

**Briefe aus Gefängniszelle 7: Im Jahre 2003
in einem kanadischen Hochsicherheitstrakt geschrieben
Von Ernst Zündel**

(übersetzt aus dem Englischen "Setting the Record Straight")

“Mein wirkliches Verbrechen ist, daß ich in einer jüdischen Welt Nichtjude bleiben wollte. Mein Verfahren würde schon lange beendet sein, würde ich mich nur entschuldigen und vor Zion zu Beden werfen. Im Augenblick stehe ich noch – na, nicht ganz; ich liege entweder auf meiner Pritsche in der Gefängniszelle oder bin über meinen kleine Ecktisch gebeugt. Ich size auf meinem “Hocker” aus Büchern und Gerichtsdokumenten, da mir kein Stuhl erlaubt ist. Ich verbrauche meine immer kleiner werdenden Bleistiftstummel, um an meine Freunde zu schreiben, an öffentliche Dienststellen oder Politiker. Ich zeichne kleine Skizzen mit Bleistift für die guten Menschen, die [meiner Frau] Spenden geben, sodaß wir die teuren Anwälte bezahlen können, die tüchtig und tapfer in drei Ländern und auf zwei Kontinenten um meine Rechte kämpfen.”

US\$ 20.-

So schrieb der deutschgebürtige Ernst Zündel in 2003 in einem kanadischen Gefängnis, wohin er in Ketten geschleppt wurde, nachdem man ihn in Tennessee,USA am hellen Tag gefangennahm und entführte.

Zwei Jahre lang hielt man ihn in Isolationshaft in einer eiskalten, fensterlosen Gefängniszelle, in der das Licht nie abgeschaltet wurde – ohne daß man ihn jemals angeklagt und schon gar nicht verurteilt hat. Dann wurde er am 1. März 2005 in einem teuren aber geheimen Privatflugzeug nach Deutschland verschleppt, wo er als “Gedankenverbrecher” in einer anderen Zelle jetzt auf ein schweres Urteil wartet.

Sein “Verbrechen”? Er zweifelt den Holocaust an!

We are vastly expanding our Public Information Outreach about what's really known about the "Holocaust" - by sorting facts from political propaganda!

Ever since the highly successful December 11-12, 2006 Conference, titled **Review of the Holocaust, Global Vision**, organized by the Iranian **Institute for Political International Studies** that welcomed scientists, academics, and reporters from 67 countries to Tehran, Revisionism has become what Dr. Robert Faurisson has always predicted – an intellectually exciting, reputable enterprise that challenges previous claims regarding German concentration camps as factories of genocide. Our discipline has now moved mainstream and has become a tool of respectable statecraft. We are no longer marginal - and demonized!

As part of our information outreach campaign, **we are offering a choice of one of four DVDs, free of charge** to serious investigators, journalists, and financial supporters.

These DVDs – available only in English so far, although translations are in progress - consist of **one main documentary – and 3 sub-documentaries as spin-offs.**

Lady Michelle Renouf of England hands Iranian President Ahmadinejad a copy of the Zundel documentary, "Setting the Record Straight" -

The main DVD is 4 1/2 hours long. It spans some 20 years of activism initiated and carried out by the globally known German-Canadian free speech activist, Ernst Zundel. It covers the two Great Holocaust Trials (1985 and 1988) and the all-important, ground-breaking Leuchter Expedition to Auschwitz that put the nail in the coffin of the Holocaust Myth. It pays tribute to the many Zundel volunteers who helped make this breakthrough come true. It highlights subsequent information outreach efforts which triggered ever more brutal and stringent measures by the beleaguered Holocaust Lobby and, in the end, led to the use of legal and finally physical terror against Ernst Zundel, ending in his tragic political kidnapping in 2003 under the infamous Patriot Act. This DVD should not be viewed in one sitting. It is fast-paced and packed with information and emotion that can't be absorbed in one viewing.

The 14-minute DVD is a brief, compact introduction to the dramatic results and political significance of the two Great Holocaust Trials. It is a handy overview to give to journalists, teachers, neighbors, friends – even elected representatives who might be pressed for time. It is best used as a "foot-in-the-door" tool for someone still steeped in traditional Holocaust lore. It features a former Associated Press reporter, Michael Hoffman III, in conversation with Ernst Zundel.

The 38-minute DVD features the exciting, highly dramatic Leuchter Expedition into still Soviet-dominated Poland to take samples from the Auschwitz facilities to test them for the alleged poison, Zyklon B, claimed to be used in "gassings". A quick introduction to the energetic Zundel activism that substituted unsubstantiated "survivor stories" with forensic findings solidly grounded in science.

The 126 minute DVD features informal debriefings at the historical Zundel-Haus in 1985, in addition to the Leuchter Expedition. This video was especially prepared for the Iranian Conference and was personally given to the President of Iran, Dr. Ahmadinejad. Invite your neighbors and friends for an evening of leisurely viewing of one of the most politically incisive struggles of our time!

Please choose only one of the four as a free sample, since quantities are limited – and expensive. If, after viewing your sample, you would like to have additional copies to hand out to your associates and friends, please contact us for further information.
