaining, as well as educational & informative, but what we receive is mainly ZOG-prop ("prole-feed" re Orwell) into which the ZOG message is woven throughout. Whites can perceive the anti-White part of that message, because it is ubiquitous, as well as iniquitous, like the jews themselves. The key to the success of the jewsmedia scam is that the victims of this con-game, like most victims, don't want to think that they are being or have been conned. It is human nature, seemingly, to want to believe that the "gold brick" is real & that it is not a lead ingot, just as millions of suckers give of their worldly-wealth to gain admission to a celestial paradise by purchasing tickets from 'holy' hucksters, rascals using the cloak of religion to disguise their true intentions: "My kingdom is not of this earth, so gimme your dough!" Maybe holdup men can use that message in lieu of guns, since the churches have done so for centuries. I mention these scams to show that few are immune to media-borne prevarications designed to benefit the prevaricators.

My most recent peek behind the kosher media curtain revealed an oft-used tactic known as dissimulation by distraction. In debate, it is called the "strawman" tactic, in which a bogus issue is raised & then knocked down. This is a ruse to distract listeners from the real issues. When proper debates are held, with judges who enforce rules, such a ploy would count against the party who makes use of it, since it is invalid in support of an argument. But in the 'free market of ideas' anything goes, in the belief that the public will swallow it. The fact that ZOG exists proves that the public is willing to swallow lots of kosher crap, while they identify their own interests with the alien interests of the ZOG. "They Live", after all. Recently, I was analyzing a sonorous sheeny's "analysis" of events in regard to the "quagmire"

in Iraq. The media jew described the "syndromes" by which we have blundered into one bloody conflict after another, such as the "no more Munich" slogan, the "domino theory" slogan & the "Vietnam Quagmire" slogan. He conveniently omitted the "make the world safe for democracy" slogan which led to the "no more Munich" slogan. You note that I use "slogan", while the jew used "syndrome". According to the sheeny, our leaders & the public are "victims" of these "syndromes", which are summed up by the slogans he mentioned. This is typical jew-jitsu or sheeny sophistry, for who created these slogans, if not the jewsmedia? The jew avoided all mention of the source of our "syndromes". If there is a cycle in historical slogans or "syndromes", it appears that Bush #2 is harking back to Wilson with his bogus babble about "spreading democracy", which are the words the jewsmedia have fed him, specifically his jew speech-writer, Gerson. This slogan is designed to perpetrate the same disasters which followed the slogan fed to Woodrow Wilson, for such slogans are labels for policies adopted by the ZOG. The media jew alleges that slogans or "syndromes" control the ZOG, rather than vice versa, as I have indicated.

In "The Eternal Jew", certain talmudic themes are pointed out, one such being the reversal of the role of perpetrator & victim. One example is that portion of the movie, "M", starring the jew actor, Peter Lorre, as the serial child-murderer, who 'explains' that his innocent, defenseless victims "made him do it", because they were so innocent & defenseless! In jew-'logic', the prey is 'guilty' for the predations of the predator. But the media jew did not identify the authors of the "syndromes" by which "we were all victimized", & by which we are still victimized, according to his analysis. As the sheeny's sophistry wound down to his 'warm-fuzzy' CONCLUSION, no perpetrator was indicated, so the listener is free to conclude that we have been "self-victimized". If this is true, as it comes from a jew, the U.S. government & the voters are in desperate need of commitment into institutions for the criminally-insane, to cure them of their murderous "syndromes", which the dictionary defines ^{1.} as, "...a disease or abnormal condition." In law, an insane person was defined as "one who constitutes a danger to himself &/or to others." This definition certainly applies to the U.S.A.'s government & voters, so all patriots should do their bit to 'make the world safe for sanity'. The great thing about this new "syndrome", which the dictionary defines as 2. "a combination of opinions, behavior, &c. that are characteristic of a particular condition," is its ability to cure the first syndrome! Now is the time for all good patriots to don their white coats & fetch their nets so we can save the victims from themselves!

Unfortunately, the jewsmedia sheeny's views are skewed, as I stated previously, so patriotic efforts on behalf of the insane would meet with the ZOG's violent defense of its criminal enterprises, as we have seen at Ruby Ridge & Waco, et al. For now, all I can present is this glimpse behind the jewsmedia curtain, so as to reveal this particular set of tactics which are concocted to inoculate us with additional sheeny spirochetes of misinformation. The jew does his job of spreading lies & I do my job of striving to undo them. ORION!
