## The Lessons of Vercingetorix

Vercingetorix was one of the great warrior/generals of our race, who clashed with another great White general, Julius Caesar.

Although eventually defeated by Caesar at Alesia, Vercingetorix offers us some valuable lessons today, as he was a resistor, one who fought against the tyranny of his day: Rome. Caesar was in the employ of the Roman Empire. Vercingetorix fought against that empire, and so thus it was fate, that brought these two great men together, to face each other, on the battlefield.

According to Wikipedia, *"Having been appointed governor of the Roman province of Gallia Narbonensis (modern Provence) in 58 B.C., Julius Caesar proceeded to conquer the Gallic tribes beyond over the next few years, maintaining control through a careful divide and rule strategy. He made use of factionalism among the Gallic elites, favoring certain noblemen over others with political support and Roman luxuries such as wine."*

The revolt against Rome by the Celts actually started in 52 B.C. by the Carnutes, under Cotuatius and Conetodunus. Vercingetorix, a young nobleman of the Arverni tribe, roused his dependents in Gergovia to join the revolt, but, he and his followers were ex-

pelled by the nobles of the city. So, instead, he (quoting Wikipedia) *"raised an army of the poor, took Gergovia and was hailed as king. He made alliances with other tribes, and having been unanimously given supreme command of their armies, imposed his authority through harsh discipline and the taking of hostages. He adopted the policy of retreating to natural fortifications, and undertook an early example of a scorched earth strategy by burning towns to prevent Roman legions from living off the land."*

Although he won numerous skirmishes against Caesar,

his greatest victory came at Gergovia. This followed the wholesale slaughter of Celts by the Romans at Bituriges Avernicum (Bourges) who killed the entire population of 120,000.

At Gergovia, Vercingetorix inflicted heavy losses, but he also sustained his own substantial losses including many noblemen. Because of these losses, he retreated to Alesia, another Celtic stronghold.

Caesar did not let his defeat at Gergovia to dissuade him and he laid siege to Alesia by building fortifications around the city. For two months, Vercingetorix held out, but provisions ran short. The Celts found a weak point in the fortifications and nearly broke through, but Caesar personally led the last reserves to defend his fortifications.

To save Alesia from further suffering, Vercingetorix surrendered to Caesar. Plutarch wrote that he put on his best armor, rode out on his beautifully adorned horse, circled Caesar, stripped off his armor, and sat down at Caesar's feet. Five years later he was paraded in Rome and then killed.

And what did it profit Caesar for defeating this proud people and their leader? In the end, it all came down to three words: *"Et tu, Brute?"*

## RNPA Launches 3 Year Program

The RNPA is launching a three year program designed to build this organization into a force to be reckoned with. Here are three things that we intend to accomplish during that three year period:

1). Triple the amount of paid subscribers to White Voice, thus giving us greater impact. To facilitate this, we are offering a three year subscription for just \$30. If you have a subscription and want to add to it, then this is a cost effective way to do it. If

you know some friends, relatives, local politicians, colleges or media personalities that are deserving of a subscription, then a gift subscription is one way to give the RNPA even greater impact.

2). Triple our membership. This is the tough part. We don't want to attract the wrong kind of people, but at the same time we need to increase our active support base. By the wrong kind of people we mean those that are undisciplined and basically unruly. If we do this,

not only will we be able to boast that we are the largest pro-White group in America, but we will be able to fund so many more projects to secure ZOG's defeat.

3). Get our headquarters building. We currently have around \$2,500 towards our goal of \$30,000. At this rate we should meet our goal, but we have to keep generating donations if we are to do that. This building will serve as a beacon to the beleaguered White community, and act as a beachhead in this war.

*"The strongest reason for the people to retain the right to keep and bear arms is, as a last resort, to protect themselves from tyranny in government."*  
....Thomas Jefferson

## The Price of Liberty

Sometimes our loved ones have to pay the price for our decisions in defense of liberty. This may seem harsh to some, but it is a reality of life. Unlike the left, we deal in realities, not delusions. Like it or not, liberty is a hard won right, not a luxury to be squandered away. So, when required to make painful sacrifices for the common good, we

must look to history to find solace, and to that end we recall the Betrayal of Segestes.

The Roman empire under Augustus attempted the conquest of the German forests. The legions under the Roman General Varus were annihilated by the combined German forces under Herman. The Romans tried invading northern Europe again

this time under Germanicus. Herman's own father-in-law, Segestes, joined with the Romans and betrayed Herman and his wife Thusnelda. Herman escaped and defeated Germanicus, but the Romans returned to Rome with his family captive. Herman never saw them again, but he had won freedom for his folk, as he had vowed to do.

## RNPA Business Cards

There are a number of ways that you can help spread the word of white resistance. Leaflets are a good choice, but if discretion is preferred than the shadow warrior might find our business cards to be more convenient. Like leaflets, you can leave these on car windshields,

or at the library, but you can also disseminate them more discreetly in clothing you try on, or at a restaurant with a generous tip. They also make great envelope stuffers.

These cards are available from RNPA Headquarters for **\$3.00 for 50** or **\$4.00 for 100**.

Send postal money orders to:  
**RNPA Headquarters, P.O. Box 1281, Lockport, NY 14095.** *Send cash at your own risk!*

# Why Are We Losing??

The sad truth is that we are losing this fight and it is for a variety of reasons. Let us briefly examine these:

## 1) Lack of commitment.

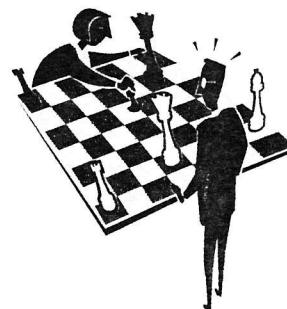

Really now, ask yourself what have you done recently to ensure the survival of our race?? Some, will be able to say, that they did everything they could, but most fall far short of doing even the minimum. The ones who do the least too often are the ones who complain the most.

## 2) Lack of discipline.

This is a volunteer movement but that does not mean we should accept any kind of behavior, including behavior that puts this movement at risk. Doing illegal acts, and talking of doing illegal acts, is stupid and immature and results in costing us more pain than they ever could cause the enemy. And often, this is a trap laid by the enemy.

3) **Lack of faith:** Many in this movement don't really believe that we can win this fight, and so this is but a hobby to

them. They cite the strength of the government, the growing numerical strength of the enemy, but they ignore the power of the Will. Of course there is no guarantee of victory, but there are enough historical examples, including right here in the Americas, to argue that we can in fact win, win just like the poor colonists did against England, the greatest power on earth at the time. It will take dedication and problem solving skills that we need to hone, but it can be done.

# How White Unity Saved Europe

The whirlwind of the Huns of Attila, the "Scourge of Europe", burst upon the scene from Asia and descended upon an unsuspecting Europe.

On the banks of the Rhine, Attila's minions met a Germanic tribe, the Burgundians, some ten thousand strong. These ten thousand were al-

most exterminated—though we shall hear of them again in legend—and the Huns swept into France. They were met in a great battle at Chalons by a combined army of

Franks, Gauls and Italians under the Roman general Aetius, and were utterly defeated. This was one of our race's proudest moments and a pivotal point in European history. Now we are called upon to meet the challenges at hand: to defeat the Jew, his colored minions, and the traitors that serve them.

*"But the bravest are surely those who have the clearest vision of what is before them, glory and danger alike, and yet notwithstanding, go out and meet it."*  
....Thucydides

# White Christmas Drive 2009

The tenth annual White Christmas Drive is now off and running.

Like last year our drive is co-sponsored by **Aryan Syndicate** and **Blood and Iron**.

Last year, we tripled the number of requests for assis-

tance. That was quite a jump, and with the recession and unemployment levels nearing 10%, we expect to see an increase again. That means we are going to have to make an even stronger appeal to our members and supporters for donations. We need new, un-

wrapped toys for younger kids, blankets and canned food stuffs. Cash donations for postage are also needed.

***For Race and Nation!***

*Throughout the course of our race's history, men and women rose up and stood above the rest to take their place in the annals of history, forever to be remembered and loved for what they stood for. The more they were loved by us, the more they were hated by our foes. Such is the way of the world. And yet, despite the hatred and loathing of the enemy, they fought, sometimes they were victorious, and sometimes they fell short of their goals. Still, the world will never forget them, and so too shall we become: loved by our friends and hated by our foes. It is not an easy road, or a profitable one, but it is the only road left to us, and we shall take it, not in a walk, not in a trot, but in a full gallop, for destiny waits for no one!*

## **RNPA Propaganda Center**

Become an RNPA *Shadow Warrior* by distributing RNPA propaganda like these leaflets.

Some of these leaflets are intended to convince and educate, some are intended to reach out to people who have good racial instincts but little direction, and then some are strictly intended for our enemies, to attack their psyche and to convince them that that this battle is never-ending, and our hatred is so deep that they will never win, can never win.

When ordering, please specify what leaflets you want. Also, the RNPA has taken itself out of the Jew banking system so don't send checks or bank originated money orders. Send only postal money orders made payable to: **Karl Hand, P.O. Box 1281, Lockport, NY 14095.**

*Send cash only at your own risk.*
