sent this year because now being 84 I am somewhat disabled and much reduced in my capacity for work. However, while evidently on the last lap, and with the added impediment of a broken arm slow to mend, be assured that all is by no means gloom at Thor-garth this yuletide where I have the immense benefit of the care and company of Julie, my Hungarian friend of 30 years who finally became my wife on 10 August of this year. Her daughter by her earlier marriage lives here too and helps, including coping with a computer and the Internet.

TWILIGHT OVER BRITAIN. This year comes to an end in a country doomed on all present trends to continue to descend into terminal degeneracy, disruption and decline in the course of racial ruination. As things are it is only a question of time before Britain, in the meaningful sense of what she once was, will be virtually finished and all we will be left with is an island slum inhabited by a multiracial rabble under Jewish overlordship. Democracy will have come to fruition. The war against Hitler will have reached ultima consummation.

THE COLOURED INVASION, the invasion which our own misrulers have inflicted on us after urging us to rise up to repel one by Hitler, proceeds apace without a shot being fired by the victors of democracy, the destroyers of Hitler and his unique Aryan renaissance which would have saved Britain from ruin. Here in Yorkshire more than 40,000 immigrants have arrived in the past year (Yorkshire Post 28 Nov.). According to the Daily Mail (13 Oct.) citing research by the House of Commons Library 'At least 95,000 houses will have to be built every year until 2020 to cope with the record influx of immigrants with immigration as a whole running at 574,000 last year alone (Daily Mail 29 Sept.), alongside the emigration last year of 200,000 Britons (Daily Telegraph 16 Nov.), and the hordes of Coloured immigrants breeding busily, the Office of National Statistics, reported in the Daily Telegraph 28 Nov., estimates the population of Britain can nearly double to 108 million before the end of this century. This means that, due to the government sponsored Coloured invasion of your country, in the time of your children Britain will have ceased to be British because it will have an Afro-Asian majority in domination. This is the legacy you are leaving your descendants, unless you stop it.

EVER DEEPER INTO DECAY has sunk Britain in the year behind us as the Coloureds crowd in to take over. With them come more and more Asiatic goods to displace British ones. British industries wane or disappear and firms resort to labour and call centres in the Far East. Our schools are in the grip of marxist multiracialists at work to captivate the minds of the citizens of the future. Post offices, 2,500 of them, are being closed down. Local shops are disappearing, killed off by the Jewish supermarkets out to monopolise the country's food supply and control much else. The police are being turned in to a force of renegades for the suppression of white nationalism as 'hate' crime with additional legislation and extended penalties. The European Union, which is a denationalising instrument, step by step imposes its power and requirements. Our youth are given no upliftment to social responsibility and patriotism, and thus become a scruffy, aimless mob gravitating to hooliganism and drugs. Abortion is promoted along with a low birthrate for whites, thereby hastening the advent of a Coloured majority. Mind-moulded by round-the-clock television, the enemy agent of constant control in the centre of every home, and beguiled by a plethora of captivating and distractive technical devices from computers to mobile phones, the public is deprived of the energising force of an organic culture, and thereby sinks listlessly into a sparkling barbarism bereft of the will for self-defence.

JEW'S PAY LABOUR. As this year of Britain in the twilight draws to a close we have seen something of the Jewish financing of Britain's old political parties, and thereby the Jewish governing power of the purse behind the facade of democracy. In the news has been yet another in the long line of Jewish paymasters who call the tune in that pretence of a champion of the workers of Britain known as the Labour Party: financier David Abrahams, mixed up with fellow Jew Peter Watts, till now secretary of the party, and fellow Jew Jon Mendelsohn, the party's director of funding, including election financing to cajole the ballot box approval of the two-legged sheep on which the party game of that confidence trick called democracy depends. Thus does Greater Israel cast its tentacles and hold sway in what once was Great Britain with the greatest empire the world has ever seen.

VERY FOREIGN AFFAIRS come to us these days by way of our new and very Jewish Foreign Secretary David Miliband, who has been visiting that centre of the universe, Israel, in November, meeting relatives and signifying attachment. The Daily Telegraph (5 Sept.) has him urging at length the desirability of bringing Asiatic Turkey into the European Union, and thus giving its many millions the right to flood into Britain to exploit our social services.

BNP PRACTICES SELF-MUTILATION. While the old parties, Labour, Liberal and Conservative, proceed with the destruction of our race and country, the British National Party in the hands of turncoat Nick Griffin proceeds with the destruction of its own efficacy as an instrument of salvation, doing this by voluntary devitalisation, meaning the crucial abandonment of the racial policy which is absolutely essential for survival and revival. With the sick idea that it should trim and compromise its policy to the extent necessary to appear eligible to voters as now part of the 'mainstream' of British politics, meaning at one with the old parties in conformance to their underlying precepts, the Griffinites have now abandoned opposition to Jewish control and have accepted permanent Coloured settlement.

BNP GOES KOSHER. Selling principles for votes, the Griffinite BNP has opened its doors to Jews and bowed to Israel. BNP Press Officer Simon Darby has boasted of this development in a statement to the London 'Jewish Chronicle' (23 Nov.) that 'We have at least one Jewish councillor and dozens of Jewish members.' Enlarging on this another BNP spokesman has had a letter published in that top organ of Britain's Jewry declaring support for Israel and rejection of antisemitism, this in tune with the statement by Alan Goodacre of the BNP Policy Forum in the BNP's 'Voice of Freedom' No. 79 that 'Our repudiation of anti-semitism is genuine'. If some pathetic apologists for this display of obeisance try to excuse it as merely clever window dressing, let them tell us who on earth could sensibly trust people given to such pretences. The BNP renouncers of antisemitism are condemnable either as abasing themselves to Jewry or falsifying to the public.

BNP ACCEPTS BRITAIN BECOMING COLOURED. Without compulsory deportation, which the BNP rejects, even if all further Coloured immigration was stopped the number of Coloureds already here and their breeding rate means that they will eventually become the majority in the population of this country. Thus all the BNP has to offer is a slowing down in the process of Britain going Coloured, not a prevention of this. Thus on the immigration issue the BNP is a fraud, deluding people with a pretence of a solution.

FATED TO FAIL. The BNP's prostitution for payment in votes is an exercise in futility for the following reasons. Firstly, the rate of increase of Coloureds in the electorate is bound to exceed the rate of expansion in BNP support. Secondly, even if the rise in the Coloured vote did not keep the BNP out of government, the old parties can be relied on to do so by any and every means of hampering and crippling, and if needs be outright prohibition as 'subversive' of democratic society in its progression to the global unity of mankind.

BNP IS PART OF THE ENEMY. By its abandonment of that racial basis which is the determining substance of a genuine nationalist or National Socialist organisation the BNP has put itself in conflict with us and thereby part of the enemy. We must not let faulty thinking and misplaced sentiment obscure this.

AS A FOOTNOTE genuine nationalist and National Socialist organisations need to consider the two arguments above against the feasibility of electioneering. Can they really hope not only to win enough votes sufficiently quickly to beat the rate of increase in the Coloured electorate, but also to escape decisive handicap or exclusion by the dictators of democracy? If not, then other means to overthrow the death grip of democracy have to be explored and adopted. The answer is a total war of effective resistance, disrupting the system.

IN MEMORIAM. The year now ending has brought the loss to us of that most distinguished of lady warriors of National Socialism, Mrs Florentine Rost van Tonningen, who died on 24 March aged 92, and of David Lane, imprisoned warrior of Bob Mathews's uprising brotherhood, who died on 28 May aged 69. A friend and supporter for decades has lost her husband, Walter Horton. Also, just died 10 December 2007: John Cook, old member of the former NSM.

SUBSERVIENT TO BUSH & ISRAEL. While Britons die in dirty hospitals with research which could save them deemed too costly to provide, £1.9 billion pounds have been expended this year on sending British troops to Iraq and Afghanistan for no worthwhile British interest whatsoever, while their homeland, which they are supposed to defend from invasion, is by their enforced dereliction of duty being invaded from these and other parts of Asia as well as Africa. This illegitimate military intervention far away from our real concerns has been brought about by that big brother of Britain's prime traitors Blair and Brown, the homicidal imbecile President Bush, funded by American Jewry in return for providing from the American taxpayer life-sustaining subsidies for Israel in money and military material along with constant support in other ways as well for Israel's aim of expansion and domination in the Middle East. Israel is the key factor.

BRITAIN UNDER THREAT OF TERRORISM. This is the direct result of Britain's subservience to Jewry, including subservience to Israel's puppet Bush. So freeing Britain from this subservience to Jewry and its agent Bush is the real way to remove the overhanging threat of bombs in our midst and without the oppressive precautions and restrictions resorted to otherwise. Nothing else will do.

BUSH BASE BRINGS JEOPARDY NEARBY. Just a few miles from my home here there is a highly dangerous outpost on British soil of warmongering world menace George Bush. This is the Menwith Hill global surveillance facility which is eavesdropping on communications worldwide, including maybe your next telephone call. It does not end with spying. Bush has now got the agreement of our prime renegade, Prime Minister Brown, to this snoop station in our midst being made part of the Bush 'Ballistic Missile System'. Thus in the coming year 2008 we will be put in that much more danger of retaliation.

THE GREAT LIE OF THE SIX MILLION. Day in and day out throughout 2007 the storytellers have been unceasingly hard at work reciting the fiction of Jewish extermination despite the never ending appearance of 'survivors' so numerous as to contradict the story. Having produced it as the great prophylactic to prevent a realisation and revival of National Socialism as the form and force of Aryan liberation, the Jews and their lackeys now stand or fall by it. Hence our task has to be to face up to it and disprove it, not to try to evade it, or to accept it as now does the 'mainstream' BNP. The counterblast to the great lie of the six million is the great truth of the multimillions more exterminated by the Reds which Churchill and Roosevelt and their supporting millions of democrats applauded in wartime alliance against Hitler. Added to this are the multimillions of past Britons who cherished, worked for and fought for a Britain for the British, and the multimillions of future Britons condemned to subjection to a Coloured majority if the old parties and the BNP are allowed to bring this about. It was not Hitler who brought about an invasion of Britain by Negroes and Asian. In comparison to this, his occupation would have been a liberation.

THE MARTYDOM OF ERNST ZÜNDEL. He again faces yuletide behind bars in Germany after having been kidnapped from Canada in revenge for having so effectively disproved the Great Lie of the Six Million. His brave lady lawyer Sylvia Stolz is being prosecuted because of her outspoken defence of Ernst.

TRIBUTE FOR MERITORIOUS SERVICE IN 2007 is due to Lady Michele Renouf for her contradiction of the Six Million Lie through her Telling Films (P.O.Box 18812, London SW7 4WD) and her attendance and speech at the Teheran Conference on the holocaust propaganda by the Jews. Also to veteran nationalist Richard Edmunds for his continuing fight for race and nation.

MAKE THIS YOUR NEW YEAR'S RESOLUTION:- Total defiance and total resistance to the death system of multiracial democracy, never accepting its ways and demands, always seeking and finding ways to hinder and harm the system and thwart its aims. Thereby you become part of the uprising which is Britain's only hope and last chance. So give the system a yule present of some bit of harm to help along its undoing! The best yule game of all can be planning it.
