IN DEUTSCHER SPRACHE

Herringen/Werra, Jan. 28, 1948

Dear Mr. [REDACTED]

You will be certainly surprised to receive mail from me. I have been only recently released from the P. O. W. camp in England and finally came home. In 1946, when we left the United States we thought we would be going home, but instead we spent another 21 months in England.

My homecoming was not as joyous as I had been hoping all these years. My dear wife had been buried after a long illness in 1946. I only found out about after my return from the prison camps. I am now all alone with my 5 year old son. I feel with him the loss.

Now, since I am home and personally experience the hardships of our homeland, I often think about the times in the United States. The work at your place I have always carried out with great pleasure, you certainly will be able to attest to this. I always remember the great "bachelor breakfast" we indulged in daily. It was a lot of fun.

Now, I do have a great favor to ask of you. Our needs here are limitless, there is absolutely no improvement in our food situation. In fact, it seems it becomes worse as time goes on. Even an extra piece of bread would be greatly appreciated. Therefore, I beg you that if it would be at all possible, to render me some form of assistance. I am afraid, I do not know how I could ever make it up to you.

I will now come to the end of this letter and only hope that I will hear from you sometime in the future.

I wish you the very best and remain always

Yours truly,

Ex-Prisoner

P. S. Note the back of the envelope, it has printed on it "written in German". Used during the occupation period, all letters were screened.

End the Persecution

Should men be imprisoned for daring to question history?

Deny The Holocaust

Worldwide Demonstrations

On November 5th, the RNPA is calling for worldwide demonstrations to challenge the Holocaust lies and to denounce the persecution of those who deny it as a historical fact.

Let us fill the streets of the oppressors, and if necessary, let us fill their dungeons, as truth and freedom really are worth fighting for.

Remember, Remember, the 5th of November

German Patriots Turn Selves In For 'Holocaust Doubting'

Translated from the German by J M Damon.
5-25-9

Kevin is one of several young German patriots who recently filed criminal complaints against themselves for "Holocaust Doubting,".

As the struggle for human rights passes to a younger generation, the Federal Republic or "OMF" ("Organizational Form of a Modality of Foreign Domination" as its founders called it in 1948 so as to avoid the term "puppet government") is becoming increasingly desperate in its repressive measures.

Nationalist sentiment is increasing not just in Germany but throughout Europe.

From Kevin Käther
5-25-9

To my dear comrades in the struggle for a free Germany in a free Europe.

The appeal of my self-accusation trial begins on 26 May.

The corpus delicti of my original show trial was my sending copies of Germar Rudolf's Lectures on the Holocaust through the mail.

At the end of that trial I was sentenced to eight months in prison, even though I provided proof that the contents of Rudolf's book are factual.

All my evidentiary motions were summarily rejected, as is inevitably the case in inquisitorial trials.

In Germany, we no longer have court trials conducted according to the established rules of a nation of laws.
