

**WANT TO END WAR IN IRAQ?
END ASSISTANCE TO ISRAEL.**

War for Iraqi oil is a myth. Saddam Hussein was not restricting Iraqi oil. But Saddam Hussein was the most dangerous enemy of Israel in the region. Coincidence? The war was planned a decade in advance by men like Paul Wolfowitz, who now heads the World Bank. Coincidence or reward? Alliances are made for *mutual* benefit. Israel is no benefit to America. It is a liability. Its political action committees have dragged America into an unnecessary war. Write your Congressman today to cut all American assistance to Israel.

My last letter offered advice on how to do some serious damage to the ZOG. The loss of Israel would be a blow, perhaps even a fatal one, and Israel is very, very vulnerable because its jugular runs right through American hands. All you have to do is pinch it. With the loss of military and financial aid Israel eventually must return to Arab rule. Anti-Zionists can use the current climate against the war in Iraq to focus on cutting aid to Israel. It is that simple to do big time anti-ZOG damage.

Imagine if people on the streets of American cities received flyers like the enclosed. The people receiving them could be business people, lawyers, of all colors, shapes and forms. It is an issue that touches everyone, and one that all non-Jews can relate favorably to. The message does not advocate violence and is completely legal. All that is needed are boots on the pavement. To organize such distribution cells is your principal challenge.

Major opposition to cutting funding comes from the Christian right, not only from Jews, but there might be a way to defeat the Christians using their own religion. As I understand it, Jesus is to return only after Israel is "trodden down by the Gentiles." You had best confer with one of them before accepting what I am saying here. Anyway, if this is true, by supporting Israel the Christians are actually delaying the return of Jesus. Would it not be best if they agreed with the AZA to cut funding? You would actually be doing "God's work" by having Israel "trodden down" and hastening the return of Jesus. Imagine that - you might even get "saved".

JEWISH SUPREMACISM by David Duke, a book review by E. Thomson

This is the most timely and important book anyone can read in regard to the Zionist Occupation Government, particularly in the U.S.A., which is the jews' golem or Frankenstein's monster. David Duke has taken on a truly monstrous subject. Although his book is encyclopedic, it is not a multi-volume monster, but is quite readable and succinct. It covers jew supremacism (Zionism) from ancient times to the present, and is very much up to date in regard to Zionist players and atrocities. This is the essential job which 'our' media (actually the jewsmedia) has avoided, that of informing the U.S. people and other Zionist victims. The temperate wording of the text makes the treachery of our Zionist rulers stand out starkly, demanding that justice be done to liberate us from these evil-doers.

The book is well-researched, and its strength for convincing the uncommitted reader is in its reliance upon official jewish sources, with revealing quotes from their leaders and pundits. The eternal jewish message to Gentiles is: "Do as we say, not as we do." The jew approach to Gentiles has always been two-faced, for the Gentile is told to love the jew and the jew teaches his own to hate the Gentile host people. Under this smokescreen, the jew panders his way to power over his Gentile hosts. Ex-Mossadnik Victor Ostrovsky described the jewish attitude toward Gentile colleagues as follows: "When I am sitting with my friend, he's not sitting with HIS friend." In other words, all contacts should be one way, in favor of Israel, first, last and always.

The conclusion is inescapable: that jewish patriotism is alien and hostile to American patriotism, and jewish target #1 for genocide is the White race. As George Washington would say, "Patriot, look and learn." This book is top priority for reading, now! DOWZ! & ORION!
