

CONSPIRATORIAL COMMENTARY by E. Thomson

Jewsmedia pundits prate about "conspiracy theories", their jargon for "Politically Incorrect" points of view concerning little known and generally available information. It boils down in practice to mean anything our Zionist Occupation Government disagrees with, just as "hate" is anything Jews hate for Gentiles to say or write.

"Conspiracy" is variously defined as (1) a combination of persons for an evil purpose; a plot. (2) A combination or union of persons or things for a single purpose or end; harmonious action. Therefore, the pre-kosher meaning of "conspiracy" involves teamwork on behalf of evil ends, rather than good ones. A conspiracy is therefore like a racket which harms a large number of people on behalf of a small group.

To claim that conspiracies do not exist is intriguing, for it is like saying that synonyms for "conspiracy" do not exist, either, that is, combinations of certain people for certain purposes. Let us imagine a world without conspiracies!

The foremost proponents of conspiracy theories, Abraham Lincoln and Franklin Delano Roosevelt, were just joking when they claimed that conspiracies exist to "make things happen the way they do."

Charles Thomson's design for The Great Seal of the United States was just a decorative emblem, which suited his peculiar personal tastes, without any particular meaning at all. My Latin is virtually nil, but it seems to me that "Novus ordo seclorum" would mean "New World Order" and not "New Order of the Ages", for "seclorum" appears derived from worldly or secular, rather than time, as in "tempus fugit" (time flies). My Webster's dictionary defines "saeculum" as meaning "a race, age, the world." If we wish to ranspose those synonyms, we would have in translation from Latin to English: "New Race Order" or "New Age Order". Charles Thomson's contemporary and fellow Freemason, Thomas Jefferson, touted the creation of a 'new American (mestizo) race' by miscegenation with America's Asiatic aboriginals alias "Indians". Thus "New Race Order" may be more accurate as to the founders' intentions, along with their importation of multitudes of Blacks into North America. But, as we live in a world without conspiracies, we must consider written words as mere designs on paper, put there for pastimes by idle slave-owners who loved to doodle in Yankee fashion. Since there are no conspiracies, The Great Seal of the United States had no meaning, hidden or otherwise. The same can be said of the Stars & Stripes, which was a primitive form of decoration in a world without much in the way of entertainment.

In a conspiracy-free world, wars and other human conflicts are just random collisions of blind blunderers without motives or identities, for those attributes would smack of conspiracies.

In economics, as well as politics, there are no hierarchies, no plans, no budgets, no orders, but a multitude of random occurrences. When I told my Jew economics professor at Berkeley that there must be a cause and effect relationship in human affairs, like the creation of money, just as there are cause and effect relationships in the physical sciences, he shrieked that I was "advocating conspiracy theories". That taught me what to think about "conspiracies", which do not exist in human affairs, except in the case of Nazis who were, according to Raul Hilberg, able to have a conspiracy to commit hebiocide with "no orders, no plans, no budget", which was achieved by "an incredible meeting of minds of a far-flung bureaucracy," as Hilberg testified during a Toronto thought-crime trial. The Nazis were also able to break the laws of chemistry and physics in their daily activities, according to other Jew 'eyewitnesses'. Nazis excepted, human affairs are random effects without causes by human volition. World events are a chaotic clockwork of mindless motion, and even to suggest that a deity created it all is to advocate another causal conspiracy theory!

In a conspiracy-free world, there are no secrets, for all of us have equal access to knowledge and information. This means that all espionage agencies operate under conspiracy delusions, for secrets also connote conspiracies. This allows us to conclude, in this conspiracy-free world, that only those who believe in conspiracies can become part of them, in this best of all possible worlds. DOWZ! & ORION!

A spiritual message: Religions are divisive only if people take them seriously!

Hail Stevie! Thanks for your letter of 26 DEC 07. Under separate cover I shall send you a photocopy of the Protocols. The booklet was an odd size, so I copied each page onto separate 8½" X 11" pages, unbound. Do not attempt to read them in a high wind. I omitted some commentaries at the end, so the complete Protocols amounts to 64 pages. The Mexican Nationalist website, La Voz de Aztlan, has them in Spanish & English. My Gestalt or overall impression of The Protocols is that they are of two parts. The first part is about how they will topple Gentile (Goy) governments, & dominate the Goyim. The second part is about the character of Zionist World Government under The King of the Jews. It supports my own statement that "Evil has no time for vice." Zionists allege that The Protocols are "a forgery." That's usually enough to satisfy the Goyim, although nowadays the Zionists would call The Protocols "a conspiracy theory." That term usually switches Gentile minds, such as they are, right off. My essay on conspiracy refers.

Our Zionist rulers are stepping up their anti-White genocide program, in violation of The Genocide Convention, which was ratified by the U.S. Congress as a treaty, & as such, is "the supreme law of the land" along with The Constitution. Notorious jews like "Ashley Montagu" alias Israel Ehrenberg & Noel Ignatiev claim that "race does not exist, except as a social construct." This ignores DNA evidence to the contrary, & is solely aimed at defining the White race out of existence. Well, I ask, if we don't exist, why do non-Whites hate us? Jews are non-Whites, according to their DNA, although they often lie that they're "White," as they did to us in Africa, until they declared themselves non-Whites in 1972. I saw them flip-flop at firsthand. One day they would say, "we Whites." The next, they said with a sneer: "You White people." If race does not exist, why did the Black people refuse to see jews as their equals? After the jews got what they allegedly wanted, the end of White rule, they skedaddled to Britain, Canada, USA & Australia. FEDZOGUSA is schizo about mestizos (Eurasians), for Federal Wanted Posters claim that Eurasians are "White, Hispanic," but they are White for statistical purposes & non-White for racial privileges under ZOG. Because they are part-White & part-Indian, often with African admixture, they enjoy the best of two worlds. Hispanic is not a race at all, but a language group from the Iberian Peninsula. So why is a person who may not have a Spanish surname & speaks no Spanish, Portuguese, Basque, Catalan, Galician, &c. classified as "Hispanic?" ZOG only knows. I was born in New Spain (California) & I speak fluent Spanish, but I'm not "Hispanic," because I'm White, so I don't qualify for U.S. tax-payer handouts.

The hypocrisy of our Zionist rulers on race is amazing: It's kosher to have Black this & that, Brown Pride, &c., but White groups & titles are forbidden. Every campus has a Black Student Union, but none that I know of have White Student Unions, for example. The same is true of Canada. We allegedly do not exist, & we most certainly are not allowed to say so. I guess we must plead, "Excuse us for living." The ADL article refers. This has been done by Zionists when they invaded Palestine. Golda Meir proclaimed: "A land without a people for a people without a land!" When one reporter asked about the Palestinians, he was told that "Palestinians aren't people."

Your school experience shows how bad things are, & they will get much, much worse. Genocide is not pretty. So your fellow residents view White existence as "extreme politics." It will surprise them to be seen as such when the ADL program takes hold, poor dumb Goyim.

It was great of your Mom to support your declaration of White Pride. I suspect that her stand got her put on ZOG's STG list (Screw This Goy). I think you did right in her case. Congratulations! I wish you the best of luck in your current matter. Drugs are tools of the ZOG. They should never be used, nor condoned. The jew Red leader, "Lenin," called religion "the opiate of the masses," for it kept them dumbed down & passive, just like opium, heroin, morphine, &c. Now, opiates are the religion of the masses, with much the same results. I saw drugs knock out the revolutionary activities of the Hippie Era in the 1960s. Had they not been 'stoned,' 'tripped-out,' 'on the nod,' &c. they might have shaken up the ZOG much more than they did.

Any language is difficult to learn if one has no opportunity to speak it, but you can at least read it. Speaking reinforces the learning of the written word. German & Spanish, my two main languages, aside from English, are 100% phonetic, which means that they are spoken only one way & spelled only one way. We learned to read German in ONE HOUR, even if we didn't know the meaning of the words we read, but our pronunciation was correct, & what we could say, we could spell. What a pleasure that was! English is a hassle because it's about 85% phonetic. That's why I keep 2 English dictionaries handy. High German (Prussian) has complicated grammar, as you will discover. All the best. ORION!
