

TVO revisionism?

Control of monetary policy was the impetus for American revolution

After watching six hours of TVO's recent airing of "Liberty" (an expensive American production purporting to explain the reasons and history of the American War of Independence), I am driven to ask if this TV fare was an indication of TVO's participation in the Revisionist Movement or simply a careless and uncritical acquisition?

Frankly, nobody gives a damn what nonsense the media promulgates in the US but for TVO (unwittingly or otherwise) to participate in this propaganda is, in the name of historical accuracy, shameful!

But, one might ask, what about all those History academics who lent their faces and names to the production? Courtesy demands that the obvious answer be set aside.

Canadian school children, or Canadians in general, were they to be asked to explain the origins of the War of Independence, (if they were listening to their teachers) would doubtlessly respond with, "It was a case of taxation without representation, brought to a head with the Boston Tea Party." Charming, of course, but essentially false, and should be filed along with that silly Cherry Tree incident.

To get to the nub of this historic event we must cite the first clue which can be found in the words of one Benjamin Franklin (1706-1790). Right, he was the guy

with the kite and the bolt of lightning; but he was also an American statesman, diplomat, author and inventor who helped draft the Declaration of Independence.

Around the time of the Treaty of Paris, 1763, Franklin, who was visiting England, was asked to explain why the colonies were so prosperous, to which he replied:

"That is simple. It is only because in the colonies we issue our own money. It is called "Colonial Scrip" and we issue it in the proper proportion to the demands of trade and industry." (See Senate Document #23, Page 98, by Robert L. Owen, former Chairman, Committee on Banking and Currency, United States Senate.)

Owen writes: "It was not very long until this information was brought to the attention of the Rothchild's Bank, and they saw that here was a nation ready to be exploited; here was a nation setting up an example that they could issue their own money instead of the money coming through the Banks.

"The Rothchild's Bank caused a bill to be introduced in the English Parliament, therefore, which provided that no colony of England could issue its own money. They had to use English money. Consequently the colonies were compelled to discard their "Scrip" and mortgage

themselves to the Bank of England (i.e., the Amsterdam Bullion Brokers!) to get money. For the first time in the history of the United States our money began to be based on debt.

"Benjamin Franklin stated in one year from that date the streets of the colonies were filled with the unemployed because when England exchanged with them, she gave them only half as many units in payment in borrowed money from the Rothchilds as they had in 'Scrip'. In other words, their circulating medium was reduced 50% and everyone became unemployed according to Benjamin Franklin's own statement."

Continuing the quote from Senate Document #23: "Mr. Franklin went further than that. He said that this was the original cause of the Revolutionary War. In his own language: The other matters had it not been that England took away from the colonies their money which created unemployment and dissatisfaction."

Finally, the six-episode document, along with a few intonations by the voice of American conservatism, George Will, ended with that seemingly irrepressible falsehood: "The Revolution (the creation of the U.S.A.) was caused by a tax dispute with the British."

The U.S. CONstitution is no less an instrument of the jew banksters/Illuminati/Satanist/CFR than are WE, its dupes & slaves. Without dupes & slaves, the Satanic masters of humanity are necessarily powerless, for, as Benjamin Franklin declared: "Vampires do not live off vampires," in his reference to jews. In the author's critique of U.N. Soviet style declaration of 'rights', one is reminded of Hitler, who said: "The more we hear of rights, the fewer rights there will be." Hitler was, of course, an Illuminist whom the Illuminists don't like, just as Benjamin Freedman was a jew whom other jews hated, because he revealed their activities. Another anti-Zionist jew, Josef Ginsburg, said: "God is Truth." This means that truth is anti-jewish. Hence, the Zionist Occupation Government of Canada declares that "Truth is no defense."

As with the CONstitution, the author makes much of Christinsanity, another jew-scam foisted on the Goyim, in which jews are "God's Chosen People," & Christians are God's chosen 'sheeple.' The deceptive practices of the jews ("By way of deception thou shalt do war.") invite Goyim to see "opposites" & "opponents" instead of collusion. Is jew Communism the antidote to jew Capitalism? Goyim think so. Is Christinsanity the 'fulfillment' of Judaism? If so, slavery is the fulfillment of tyranny. Such a deal!

The author proposes the formation of an "Anti-Illuminati Militia," incorporating "good" Ashkenazim, i.e. "good fake jews." J.B. Campbell who founded a militia group, wrote that he discovered at least 1/2 his membership to be ZOG informers. How would the author propose to screen the loyalty of his militia, which could easily become another front or jew bankster Zionism?

Basically, "World War III" by Jack B. Otto is a very good compendium of information, which every Goy should know, but he tends to reduce its value by his opinions, which serve to mislead the reader in Illuminati fashion. He hints at the "real jews" as being "Caucasians," as distinct from the Mongolized Khazars. Perhaps the author believes that Whites are the "true jews." This lie was concocted by the Rothschild rulers of England, prior to World War I. It therefore appears that Mr. Otto, who identifies the enemy of all mankind is himself duped by that enemy. That in itself is revealing to readers with their critical faculties intact. Nice try, but no cigar.

The John Birch Society whose publication the author recommends, was itself established by the "Illuminati" to falsely distinguish Communism from Judaism. However, those who remember Rabbi Stephen S. Wise's declaration: "I don't call it Communism, I call it Judaism!" would understand the lie behind the Birch Society, as did my friend, Dr. Oliver, who left the Society, of which he was one of the 5 founder-members. Dr. Oliver was a very good & devout atheist, so there are 'good' atheists, as there are 'good' Khazars, Mr. Otto to the contrary. The dupes of The John Birch Society have 'fought' Communism on behalf of Communism, since they are also tools of the jew-banksters. They remind me of the 'patriotic' American farmer, with an American flag on his shirtsleeve, who worked in his fields to grow bumper crops of grain for the Soviet Jewnion, thereby freeing the jew commissars to concentrate on manufacturing weapons. If that is patriotism, then it is no different from treason.

If suicide is given another name, the Goyim can be expected to jump for joy, off the nearest cliff, much as they do by serving their jew-bankster masters, for their own 'good,' as they are indoctrinated to think. Orwell correctly observed that "He who defines controls!"

Minds are weakened by "cognitive dissonance," as in Orwell's slogans of "1984:" "War is Peace," "Freedom is Slavery," &c. The inclusion of Old & New Testaments is such dissonance, as was the creation of "Marxism-Leninism." When the mind can absorb absurdities, it is sufficiently deranged to absorb more. Mr. Otto has performed his own service in respect to cognitive dissonance. The jew, Herbert Marcuse, was notorious for his use of terms like "repressive tolerance," which I've heard him use in his lectures. I could see the trance-like expressions his words engendered on the bemused faces of the young Goyim present, but I could only stand so much nonsense posing as knowledge, so I left early, with an empty notebook. Dr. Oliver, who helped crack the Jap codes before Pearl Harbor, said that propaganda often wraps a kernel of poison with many layers of truth. Mr. Otto seems to have done that job successfully. So, now we await our rescue from Yahweh & his minions, by Yahweh & his minions. No wonder P.T. Barnum could say, "There's a sucker born every minute." Such a deal!
