

AMERICAN FUEHRER by F.J. Simonelli, a book review by E. Thomson

This is obviously a 'mainstream' (kosher) biography of Commander George Lincoln Rockwell. Mr. Simonelli may be one of the tribe, or a shabez Goy in need of status and shekels, for his approach to his subject is definitely kosher-partisan, and yet, he reveals the extent of jew media-control and jew authority in the U.S.A. almost as well as Rockwell. The jewish policy of restricting, distorting and denying the Goyim (the majority of the electorate) news about personalities and issues reflects the jews' fear of democracy, specifically in their treatment of Rockwell and his ideas. They chose, as always, not to debate him, but to censor or "quarantine" him. No matter how they tried to demean him, Rockwell had the hebes scared, as revealed by their actions against him, despite their public pronouncements.

Like ex-Mossadnik Victor Ostrovsky, Mr. Simonelli reveals the plethora and power of jew organizations in the U.S.A., including their role in influencing law enforcement authorities, from the FBI down to the local police. Rockwell said it, but few believed him. Simonelli says it and backs up his statements with jewish sources. His section on Notes indicates his extensive and thorough research.

Much of this biography, in respect to Rockwell's personal life, echoes THIS TIME THE WORLD, Rockwell's autobiography. Rockwell described his often painful experiences with family members during his process of maturation, as well as his broken marriages. As usual, a kosher biography must include attempts to perform a Freudian-style psychoanalysis on the subject, at secondhand. Simonelli attempts to please in this regard, but he reveals Rockwell's quite sane and rational responses to his family members, some of whom were domineering, some submissive; some supportive, some antagonistic, &c. This appears to be the human condition, with which jews are never, ever satisfied. Simonelli uses this ad hominem approach to a limited extent, for he knows that he must discredit Rockwell, even slightly, or go unpublished. The knowledgeable reader knows, however, that all people, great or small, can be subjected to antagonistic secondhand psychoanalysis as a smear tactic. Sometimes, as in the case of Karl Marx, there is no way other than complete omission or fabrication to obscure his own objective character dysfunctions.

Those who favor those in power view an individual's or a group's rebellion against authority in a critical and/or negative fashion. Simonelli describes Rockwell's rebellion in this context, but he reveals the extent of Zionist authority in U.S. society while doing so, just as Rockwell intended. Once the existence of this power is acknowledged, one can admire Rockwell's courage and determination to tackle it, on behalf of Gentile interests. Rockwell was as 'needful' of psychotherapy in the U.S.A. as any critic of "the workers' paradise" would have been in the U.S.S.R. Are the Chechens 'crazy' because they fight for their existence and their independence as Chechens? By the same token, the Floundering Fathers of the so-called American Revolution must have been just as crazy when they became 'terrorists' and 'illegal combatants' against their king. Insanity is in the eye of the beholder, and those with the power to define, control, as Orwell observed. It is definitely in the ZOG's interest to have us believe that Rockwell and his White Nationalist successors are 'crazy', and, if we don't believe that, the ZOG will offer the political pretext that White Nationalists are 'terrorists'.

Simonelli attempts to deal with the racial issue by claiming that there can be no such thing as 'racial contamination' (adultery). He styles race as a social convention, like the jew, Israel Ehrenberg alias "Ashley Montague". Obviously, if race is a social fiction, so is genetic science. If this is so, why does the ZOG continue to push 'racial' integration and enforce laws against 'genocide' on a selective basis? Why harm Whites, if we "don't exist"?

Inadvertently, or by design, Simonelli reveals the dramatic contradictions, the outrageous hypocrisy, of those who claim to support 'democracy' and 'freedom of speech'. Jews are revealed to seek freedom of speech for their interests, and to smother those who disagree with them. Judeo-democratic regimes tout their 'democratic' freedoms, then use laws and tactics entirely befitting the most brutal of Orwellian tyrannies, against those who have the 'wrong' ideas. As one writer said, "jews tout universalism on behalf of tribalism." We must remember that when jews talk of 'humanity', they mean only themselves. This explains the apparent contradictions.

Rockwell, as he is quoted, knew that he could come to power only via crisis. He predicted race-war, followed by economic collapse, starting with massive inflation. We are likely to discover that Rockwell's response was far ahead of the ability and willingness of the Goyim to comprehend what is in store for us. Once again, Simonelli describes Rockwell as politically irrelevant, but that Rockwell established a legacy of followers. Thus is the reader led to believe that "his truth goes marching on." ORION!

Your Mother
(Direct English Translation)

"When your mother has grown older,
When her dear, faithful eyes
no longer see life as they once did,
When her feet, grown tired,
No longer want to carry her as she walks -

Then lend her your arm in support,
Escort her with happy pleasure.
The hour will come when, weeping, you
Must accompany her on her final walk.

And if she asks you something,
Then give her an answer.
And if she asks again, then speak!
And if she asks yet again, respond to her,
Not impatiently, but with gentle calm.

And if she cannot understand you properly
Explain all to her happily.
The hour will come, the bitter hour,
When her mouth asks for nothing more."

Adolf Hitler, 1923.

THE AWAKENED DREAM

I dream of land of yesteryear
of tempered grace without the fear.
A world designed just for my kind
a place with others of like minds.

I dream of bold, courageous days,
a time when others know the ways,
Past days of glory, days so bright,
the reign of men with skin so White.

I dream because I am a man
who must believe and take a stand,
For I won't hold these dreams inside.
I speak aloud my faith and pride.

So dream with me not of the past,
For never do such dreams last.
Dream instead of The Holy Dawn.
Dream that Our People carry on.

But remember on this darkened night
That dreams may never see the light.
So live your dreams with open eyes
And see our dreams be realized!

On the other side come a subscription coupon to the Magazine White Voice. Again the world White is too much to swallow for the idiots. So change it to Euro Voice which would become the official publication of the Society for the Restauration of Sanity. No more racism! The wrapping has been changed and the sweet can more easily be swallowed. It can now be sold to the more intelligent middle class, the people who can make a difference.

National Socialism is the best product. But do not expect the stupid goyim to love Adolf after the brainwashing. So it must be administered in a different way. No more swastika, Nazi uniforms, Hail, or chasing in the forests with rifles. WE ARE PEACEFUL FELLOWS, WHO WANT TO HELP THE COMMUNITY. When the Christians start a mission, they offer a service, and with that service present their ideology. National Socialism is the best service to any community. It is caring for our own people. It is making them part of our family. It is putting a fence around our house to define our turf. Liberalism on the other hand is breaking down those fences, to allow the neighbour's dog to come and piss on our lawn. It is the seed for constant communal war. NEVER BE WHAT THE ENEMY EXPECT YOU TO BE! ALWAYS BE NICE! BE PART OF THE COMMUNITY! JOIN FORUMS! ALWAYS BE ON THE SIDE OF THE PEOPLE! OFFER NS POLICIES WITHOUT NAMING THE SOURCE AND BLAME ZOG FOR THE ECONOMIC PROBLEMS OF THE MASSES! BE ENTHUSIASTIC! Everybody loves a nice guy. When you have infiltrated, you can blame the rich, the invasion of aliens organised by "certain people who want to rule the world" and for whom our soldiers are being killed and maimed, the same people who want to destroy our daughters through interbreeding, etc, etc.

✱ To close I would like to quote the words of Marcus Tullius Cicero, to the Roman Senate in 743 BC ✱

'A NATION CAN SURVIVE ITS FOOLS, AND EVEN THE AMBITIOUS, BUT IT CANNOT SURVIVE TREASON FROM WITHIN. AN ENEMY AT THE GATES IS LESS FORMIDABLE, FOR HE IS KNOWN AND HE CARRIES HIS BANNERS OPENLY. BUT THE TRAITOR MOVES AMONG THOSE WITHIN THE GATE FREELY, HIS SLY WHISPERS RUSTLING THROUGH ALL THE ALLEYS, HEARD IN THE VERY HALLS OF GOVERNMENT ITSELF. FOR THE TRAITOR APPEARS NO TRAITOR. HE SPEAKS IN THE ACCENTS FAMILIAR TO HIS VICTIMS AND HE WEARS THEIR FACE AND THEIR GARMENTS AND HE APPEALS TO THE BASENESS THAT LIES DEEP IN THE HEARTS OF ALL MEN. HE ROTTS THE SOUL OF A NATION, HE WORKS SECRETLY AND UNKNOWN IN THE NIGHT TO UNDERMINE THE PILLARS OF A CITY. HE INFECTS THE BODY POLITIC SO THAT IT CAN NO LONGER RESIST '"

Remember that one man's traitor is another man's hero. You can replace traitor by freedom fighters. If 2 million members of the militias and associated outfits had spend their times distributing intelligent pamphlets instead of running in the woods, America would be a different place.

LET'S GET THIS RIGHT: JEWS AREN'T WHITE! by E. Thomson

From time to time a correspondent or writer will blithely state his unresearched opinion that jews are "White". This is not only a fallacy, but it is an impossibility. Here's why: the jews are the only people who are not qualified for protection under their own Genocide Treaty. (1) They are not a race. This is proven from jewish sources in regard to Falashim or Black jews; Benai Israel or Indian jews; Chinese jews, who look Chinese to a foreigner, but who are not real Chinese; the Sephardim or semitic jews; and the Ashkenazim or "Russian" jews, who are most likely to have White genes. These people converted to Judaism in 700 A.D. Many of them resemble White people, but all of them, according to "The Genetics of the Jews" have Afro-Asian genes, including the blondest of them. Blond, blue-eyed people with Afro-Asian genes are not White, but mongrels.

(2) Jews are not a religious group, for they include atheists. Two thirds of the "jewish" population of Israel are not religious, but claim to be "jewish" through their mothers, which is how Orthodox rabbis define "jewishness". A White person who 'converts' to Judaism will not be deemed a jew by Orthodox rabbis.

(3) Jews are not an ethnic group because they reside in all parts of the world and resemble their host peoples in looks, language, and often, in religion. Yet, they consider themselves jews. What can be their common bond? Not religion, not race, not ethnicity, but economy! It's their rackets which bind them together as jews, exactly as the "Patels" are bound together by their caste-determined role as merchants. Such disparate groups maintain cohesion with their common interests, and behave like a nation among nations. Yet, they are not a nation, which is comprised of people with a common genetic origin.

It is extremely dangerous to admit jews into White Nationalist groups, for I have had firsthand experience of their sudden betrayal of White interests in Rhodesia and South Africa. One day they were "White". Next day they were sneering at us as "you White people". Jews officially declared themselves non-White in 1972, as quoted in The Rand Daily Mail of May 15th, 1972.

Some Goyim go by FEDZOGUSA's definition of jews as "White", but if we were to accept ZOG definitions of "White", which includes hispanic mestizos and other Eurasian mongrels, Arabs, et al., we would cease being White Nationalists in fact and in effect. Foolish Whites may overlook racial differences, out of love for the ZOG, but mestizos, Arabs and other mongrels do not see Whites as their people, although they enjoy White women as trophy sex partners, like any Black or Asian pimp. I notice that a non-White 'stud' with a beautiful White female will enter premises, with his eye on the Ostensible White males, to amuse himself at their reactions, as if to say, "See what I took from you honkey muthas!" When an Ostensible White enters with a Black female, all eyes look at him with the unspoken question: "Are you blind or nuts?" I have seen this pattern almost daily in my work for a full decade, and there are many such places in this town, where the same things occur.

The jew's job is to infiltrate all Gentile groups, in order to spy on and to influence them for the benefit of himself and his fellow jews. A genuinely righteous jew belongs not with us, but with his own people, who sorely need him. Exclude the jew, White man, or your castles will be built on quicksand, and they will collapse like Rhodesia and South Africa. You are now informed and you have thereby been warned. ORION!

"THE GENETICS OF THE JEWS" by A.E. Mourant et al., Oxford University Press, 1978, reports the findings of jew hematologists, whose work was originally published in The Lancet, the official journal of the British Medical Association. They report that "even the blondest jew has Negro marker genes... which are due to concubinage (prostitution) and slavery."

Blacks were introduced in the Black Sea region, and along the Silk Route, as 'trade goods'. I have met dozens of 'poison dwarfs' from Odessa, jews who have mottled dark complexions, negroid noses, mongoloid eyes and kinky Afro hair; everyone as mean as he is ugly. These specimens comprise the darker side of the Ashkenazim or "Russian" jews. White they are not!

YOM KIPPUR — *What Is It?*

On the evening of October 12, Jews around the world gathered to celebrate the most holy day on the Jewish calendar. It is called *Yom Kippur*, or Day of Atonement. At synagogues everywhere worshippers recited the so-called *Kol Nidre* prayer. Taken from the first two Hebrew words of the prayer, "Kol Nidre," it means "all vows."

The *goyim** are told that Yom Kippur is an occasion when pious, saintly Jews approach their Maker in a penitential rite to beg his forgiveness for wrongs they have committed during the past year.

RUBBISH! The occasion is nothing less than a time when Jews ask for and receive absolution for all the sins and wrongs *they are about to commit—IN THE COMING YEAR!* In so doing, they cut a lawyer's deal with their god (whom they call YHWH, or *Yahweh*) which gives them an exemption *in advance* from all wrongdoing.

Here is the actual text of this outrageous "prayer":

"All vows, bonds, devotions, promises, obligations, penalties and oaths wherewith we may vow, swear, devote or bind ourselves: From this Day of Atonement until the next Day of Atonement, may it come unto us for good,—lo, all these—we repent us in them. They shall all be absolved, released, annulled, and made void and of no effect; they shall not be binding, nor shall they have any power. Our vows shall not be vows; our bonds shall not be bonds; and our oaths shall not be oaths."

That's pretty clear, unambiguous language. What we have here, in fact, is nothing less than a one-year, renewable license to lie, cheat and steal with impunity, all based on a decree from the Jews' so-called holy book, which says:

"And he who desires that none of his vows made during the year shall be valid, let him stand at the beginning of the year and declare, 'Every vow which I make in the future shall be null.'"

(Babylonian Talmud, *Tractate Nedarim* 23a & 23b)

Among those who will be reciting the *Kol Nidre* oath are the many Jewish politicians, judges, lawyers, corporate executives, businessmen, journalists, commentators and spokespersons disproportionately represented in public life today. It should be noted that any oaths they may take to uphold and defend the Constitution or otherwise tell the truth are, as of this occasion, "abandoned, cancelled, null and void" and rendered "without power and without standing."

Isn't that nice?

Lost Tribe found in India

More than 2,000 years after they claim to have first set foot in India, the mystery of the world's most obscure Jewish community—the Marathi-speaking *Bene Israel*—may finally have been solved with genetic carbon-dating revealing they carry the unusual Moses gene that would make them, literally the original children of Israel.

Four years of DNA tests on the 4,000-strong Bene Israel—now mainly based in Mumbai, Pune, Thane and Ahmedabad—indicates they are probable descendants of a small group of hereditary Israelite priests, or *Cohanim*, according to results of a new study.

The priests are scattered worldwide but genetically related in a distinctive fashion that leaves just a billion-to-one chance of a mistake in identifying who the Bene Israel really are, says Tudor Parfitt, Jewish Studies professor at London's School of Oriental and African Studies.

Parfitt, who initiated and led the research, says this is the first concrete proof that "exiles from Palestine made it as far as India and managed to maintain Judaism in the sea of Hinduism and Islam."

In the early '50s, 30,000 Bene Israelis returned to the so-called Promised Land, soon after the state of Israel was created. Their Indian appearance, cricket-playing, sari-wearing, curry-eating and Marathi-speaking habits led to a bitter battle for recognition as "real Jews."

The name Bene Israel literally means "Children of Israel," and their legend of origin holds their ancestors to be Jews fleeing persecution in Palestine in 175 BC.

According to the legend, seven men and seven women survived a shipwreck near Navgaon village on the Konkan coast. Their descendants became thoroughly Indian, except for observing Saturday, the Jewish sabbath, as a weekly holiday. The practice led them to be known as Shanwar Teli, Marathi for "Saturday oil-pressers."

It was only 1964, that the Israeli prime minister declared they were genuinely Jewish and should be allowed to return to Israel and intermarry.

But now, the new study goes one better. By studying certain genetic markers in the DNA chain, found only in male descendants of Aaron, Moses' elder brother, who founded the line of Jewish priests, the Bene Israel could well claim to be the purest of the pure.

The new research has also found preliminary genetic evidence to show the declining community of Black Jews of Cochin left Israel in remote historical times.

The new data, which has been featured in leading Western scientific journals, comes after painstaking efforts to genetically source the origins of India's other, self-professed "lost" Jewish tribes, including the Manipuri Jews and the Telugu-speaking Jews of Guntur.

"And thou shalt consume all the people which Adonai thy god shall deliver thee; thine eye shall have no pity upon them . . ."

—THE TORAH, Deuteronomy 7:16

—THE TALMUD, Soferim 13, Rule 10 (q.v. Jewish Encyclopedia, Funk & Wagnalls, 1907, p. 17: "Gentiles")

BROTHERHOOD. And members of that brotherhood will have to make efforts to spread the faith and most important to collect goods or money to give to the poor. In other words you will need to have somebody coherent who will approach affluent White people and ask them for charity. THEN ONLY CAN YOU REALLY START PREACHING.

And again remember that the most important thing about any religion is A BOOK. Write that book and you will be in business. But keep it simple.

OPPORTUNITY KNOCKS. CAN YOU HEAR IT, WHITEY? It is wisely said that the jew is no stronger than his host people. The jews are leaving their plundered and polluted crime scene in the former Soviet Bloc for the greener pastures and fatter Goyim of North America. Some of them are even looting North America in advance of their arrival, from their temporary bases in Italy, which shows us that jews are more efficient now than when they looted Egypt. The jews in North America have been doing what comes naturally to them for centuries, and anyone with the capacity to remember what they've seen from 12:00 o'clock to noon can observe the rapid acceleration of North America's decline. The jews' White host people in North America are in retreat and facing extinction as their aging population is not replaced, except by non-White peoples. How can this be an opportunity for Whites?

It all goes back to an originally White concept called "America", with which we identified, but which fell into the hands of the jew infiltrators, whose Zionist Occupation Government uses it against us. "White" and "American" were synonymous to those of us who still remember, ignoring the legal fact that Blacks, Asians and mestizos were also "Americans". "American "Indians" were "Americans" to some and "Indians" to others. This is always the problem when we confuse geography with biology, for a nation is really biological, rather than political or geographical in nature. The peoples of the Indian subcontinent know who they are. If you go and ask them, you will find few who say they are Indians: they are Moslems, Sikhs, Hindoos of upper or lower castes, Parsees, B'nai Israel et al. They do not identify themselves with the geographical or political expression called "India". If we go to Africa, we will find the same intelligent distinction between a people and a place. Even the most isolated pygmy or bushman knows who he is; the most educated Zulu, Xhosa or Arab knows who he is. None of them see themselves as "Africans", for that is a place, not a people. The European colonial regimes lumped the residents of Africa under the geographical term, "African", for their own purposes. Whites born in Africa for generations were deemed "Europeans" by colonial governments as well as by non-White residents of the continent. Only a fool can identify his people or nation with a geographical entity. In Europe and elsewhere, a territory occupied by a people was named for that people; not vice versa, as we have done here in America. Denmark was named after its residents, as were England, Scotland, Ireland, Wales, France, Germany, Russia, China et al. In nations not totally dominated by the Zionists, a foreigner can be born among them and live his entire life, without ever being considered a member of the nation. This follows the rule of Nature, not the rule of the ZOG, and is as it should be. So how do these facts affect Whites living in North America? It affects us plenty!

Right now, it is obvious that once-White living space is being invaded and populated by foreign nations who are fully aware of their national identities, as have been the so-called "Indians" of this continent, whatever we wanted to call them. Nationalism is the enemy of Zionism, which seeks to dissolve and adulterate all peoples by first erasing their national identities. For some reason Zionists have been most effective at erasing Whites' identity, but our destruction and extinction have been the jews' foremost goal, so we may surmise that the jews have put more resources into that scheme. On the contrary, the jews have exerted themselves to establish and maintain the national identity of non-Whites on this continent, which can work to our advantage, if we, as White Nationalists choose to work in concert with non-White nationalists against the Zionist Occupation Government of this territory. As the White dupes who think they are "Americans" diminish in numbers, the evil that the ZOG can accomplish also diminishes. If we do nothing as White people to save ourselves, we will diminish to the point of extinction. The faster non-White nations act in their own national interests here on the North American continent, the faster Whitey may wake up to the fact that his identity is not "American", but White. That is our most important task. All Whites must learn, whether we like it or not, that OUR RACE IS OUR NATION!

ORION!

The original definition of "nation" recognized the biological identity of a people, regardless of frontiers. Woodrow Wilson and others long recognized the socially destabilizing effect of multi-national states, and laid much of the blame for World War I on the existence of these unstable entities such as the Austro-Hungarian Empire and the Russian Empire. Wilson did not appear to recognize the fact that the U.S.A. was not, and never has been a nation, but likewise has always been a multi-national state ruled by an Anglo-jewish plutocracy. We have long been taught the old tyrant's tactic of "divide and rule", so it should be obvious to any political observer that this tactic is being applied speedily and ruthlessly by North America's Zionist rulers. Their intention seems to be (1) the total destruction of the White Race and (2) the enhancement of their power and wealth by means of the divide and rule tactic.

One example of how effective this policy of 'diversity' has been is the demise of special rights for Blacks and mestizos, which include "hispanics" and "American Indians". It wasn't Whitey who took away their special rights, but recent Asian arrivals who protested 'affirmative action' policies, particularly in university admissions. Whenever Asian interests are thwarted by racial quotas favoring Blacks and mestizos, we will see the abolition of such quota policies. The Whites could go on protesting through their able Black spokesman, but the ZOG doesn't listen to Whites. Affirmative action was resoundingly abolished in those states with large Asian populations: Washington and California. But using an Asian invasion to counter the power of Blacks and mestizos reminds one of the woman who swallowed the spider to catch the fly. Divide and rule seems to follow the rules of nuclear fission: once begun, the process must continue, until the resultant explosion. Divide and rule diversity does indeed exact a steep price, and that price is the loss of power and wealth which one can only enjoy within a community of people and purpose, to wit: a nationstate.

Greedy people within a community often betray the interests of their own people in various ways. They may impoverish their folk by depriving them of the means of enhancing their own living standards by dint of the people's productivity. They may damage the gene pool by war and/or the adoption of dysgenic breeding policies. They may allow aliens to invade the folk's living space. They may allow the enemies of their people to rule through them, and share in profits made from the destruction of their folk. This has happened throughout recorded history.

Wise Aryans know that wealth, real wealth, is one's community, not the property one owns, nor the money one has. If I live in a community of shared values, with safe streets, attractive surroundings and mutual support, I am rich indeed. If I make money at the expense of my community, then I am a poor fool or a criminal, for I have betrayed the entire basis for my own enjoyment of life by opening the dikes so as to flood my community with misery and hostile aliens. From this time on, I must live in a perpetual state of siege. When community is lost, all is lost. OUR RACE IS OUR NATION!

AN ARYAN VIEW OF CHURCH AND STATE

By Eric Thomson

Of Christianity it has been wisely observed that the good Christianity brought to Europe was not new and the new was not good. It has also been repeated that "Christianity was the basis of Western Civilization", but the fact of repetition does not make false statements become true. The equation of Christianity with Western Civilization is obviously false, since ancient Greece and Rome were pre-Christian parts of Western Civilization. Let's go into the northwestern parts of Europe, however, where people were said to be "uncivilized", since they did not reside in cities, for the most part. As Aryans, they lived by means of their crops, their livestock, fishing and artisanry. Fishing led to seafaring and seafaring led to travel and trade with the far reaches of the known and unknown worlds. Northwestern Europeans were also respected and feared as warriors, but they were hardly the uncouth savages depicted by Christian propagandists, who feared bathing as much as they feared their devil.

They had written languages in various alphabets known as runes which recorded examples of their religions, sagas, songs and poetry. Their social institutions were based on sound biological principles

A GOVERNMENT OF LAWS, NOT OF MEN by Eric Thomson

I first heard this Roman mantra as a pupil in elementary school. It was one of the Roman artifacts which the founders of the United States had expropriated, along with the Roman eagle, seen on the back of the quarter; the fasces, which appeared on the back of the Mercury head dime, and still appears in government buildings of the pre-World War II era; the republican form of government, and the Roman salute which U.S. school children used to perform when pledging allegiance to the flag. None of these institutions and symbols saved Rome. Rome perished for lack of Romans.

It should be obvious to the least 'educated' person that "a government of laws, not of men" is pure codswallop, with no bearing nor basis on reality. Apparently, enough Romans believed this nonsense to acquiesce in the invasion and conquest of Rome by non-Romans who arrived as slaves, immigrants and conquered peoples who were incorporated into the Roman Empire. As Rome decayed genetically and morally, it was decided to make such aliens "Roman citizens". After that folly, Rome's decline became a fall, and Rome passed into history.

I once asked an Anglo-mestizo agent of "The Immigration & Naturalization Service" what he thought he was doing. Well, he opined, he was "making new Americans" and he was attempting to keep out and/or deport illegal aliens. Knowing as I do that nations are biological, not geographical entities, I asked him what sort of mumbo-jumbo could make an alien into someone of another "nation". He was bemused. I said that one could "naturalize" sand as sugar, tar as chocolate and talcum powder as flour in a recipe for chocolate cake, but what you got out of it would be anything but chocolate cake! Well, he opined, anyone who swore to abide by "American" law and was duly naturalized was a bona fide U.S. citizen. Yes, I agreed, but he brings his nationality and his culture along with him. "Ah yes," he grinned vapidly, "and that's what makes 'America' (sic) great." "And that's the very same policy which completed the downfall of Rome," I added.

Let's compare this bogus 'nation' of laws to a real nation of people: Japan, for instance. Japan has the fewest lawyers of any country. How could this be? It has to do with real, biological nationhood. The Japanese are a sub-race and therefore have a national character and a national identity. Japan is not their business address as is the U.S.A. for natives and immigrants alike. Japan is their ancestral, mystical, biological homeland. It molds and supports Japanese character and Japanese society: blood and soil, remember? This does not mean that Aryans should 'aspire' to become Japanese, any more than we should aspire to become zebras, but we may learn important things when we compare the real Japanese nation to the phoney U.S. 'nation' cum Roman Empire.

Because Japanese have their national character, they agree upon most things, although they may differ on the means of attaining them. Even their corruption is understandable in Japanese terms. If a Jap crook gets caught stealing, there is no quibbling about the definition of the word "theft". Everyone, including the thief, agrees upon the matter, as well as upon the punishment. No lawyer need apply. This is a far cry from the Jew-Ess-Eh, which is fast becoming a 'nation' of lawyers and litigants who cannot even agree upon the definition of the word "is"! Should we be surprised at any of this?

The absurdity of the myth that any document can supplant the rule of men has long been public knowledge, although it is ignored. Consider what happened when the jew-book was made available to anyone who could read: religious wrangling and 'holy wars' became the order of the day. Jesus ben Yahweh's 'word' did not produce unity, but fission and schism, wars and conflict, because, dear reader, the meaning lies not in the word itself, but in the reader thereof. This explains why everyone wants something 'good', but few can agree what it is.

Politics is people-power, not words on paper. It is not laws which make the men, but men who use and interpret the laws. A government of laws, not of men, is like an army of uniforms, not of men. **OUR RACE IS OUR NATION!**

The Responsibility of Government in Farm And Other Crises

by
Eric Thomson

Most people have heard some news about the economic difficulties farmers are having in keeping their land and staying in business as producers of our most important commodity: food. The land is fertile and the farmers as productive as ever, if not more so, so we cannot find the source of the problem in Nature. The problem is therefore in Man who controls the market values for farm products and expands or contracts the supply of financial credit available to keep the farms producing.

It is no secret that Government is Man-created and Man-directed, but few, if any, are examining the role of Government in the farm crisis in terms other than the creation of additional deficits to provide needy farmers with 'handouts.'

What is the role of Government? Government is any body or group of men who DIRECT, PROTECT, and COLLECT on behalf of people living in any given territory. In North America, with its tradition of so-called rugged individualism and so-called free enterprise, the role of Government is arrogantly or supinely ignored, although all North Americans, even hermits, live in and are dependent upon the collective populace of this continent. The fact that most North Americans ignore the role of Government in their society does not lessen Government's role in the above three jobs. Ignorance merely allows the role of Government to be perverted from that of direction to misdirection, from protection to subversion, and from collection to extortion. The vast majority of North Americans live under their Government, while pretending that it does not exist!

What is the connection in terms of responsibility between Government and the Governed? We can be more specific by looking at the relationship which exists between Government and Farmers. Since paleolithic times, human societies approaching civilization have become more and more specialized. This specialization is only natural, for one who does one thing only is more likely to do that thing better than one who divides his

work amongst a myriad of jobs and activities. Specialization has two things in its favor: productivity and ease, which are based upon expertise and organization of effort. The farmer of today is an agricultural specialist, even though he may produce animal as well as vegetable foods. It is, therefore, not realistic to expect that the farmer or any other working, productive citizen should fill the role assigned to government. First and foremost, the farmer has no time! It has always been so. Even in the first so-called democracy of Athens, 90% of the people were slaves or women who worked on behalf of the free, male 10% whose job it was to govern. Thus it is that the farmer's problems are not due to his inattention to acquiring expertise in farming, nor to his lack of diligence as a farmer or a citizen, but to the defective nature of our Government.

I do not say that the structure of North American Government must be changed with new constitutions, etc., for all Governments, be they monarchies, democracies (so-called), oligarchies, dictatorships, republics, etc., to perform the same three functions to greater or lesser extents. By directing, they all make laws; by protecting, they all have armed forces, including police; by collecting, they all levy taxes. All Governments exist with the consent of the Governed, even that of the Soviet Union, even though that consent be the outgrowth of fear, apathy, complacency, or ignorance. It is unfortunate that the writers of the U.S.A.'s Declaration of Independence and later, the Constitution, unduly muddled the role of Government with their legalistic fantasies based upon no less fantastic assumptions, i.e., that "all men are created equal." What these wishful thinkers achieved was not so much the diminution of Government's role in society, but the miseducation of the Governed as to the role of Government. Those who look at the current farm crisis with the feeling that there is something incoherent and disconnected are correct, for neither those who are governed nor those who govern appreciate the necessary and inescapable role of Government in society—any society.

It is not, then, the quality of laws that is lacking here in North America, but rather the quality of our men—both our leaders and those who are led—which is sorely lacking. Because the role of Government has been ignored by most able people in our society, the quality of those who govern is disgustingly inferior. The present human refuse now inhabiting the marble corridors of our Government smell so badly of corruption and incompetence that superior men, for the most part, have chosen

to withdraw from so-called politics—although this is impossible for anyone to do. There is no escape from politics. The only alternative is to rule or to be ruled. It is the glaring fault of our best people that they have permitted the worst to occupy the corridors of Government and to place the direction of our people in the hands of alien beings who now manipulate the holders of office so as to destroy our people.

Thus do we see that the farm crisis is merely a symptom of an underlying disease. This disease has been wracking our body politic for most of this century, as well as most of the 19th Century, for nearly as long as the White Man has occupied this continent. The most obvious signs of our social malady appeared during the so-called New Deal Era, in which the Government borrowed money from the Jew-bankers in order to employ men to dig holes and fill them again, to kill every fifth pig, and to plow under every third row of corn—and this in a land of peace and plenty! The present Government, which is the direct descendant of the New Deal Swindlers has not changed its direction or misdirection of our society one whit. On the contrary! The National Debt is swelling at a phenomenal rate.

What, indeed, is this National Debt? It is no less than the robbery of future generations to support the criminal folly of the present and of the past. It is more than taking candy from babies: it is the robbing of their future, before they are even born. And no one seems to worry about the gravity of this National Debt, for they all believe, deep down, that they will never pay it. But pay it they will, now and forever, unless the people create a competent Government of their own which will protect the people's interest in the present, as well as the future. It is no secret that what is done or not done in the here and now MAKES the future.

The question, therefore, which we all must ask ourselves is: What are we doing about the present, in order to assure ourselves of any future worth living in? All the cowardice and apathy which we now show the Zionist Occupation Government will not prolong our miserable lives one minute, nor will it make them more worth living. It is high time that we not only faced up to our problems, but that we begin to do everything necessary toward their solution, beginning right now, in our own lives and in our own neighborhoods, for only when one has mobilized for action can one begin to work with others so as to solve the problems which affect everyone in our society.

The farmers are beginning to see that their problems are not

merely farmers' problems, but our people's problems. Our immediate task is to inform the people that the farmers' problems are their problems also; otherwise the ZOG will continue to maintain its domination over us through the tactic of 'divide and rule.'

The purpose of this essay is not to entertain, but to inform. If you need more information, then I have suggested the outlines of the subject matter, and it is up to you to obtain all the information you need in order to initiate effective action, both individually and collectively. I hope that the time lag between the information and the action will not be long, for the enemy is bleeding us of our lives and of our future every hour of every day. How long do you want this to go on? It is up to you!

Government is our responsibility and always has been. The fact that we have been derelict in our duties as men and women is no excuse for us to continue in our roles as pawns and dupes of the Zionist Occupation Government. There is not much from which to choose. The ZOG's path leads only to destruction and chaos, as the Jews have shown us throughout history. Even if we choose to serve the ZOG, we will not see a future for our descendants. When death and darkness are certainties if we do nothing, is it not worth doing something which will place our White Race once more on the path of a bright future, on this Earth and beyond the stars? Once again, you must answer this question for yourself. All the information and all the instruments in the world are useless if one lacks the will to use them. In the words of one great White Man: The question is, to be or not to be. Wake up, White Man! It is time to decide what WE want for ourselves. The Enemy has long ago decided what HE wants to do to us. For death to overtake us, we need do nothing, as we are now doing. Life is struggle, White Man, so, are you man enough to choose Life? Are you done with words? The time has come for deeds! □
