The Crucifixion of Jews Must Stop!

By MARTIN H. GLYNN

(Former Governor of the State of N. Y.)

From across the sea six million men and women call to us for help, and eight hundred thousand little children cry for bread.

These children, these men and women are our fellow-members of the human family, with the same claim on life as we, the same susceptibility to the winter's cold, the same propensity to death before the fangs of hunger. Within them reside the limitless possibilities for the advancement of the human race as naturally would reside in six million human beings. We may not be their keepers but we ought to be their helpers.

In the face of death, in the throes of starvation there is no place for mental distinctions of creed, no place for physical differentiations of race. In this catastrophe, when six million human beings are being whirled toward the grave by a cruel and relentless fate, only the most idealistic promptings of human nature should sway the heart and move the hand.

Six million men and women are dying from lack of the necessities of life; eight hundred thousand children cry for bread. And this fate is upon them through no fault of their own, through no transgression of the laws of God or man; but through the awful tyranny of war and a bigoted lust for Jewish blood.

In this threatened holocaust of human life, forgotten are the niceties of philosophical distinction, forgotten are the differences of historical interpretation; and the determination to help the helpless, to shelter the homeless, to clothe the naked and to help the dying.

Dear Members and Supporters:

As I am writing these lines, the anti-German propaganda movie *Schindler's List* has been in the theatres for 16 weeks. It is shown in 1,382 locations across the country, and has so far grossed \$74.7 million. Needless to say, the Jewish overlords are making every effort to promote this hate film, and everywhere, brainwashed teachers are taking their pupils to see it.

Have no fear though: I stick by my prior statement that almost everything the *Oberjuden* are doing now, including this stupid film and the numerous "Holocaust" museums and memorials, will backfire. (Just notice what is currently happening to the unrepairable relations between Blacks and Jews.)

To the left you will find an important *Zeitdokument* (document pertaining to our era). As you see, it is from the 31 October 1919-issue of an American Jewish magazine, and must therefore be true. Please notice that Gov. Gwynn spoke already then of "6 million" and a "holocaust". This information was discovered by the Polish Historical Society, 91 Strawberry Hill Ave. Stamford, CN 06902

GANPAC is the *only* organization politically defending and representing the interests of the 60 million Americans who have declared themselves "German-Americans", this nation's largest ethnic group. It is GANPAC's aim to fight the constant defamation of all things German by the American newsmedia, to inform the American public of the great contributions by the German-Americans and Germans to the growth and well-being of this nation, and to help build a better society for all.

The GANPAC BRIEF appears monthly. Subscription/donation rates are \$50 per annum (\$25 for students and Social Security recipients - U.S. addresses only.) Back issues are available. Write for list.
