

The One Drop Rule: You're Either White or You're Not! By J. Tiderencel

Often, when I ask an Ostensible White his heritage, I get a cagey answer along the lines: "Um... German, Irish and Indian." Little does he realize that he has pronounced himself non-White. Amerindians are not White, for they are Asians whose ancestors migrated many thousands of years ago into the Western Hemisphere via the Bering Strait Land Bridge. Anyone knowing any history at all would know this fact. It is my view that you must have ancestors of total European descent, or you are not White.

Many Ostensible Whites reveal their racial adulteration by their own words and deeds. Culture stems from biology, so Real, True Whites don't behave like niggers with regard to family, work and social activities. True Whites are devoted to their race. They work as hard as they can to improve and to increase their race. Therefore, True Whites react appropriately when threatened, as do all sane individuals and groups.

So, if many alleged Whites are not Whites, then who is? DNA testing is the answer, but it may not be available in all situations. Thus we must rely upon our instincts. Does a person appear White? Indicators such as skin tone, hair color and shape, eye color and shape are useful in distinguishing 'partial Whites' from Real Whites. Does a person act White, or are they "bumping" rap 'music' and nigger fashions? If so, they reveal Black African ancestry.

One drop of non-White blood makes a person non-White, without exception. Contrary to Catholic and Christian belief, one cannot, via mumbo-jumbo incantations, "transubstantiate" or "convert" one substance or being into something or someone else. Adultery violates the Judeo-Christian 7th Commandment, so pretending that race may be "changed" or ignored is neither true theologically nor in reality, that is biologically.

Racial reality is what we see daily in inner cities where non-Whites swarm in their environment of crime, drugs and poverty. The creation of a White National State would eliminate such problems, but that would be pointless if we were to admit partial Whites, i.e. non-Whites with their biological behavior and values. The ancient Aryans warned: "From the corruption of women proceeds the confusion of races; from the confusion of races, the loss of memory; from the loss of memory, the loss of understanding, and from this, all evil."

The creation of the White Nation, followed by the White Nationstate is the true aim of all White Nationalists, and it must be done in that order. To establish a state for the White Nation (People) requires us to agree upon who is White, so we don't fall into the error of including non-Whites and their destructive behavior. To exist, a Nation must be inclusive of its own and exclusive of alien elements. It's "Us" versus "Them" in reality, if we wish to survive in reality. Wishful-thinking does not make it so. Belief must be in accord with behavior, for us to be relevant in life, rather than fantasy. Hence, we must be racially conscious so we can think always: "Is it good for Whites?" This question applies to our behavior as a Nation, and to our behavior as individuals, in everything we do, 24-7! To know what is good for us means we must know who we are; that we are Whites, first and foremost. In this way we may avoid falling into the multi-racial cesspools of the past by becoming fully conscious of who we are: Only change of mind can save Our Kind!

Why I'm a Racist and Proud by J. Tiderencel

Nature decrees that the smartest, fittest creatures survive and the less intelligent, less fit perish. This fact of life is defied by Judeo-American society which seeks to sustain the least fit at the expense of the entire population, and their future. It is as if all contenders in an automobile race were forced to slow down for the car in last place. Hence, there would be no winners nor losers, since everyone would be in 'first place.'

Throughout history, the White Race has ^{created the} greatest civilizations, the most powerful societies and the most innovative technologies.

It is only in recent times that our innovations and inventions have slowed, with the advent of Judeo-American Egalitarianism, which is delusion rather than reality. The fallacy that "All men are created equal" will destroy what remains of civilization as we know it. The only debatable question is whether this ^{is} good or bad for the Problem-Solvers, rather than for the Problem-Makers.

Judeo-America is a bloated, corrupt, amoral plutocracy; a fetid multi-racial cesspool similar to ancient Rome before its collapse. It is an empire, miscalled as a "nation," of degenerate hedonism and perverted defilement of Nature's laws of biology, i.e. race. Although Judeo-America has never been a democracy, it has always been a hypocrisy in its ethics and legality, for it serves only Zionism in the form of usury and Israel-idolatry. In the 20th century, an observer remarked that Israel's national anthem is "Onward Christian (i.e. jew-slave) Soldiers."

Judeo-America's economy is based on infinite debt, designed to cripple and enslave the productive "Goyim" (Gentiles) who struggle to achieve the illusory "American Dream." This is a land of self-serving contradictions which serve our jew money-masters in fact, despite our wishful fantasies, since those fantasies are promoted by our jew masters via their jews' media of information, entertainment and 'edjewcation.' We have become consumers, rather than citizens, and we consume the things which poison us mentally and physically, on behalf of jew power and profit. Unknowingly, we struggle and perish on behalf of The Jew World Ordure, inside and outside Judeo-America.

I am a racist because I strive to battle against the contemptible fictions, as well as the brutal force which backs them up, that aim to enslave and to destroy Our Race. I stand up for White Rights, since we have performed the duties to obtain them, in the midst of our parasites who include non-Whites and the White traitors who serve them.

If putting our White Race first makes me "evil" in the eyes of our anti-White enemies, I shall accept their calumny as an honor, for I don't wish to see the beauty of White women and children disappear without speaking up against it. ORION!

THE WHITE PHOENIX ARISES!
