

# Vote for **GLENN MILLER** for U.S. Congress

(Write-In  
Candidate)

Why? Because I'm the only real White man running. All other politicians have turned their backs on White people and lack the guts to even say the words "White Rights", much less work for it. They've proven they are traitors by refusing to protect our country from invasion by tens-of-millions of dark aliens, while they shipped millions of our jobs to foreign 3rd world countries. And the only reason they even run for office is to steal and accept bribes. They all ought to be tried for treason against America.

Send them a message on November 7th that you're fed up. Write my name in on your ballot. I'm a retired US Army Master Sergeant, former green Beret, and 2-time Vietnam veteran.
