☒ **DR. DAVID DUKE CONDEMNED FOR THE "HATE CRIME" OF SIMPLY SPEAKING AGAINST IMMIGRATION** —

☐ **AFRICANS IN FRANCE SET HANDICAPPED WHITE WOMAN ON FIRE — BUT THAT'S NOT CALLED A "HATE CRIME!"**

Quoted from the Associated Press Nov. 4, 2005...

A savage assault on a bus passenger highlighted the dangers of travel in Paris' Muslim-filled and impoverished outlying neighborhoods, where the violence has entered its second week. The African immigrant attackers doused the woman, in her 50s and on crutches, with an inflammable liquid and set her afire as she tried to get off a bus in the suburb of Sevran Wednesday, judicial officials said. The bus had been forced to stop because of burning objects in its path. She was rescued by the driver and hospitalized with severe burns.

During the worst days of the race-driven, anti-White riots across Europe, it was a world wide news story when I was branded a hate criminal by the media for an intellectual, non-violent speech in Sweden where I warned of the dangers of massive non-European immigration.

A Swedish prosecutor who opposes free speech urged police to open an investigation to see if any of my words could be construed as a "racial hate crime." A conviction could put me in prison for 5 years on each count.

Left—a symbolic representation of a middle-aged, handicapped White woman who was set on fire by an African immigrant mob.

She is nameless and faceless. There is no media focus on her, no interviews with her grieving family, and no condemnation of this horrendous act as a "hate crime." We are not even allowed to know her name.

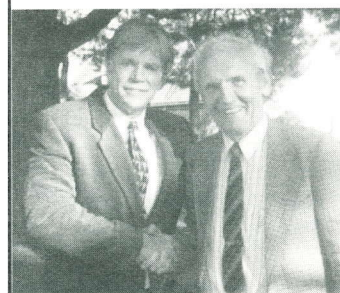

This affront to free speech and free expression was trumpeted around the world as a justified action against a terrible "hate criminal."

Contrast the accusation of a hate crime against me for merely speaking out non-violently and not hatefully, as compared to the

burning alive of a handicapped White woman by a crazed Black mob!

Continued on page 3

David Duke with Parliamentarian Klaus Menzel at the meeting where Dr. Duke is accused of "hate crimes."

The media and government establishment see no "hate crime" in the burning of a handicapped White woman by a hate-filled, crazed mob of African immigrants. Yet, they portray me (here in Sweden with Klaus Menzel) as a "hate criminal" for simply exercising free speech.

Sincere Thanks from Dr. David Duke

My Dear Friends,

I want to take a moment to thank all the people who have posted congratulations to me on attainment of my doctorate. It seems I have a hard disk full of emails of good wishes.

And, thanks to those who helped repair my home and office.

Thank You All!

I do want to say that in some ways I feel I am undeserving. I was lucky to work with a great university and very brave individuals who dared to raise the ire of the Jewish extremists. At this moment I think of my friend Germar Rudolf who was unjustly denied his doctorate in Germany because of his truth telling. I consider him even more deserving of the title of Doctor along with my friend the great revisionist and incredible scholar, Juergen Graf.

Far worse than his unfair academic treatment, Germar today sits in a dank jail in Germany facing perhaps many years in prison for simply offering his intellectual opinion on historical events that happened over 60 years ago! He is separated from his lovely American wife and recently born child. My thoughts are with him now and it tempers my own sense of elation as to my new degree.

And, I can think of a number of other writers, researchers, and philosophers of our Cause that deserve the title as much or more than I do for their intellectual work on behalf of our people.

Furthermore, there are so many without the title of Doctor that have done brilliant work for our Cause and they continue to deserve our respect and utmost support. One needs not a higher degree to tell the truth!

I would lie if I told you that achieving this PhD from a major university system has not been a source of great satisfaction, especially because the intellectual establishment loves to belittle my writing and speaking. But the most important thing about the PhD in history for me is that in the minds of many readers it will add just a little bit of authority and power to everything I write. It will open up new doors of thought for many people. Furthermore, it makes those attempts to stop me from speaking, writing or publishing seem more ludicrous than ever. Suddenly, policies to ban and burn my books, such as in Canada, become even more transparently repressive.

The idea that Sweden is threatening to prosecute and imprison a PhD for stating his opinion makes the repression seem all that more obvious to all but the most blind.

This is why the Jewish supremacists are screaming bloody murder at my new title. They know it cannot but help increase my credibility and thus the credibility of the message that I (we) carry to our people.

The University left no stone unturned in holding me to as high and perhaps even a higher standard than many of their other doctoral candidates because they knew that the Zionists and Neocons would excoriate them. They brought together some of the most respected Professors in Ukraine to examine my work and to challenge me during my doctoral defense. Twelve distinguished men and women professors, at the height of their Academic careers, decreed my work as of serious and significant scientific value.

They know all too well that they themselves will face the malevolent power of the Jewish extremists.

With MAYP University President

Robert Moore, Jerry Minichiello and James Kelso on the back of the White Pride Construction truck— David duke standing in front of Jerry's Patriot Painting truck

The courageous President of MAYP, Georgy Schokin, knows this better than anyone, but he stands as a rock of integrity and courage.

He has my undying gratitude for his academic integrity, excellence and courage.

Finally, I thank all of you, because only by your encouragement over the years in the face of most extraordinary hardships and difficulties, could I have been successful in this endeavor.

I try to earn your trust and support every day, and I am very anxious that all of you will continue to be pleased and inspired by my efforts both in my writing and speaking for our Cause.

I hope all members of EURO, readers of the *Duke Report* and all my friends and my fellow leaders in all of the Movements for our heritage and freedom around America and the world will share this accomplishment with me. All of you deserve my

heartfelt thanks. You have it now and forever!

The Real Hate Criminals *from page 1*

A middle-aged, handicapped White woman is purposefully doused with gasoline and set on fire by an African immigrant mob in a supreme act of race hate-driven brutality. There has not been even one French or international article charging and condemning these savages with "racial hatred" and "hate crimes." Not a single government official has spoken out against the race hate of this brutal, vicious act. Nor have they pointed out the race-driven violence raging on against White people all over France.

Consider, if the victim would have been a Black crippled woman set on fire at the hands of White racists. Can you imagine the outrage by the media and politicians?

You would have seen heart-rending pictures of the poor Black woman, and heard from her grieving and shocked family members.

A huge nationwide manhunt would have been launched for the suspects involved with their pictures plastered all over the print and TV news. They would have been labelled as hate criminals who must be brought to justice!

But you see no photos of this suffering White victim. You hear from not one of her relatives. You are not even allowed to know her name! Why? Because

if you see photos of her with her family and friends, or if you hear interviews of grief from her loved ones, she and her victimization become more real and more personal. You may well realize that she could just as easily have been your own mother, wife, or sister!

Can you not see how they are programming us? How they are leading us in Europe and America and all over the European world to utter disaster?

I am branded a terrible "hate criminal" for non-violently warning our people of exactly what was to soon transpire in France.

A Black, race-hate filled mob sets fire to a handicapped White woman and not a single person in the establishment press or government calls this heinous act exactly what it is — a racial hate crime.

What does it take to wake you up, my European and American brethren?

Does it take your own wife or mother to be burned alive for you to see what's happening?

I and growing numbers of European Americans have awakened. We are committed to our Heritage and our Freedom!

Won't you join us?

Bomb Squad

While a Swedish prosecutor seeks to charge Dr. David Duke with hate crimes, there is no outcry at the lack of prosecution of the terrorists who tried to bomb David Duke and supporters at the recent Nordic Festival in Sweden.

We Are the New Soviet!

Washington Post Reveals that America Now Runs Torture Prisons in Old Soviet Compounds!

By Dr. David Duke

Sometimes, a piece of news breaks that should shock every American down to the very depths of his heart. A recent article in the *Washington Post* shows that American intelligence operatives

(which are now under the direction of the Neocons), have taken over old Soviet-era compounds in Eastern Europe for use as secret detention-torture facilities.

Patriotic Americans used to look at the Soviets as the "Empire of Evil." A chief proof of this evil was the Soviet Gulag system and its systematic murder and torture of prisoners from the earliest days of the Bolshevik Revolution. "Only an evil state," our leaders would say, "would hold prisoners in secret, not even acknowledge their imprisonment, torture and abuse them at will, and forbid any international access or inspection."

The United States Government under Neocon direction now does exactly the same things for which the government and media used to condemn Communists and Nazis. Here is an excerpt from the *Washington Post* article titled "CIA Holds Terror Suspects in Secret Prisons" from November 2, 2005. All the subsequent quotes are from that article.

It is illegal for the government to hold prisoners in such isolation in secret prisons in the United States, which is why the CIA placed them overseas, according to several former and current intelligence officials and other U.S. government officials. Legal experts and intelligence officials said that the CIA's internment practices also would be considered illegal under the laws of several host countries, where detainees have rights to have a lawyer or to mount a defense against allegations of wrongdoing.

Host countries have signed the UN Convention

Against Torture and Other Cruel, Inhuman or Degrading Treatment or Punishment, as has the United States. Yet CIA interrogators in the overseas sites are permitted to use the CIA's approved "Enhanced Interrogation Techniques," some of which are prohibited by the UN convention and by U.S. military law. They include tactics such as "waterboarding," in which a prisoner is made to believe he or she is drowning.

These torture facilities are even kept from the knowledge of the U.S. Congressmen whose constitutional duty is to oversee such things!

The hidden global internment network is a central element in the

CIA's unconventional war on terrorism. It depends on the cooperation of foreign intelligence services, and on keeping even basic information about the system secret from the public, foreign officials and nearly all members of Congress charged with overseeing the CIA's covert actions.

There is no question as to the fact that widespread torture is now being conducted by U.S. operatives. The President himself and his Neocon bosses formally

asked congress to exempt CIA operatives from American law that would bar torture of suspects.

But the revelations of widespread prisoner abuse in Afghanistan and Iraq by the U.S. military — which operates under published rules and transparent oversight of Congress — have increased concern among lawmakers, foreign governments and human rights groups about the opaque CIA system. Those concerns escalated last month, when Vice President Cheney and CIA Director Porter J. Goss asked Congress to exempt CIA employees from legislation already endorsed by 90 senators that would bar cruel and degrading treatment of any prisoner in U.S. custody.

It should be pointed out that torture has never been publicly acceptable by any American administration in our long history, not even for those duly convicted

Although some American authorities used torture during the 20th Century, the most notable example being the Nuremberg Trials, never has torture become so routine as American policy as in the domination of the Trotskyite Neocons.

of heinous crimes. The men being held and tortured are merely said to be suspects. They have not been charged with any crimes, tried for any crimes, allowed to mount any defense, have any lawyer, and are held totally incommunicado from their wives, children, family, and in secret with no oversight whatsoever!

Many have been psychologically damaged and even murdered.

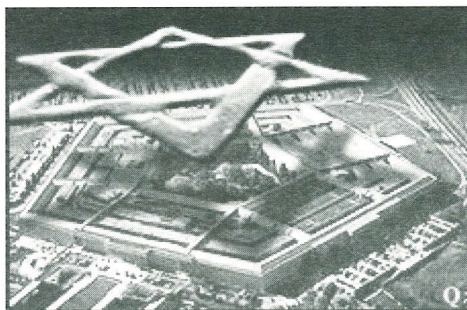

The largest CIA prison in Afghanistan was code-named the Salt Pit. It was also the CIA's substation and was first housed in an old brick factory outside Kabul. In November 2002, an inexperienced CIA case officer allegedly ordered guards to strip naked an uncooperative young detainee, chain him to the concrete floor and leave him there overnight without blankets. He froze to death, according to four U.S. government officials. The CIA officer has not been charged in the death.

Perhaps those of you my age or older can remember how we Americans once knew who the good guys

and bad guys were. Why, of course, the bad guys were the evil men who imprisoned and tortured their enemies in the blood-stained cellars of the KGB or the Gestapo. The good guys were those who would not resort to torture of suspects or of enemies. Folks, the bad guys are now us.

American principles are the principles of the American Bill of Rights, the rule of law and due process. Now America follows the horrific Bolshevik-style practices of Jewish Trotskyite Neocons!

Perhaps though, "us" is not the right term, for American foreign policy and intelligence are now under the control of Neocons or Neo-conservatives who are not actually conservatives at all. As strange as it might seem to the uninformed, The Neocon movement was founded and dominated by ideological Jewish followers of the early Bolshevik revolutionary, Leon Trotsky whose real name was Lev Bronstein! Trotsky was the Bolshevik who created the Bolshevik Gulag system, the most horrific system of human torture and murder

the world has ever known. And now under these "former" Trotskyites, Jewish Neocons have directed that former Soviet compounds are to be used as torture chambers.

The CIA has been hiding and interrogating some of its most important al Qaeda captives at a Soviet-era compound in Eastern Europe, according to U.S. and foreign officials familiar with the arrangement.

Here is an excerpt from my book *Jewish Supremacism* on the Soviet murder and torture system. Included here is photocopy directly from Solzhenitsyn's book *Gulag Archipelago II*, page 79, showing the six top administrators of the Gulags.

The Communist secret police, which underwent many name changes, including Cheka, OGPU, GPU, NKVD, NKGB, MGB, and KGB, was the most feared police agency in the history of the world. They imprisoned, tortured, or murdered more than 30 million Russians and Eastern Europeans. Even the more conservative Soviet historians of the 1960s were placing the number of murdered at about 20 to 40 million — figures that do not include the millions more who were dispossessed, imprisoned, exiled, tortured, and displaced.

Nobel Prize winner Aleksandr Solzhenitsyn in his opus, *The Gulag Archipelago*, using the research of a Soviet statistician who had access to secret government files, I. A. Kurganov, estimated that between 1918 and 1959, at least 66 million died at the hands of the Communist rulers of Russia. Although that number may be far too high, in *Gulag Archipelago II*, Solzhenitsyn affirms that Jews created and administered the organized Soviet concentration camp system in which tens of millions of Christians died. Pictured on page 79 of the *Gulag*

Archipelago II are the leading administrators of the greatest killing machine in the history of the world. They are Aron Solts, Yakov Rappoport, Lazar Kogan, Matvei Berman, Genrikh Yagoda, and Naftaly Frenkel. All six are Jews.

Ironically, Russia has courageously labored to free herself from these Jewish Bolsheviks while the United States has somewhat succumbed to them. The evil comes full circle now with America under Jewish Neocon direction running torture prisons in old Soviet compounds in Eastern Europe!

The entire system is a violation of the U.S. Constitution and every fundamental principle of human rights, but remember the Neocons running this system were devotees of Trotskyite Bolshevism! So-called Neo-Conservatism is in origin a Jewish, Trotskyite movement led by Jewish Zionists who realized that they could not gain power by being open Trotskyites. So, they developed a strategy to infiltrate the Conservative movement in the United States.

They have been utterly successful in changing Conservatism from its once staunch defense of the European American people to supporting open borders, one-worldism, foreign adventurism, insourcing and outsourcing of American jobs and industry, and a destruction of fundamental American Constitutional rights, all under the label of Conservatism!

Be sure to read the article linked on davidduke.com by Dr. Kevin MacDonald titled *Neo-conservatism as a Jewish Movement*. When it is shown that American government now runs torture chambers in the old compounds of Soviet Communism, how much more does it take to show you

that America has become perverted from our must fundamental values.

We are the *New Soviet*. But, our new masters have the same lineage as the *Old Soviet*.

Aleksandr Solzhenitsyn's classic *Gulag Archipelago* on page 79 of volume II shows the leaders of the Soviet Gulags. His new book called *Two Hundred Years Together* is not available because he dares to confirm the fact that Jews were the executioners of the Great Terror.

The Dark Side of Diversity

This photo was sent by friends in Sweden. It shows a picture of a rape victim named Linda. She became one of the many Swedish recipients of multi-cultural enrichment at the hands of immigrants.

In Sweden, a nation with a 10 percent non-European population, most non-familial rapes and practically all gang rapes are committed by non-Europeans. Sweden has undergone a radical increase in non-Whites over just the last 20 years. With that demographic change, robbery, rape and murder have increased many fold. Gang rape, a crime unknown in Sweden 20 years ago, is now far too common.

This vicious attack took place against two girls by a group of African immigrants. It happened in Gothenburg where I spoke earlier in the year. The two girls were on their way to a party and needed some directions. Thoroughly indoctrinated by the media to have no "racist" fears of Blacks they agreed to accompany a group of Blacks when they told the girls they knew the way. Instead of leading them to the party, they kidnapped and separated them, and savagely beat them. One girl was raped while the other badly injured girl feigned death and avoided rape.

Prodded by politically correct interviewers on TV, shortly after the attacks the girls agreed that the fact the attackers "happened to be black" had "nothing to do with the incident." Fact is of course, this vicious attack and the plague of brutalities across the one-

time most crime free nation on earth, would not be taking place but for the insane immigration policies of the Swedish government and the media that pushes them.

Nine months after the attacks the police finally apprehended one of the perpetrators. The print media of Sweden had suppressed pictures of him and described him as "Finnish" because this African assailant had a Finnish passport.

In every country of the European-American world there is no disputing the fact that massive immigration has led to the victimization of great numbers of innocent people. Whether one talks about Sweden, France, Canada, Britain or the USA, no one can deny this fact of life. It is part of an unfolding, accelerating tragedy besetting our people. It is the dark side of diversity that the media hides from the people.

Strange, isn't it? We who don't want our people to be brutalized, raped and murdered, who don't want our nations transformed to Third World-like conditions, who don't want to lose our heritage and our culture as a result of immigration - we are called hateful and cruel. At the same time, those who bring about this brutality upon us, such as what happened to Linda, are called purveyors of human love and kindness.

In my mind, Sweden, and for that matter the rest of Europe, had a lot more love and kindness before the "blessings of diversity."

Linda-
enjoying the blessings of diversity
